I. CALL TO ORDER & ROLL CALL
Mr. Burton called the meeting to order at 10:02 a.m. The meeting was held virtually via Microsoft Teams due to the COVID-19 pandemic. He advised Board members that the Talent Expansion Signature Initiative under Business Investment has been removed from the agenda and will be considered in March.

Mr. Burton introduced Katelyn Wilcox Surmann, MSF Board Liaison, who reminded members to identify their physical location by stating the county, city, township, or village and state from which he or she is attending the meeting remotely, as required under the Open Meetings Act. Ms. Wilcox Surmann then conducted the attendance roll call.

II. PUBLIC COMMENTS
Katelyn Wilcox Surmann explained the process for members of the public to participate. Angela Johnson of Washtenaw County, MI, shared her personal history and professional experience. She is founder of Invest in Access, a non-profit organization dedicated to furthering social equity for individuals living with physical and psychological differences. She said that during this pandemic, meetings are being held virtually which limits accessibility for the deaf and hard of hearing. There is an urgent need for services accommodations for those individuals, including sign language interpreters and other accessibility programs. She asked Board members to consider investing in programs that would fund the hiring of employees to serve as sign language interpreters as well as promote jobs and scalable training in this area.

III. COMMUNICATIONS
Katelyn Wilcox Surmann advised Board members that letters were received from Senator Dan Lauwers in support of the Magna Electric Vehicle Structures-Michigan, Inc. project in St. Clair and Representative Tyrone Carter in support of the Godfrey Hotel Redevelopment project in Detroit; the letters are attached to the minutes.

Dear Chairperson Burton:

I am writing to offer my full support for the grant application being submitted by Magna Electric Vehicle Structures-Michigan, Inc.

This important project, with a planned location in the City of St. Clair, will provide an exciting growth opportunity for the region, joining the country’s race towards electric vehicles through the manufacturing of complex battery enclosures for EVs produced in Michigan and Ohio. This grant would support the booming electric vehicle industry, while providing more than $70 million in regional investment and over 300 well-paying jobs in various roles.

The City of St. Clair and the surrounding communities are eagerly anticipating this project and its expected impact on the local economy. Knowing the benefits this project would provide for the people of the 25th District, I enthusiastically support the Magna Electric Vehicle Structures-Michigan, Inc. development project.

Thank you for your time and consideration of my support.

Sincerely,

Dan Lauwers  
State Senator, 25th District

Mr. Burton,

I am pleased to offer my support for the Godfrey Hotel Redevelopment project.

The Godfrey Hotel Redevelopment project will be a remarkable addition to the City of Detroit’s Corktown neighborhood. The welcomed project will demolish a vacant structure and replace it with the construction of a seven-story mixed-use hotel. This hotel will contain 227 rooms, ground-level lobby, bar and restaurant, ballroom with pre-function space, a rooftop café and amenity space. Additionally, this developmental project will come with numerous public improvements such as sidewalks, brick paver walks, curbs, asphalt paving, and landscaping in the public right-of-way. Further, this project will bring 160 new jobs to Detroit through its retail and facility operations.

As a member of the State House of Representatives, I strongly recommend the Michigan Strategic Fund Board grant Godfrey Detroit PropCo LLC, the request to transform this vacant structure. The transformation of this property will help stimulate the local economic activity through its retail space and many employment opportunities. The additional public improvements will also continue to enhance the Corktown area and encourage further developmental projects in the area. If you have further questions, feel free to contact my office at 517-373-0823.

Sincerely,
Representative Tyrone Carter, 6th District
