MEMORANDUM

Date: May 27, 2014

To: Michigan Strategic Fund (“MSF”) Board Members

From: Trevor Friedeberg, Development Finance Manager

Subject: Systems In Motion, LLC (“Company” or “Applicant”)  
Standard MEGA Tax Credit Amendment

Request
This is a request from the Applicant for an amendment to its existing Standard MEGA Tax Credit. The amendment is required to accurately reflect how the Company hired its Qualified New Jobs related to the original Job Creation MBT Credit.

Background
The Company is an Informational Technology (“IT”) services company that has pioneered a pure ‘Onshore’ service model. The Company has taken some of the best practices of the global IT industry and created an alternate domestic model to deliver more innovative, flexible, and effective solutions. Its Michigan-based delivery center serves the needs of its customers nationally and compete with the best IT services companies in the world.

Following a nationwide site selection process in 2009, Systems In Motion selected Pittsfield Township, Michigan for the location of its delivery center. On September 22, 2009, the MEGA Board approved a 7 year 100 percent Standard MEGA Tax Credit (Resolution 2009-150) for the Company to locate in Pittsfield Charter Township, Washtenaw County. The MEGA Tax Credit is for a maximum of 1,085 Qualified New Jobs with an Average Weekly Wage of $557, with a Base Employment Level of 0. The credit was contingent on the Company creating 400 jobs by the end of the fifth year of operations. Failure to do so would result in forfeiture of the remaining years of the credit.

Due to extenuating economic circumstances, the Company is below their hiring projections and will not meet their minimum of 400 Qualified New Jobs to satisfy their credit requirement for years 2014 through 2016. The Company has created approximately 150 new jobs to date and anticipates creating 981 in Michigan by 2017.

The Company is requesting the 400 job minimum requirement be changed to a minimum of 50 qualified new jobs, which is consistent with the requirement for the first 4 years of credit. A 50 job minimum is also consistent with the requirement for all Standard MEGA Credits under statute. The Company has also requested the project site be expanded to include Meridian Township, Ingham County, Michigan to support and encourage the growth of their Michigan footprint.

Business Case
The Company’s Ann Arbor facility is currently their largest location. The Company also has two locations in Indianapolis, Indiana (approximately 50 employees) and Newark, California (approximately 25 employees). The Company can add the jobs to support its growth at any of its current locations easily as
they are remote IT workers and the customer base will not be affected in any way relating to where the Company choses to expand operations. Jobs can and will be added where it is most cost effective for the skill sets required. The Company is evaluating alternative sites for company growth, namely in Louisiana and Indiana. The Company’s Chief Delivery Officer is currently visiting Louisiana to further explore what incentives the state has to offer. If the Company is able to maintain their MEGA incentive, Michigan will be the primary location for growth.

The company has far exceeding their original wage projections and is creating jobs with average annual wages in excess of $65,000. This is nearly double what they had anticipated therefore the overall economic impact per job is much greater.

Recommendation
MEDC Staff recommends the following amendments to the Standard MEGA Tax Credit (Resolution 2009-150):

a) Amend the minimum requirement for Qualified New Job creation of 400 to 50 in years five through seven.

b) Reduce the maximum number of Qualified New Jobs for which the Company can claim credit in any year to 600.

c) Amend the Project Description to include the following: The Company will build an IT service center in the City of Ann Arbor, Washtenaw County, and Meridian Township, Ingham County, and create jobs in Michigan.

d) All other terms and conditions will remain the same.
A – 1136 Oak Valley Drive, Ann Arbor, Michigan, 48108
WHEREAS, the Michigan Legislature created the Michigan Economic Growth Authority ("MEGA") under the Michigan Economic Growth Authority Act, 1995 PA 24, as amended, with the authority to authorize tax credits under the Michigan Business Tax Act, 2007 PA 36, as amended;

WHEREAS, Executive Order 2012-9 transferred all the authority, powers, duties, functions, responsibilities, records, personnel, property, unexpended balances of appropriations, allocations, or other funds of the MEGA to the Michigan Strategic Fund ("MSF");

WHEREAS, in Resolution 2009-150, the MEGA Board authorized a Tax Credit for Systems In Motion, LLC (the “Company”) of 100 percent for a period of seven consecutive years, beginning no later than the Company’s tax year ending December 31, 2010 to build an IT service center and create jobs in the Pittsfield Charter Township, Washtenaw County (the “Project”);

WHEREAS, the Company will not be able to meet minimum job thresholds for years five through seven of the credit;

WHEREAS, the Company requests that the Tax Credit and Agreement be amended to (the following, collectively, “Amendment”):

(i) Amend the minimum requirement for Qualified New Job creation of 400 to 50 in credit years five through seven;
(ii) Amend the maximum number of Qualified New Jobs for which the Company can claim credit in any year to 600;
(iii) Amend the Project Description to include the following: The Company will build an IT service center and create jobs in the City of Ann Arbor, Washtenaw County and Meridian Township, Ingham County.

WHEREAS, the Michigan Economic Development Corporation provides administrative services to the MSF, and recommends approval of the Amendment to the Standard Tax Credit by the MSF Board.

NOW, THEREFORE, BE IT RESOLVED, that the Amendment is approved; and

BE IT FURTHER RESOLVED, that all other provisions of Resolution 2009-150, are reaffirmed and the MSF authorizes the MSF Fund Manager to implement the terms of this resolution.

**Staff Recommendation:**
Based upon a determination by Dickinson Wright PLLC, and the State of Michigan Attorney General’s office that the project complies with state and federal law requirements for tax exempt financing, the staff recommends the adoption of a Bond Authorizing Resolution in the amount of not to exceed $20,000,000.

On February 25th, 2014 the MSF Board approved:

capital investment of up to $20,323,311 in the City of Troy, Oakland County and City of Detroit, Wayne County. The Applicant and their parent company plan to increase employment throughout Michigan as a result of Molina Healthcare’s decision to consolidate Midwest operations and add new company growth into Michigan. Current employees will re-locate to a larger building in Troy which will have the required space to accommodate this new growth. The Applicant will also lease approximately 20,000 s/f of office space in downtown Detroit to house new employees for a newly created Detroit office.

Staff Recommendation:
MEDC Staff recommends approval of the MBDP Proposal as outlined in the resolution term sheet.

Board Discussion:
Mr. Finney asked if there were any questions from the Board. Discussion ensued pertaining to the breakdown of total anticipated jobs, the potential site locations. Mr. Finney helped to explain the intention of the MEDC is not to create competitive advantages, but to solve disadvantages. He also noted the tools we have available for existing businesses, such as Pure Michigan Business Connect. There being no further questions, Andrew Lockwood motioned for the approval of Resolution 2014-061. Mike Jackson seconded the motion. The motion carried: 9 ayes; 0 nays; 0 recused.

Resolution 2014-062 BASF – Michigan Jobs Incentive Credit (MEGA) Amendment
Marcia Gebarowski, Business Development, provided the Board with information regarding this action item. The Company is requesting an amendment to their Standard MEGA job creation credit to add an additional project location as well as increase the maximum eligible qualified new job total beginning September 1, 2013. The Company has seen growth in the area of structural and functional polymers in North America. This industry growth will support growth in several of the Company’s business units. To support this growth, the Company is proposing to invest $3.5 million in upgrades and new equipment as well as add up to 156 additional high paying jobs at their campus in the City of Wyandotte, Wayne County as well as their R&D facility in the City of Southfield, Oakland County.

Staff Recommendation:
MEDC Staff recommends the following amendments to the Job Creation MBT Credit Tax Credit (Resolution 2006-79):

a) Increase the number of Qualified New Jobs from 175 to 331 over the Company’s Base Employment Level of 1213 beginning September 1, 2013.

b) Amend the Project Description to include City of Southfield as a location eligible for the Company to create Qualified New Jobs.

Board Discussion:
Mr. Finney asked if there were any questions from the Board. Discussion ensued pertaining to the details of the original MEGA credit, and the reasoning behind amending the existing versus issuing a new incentive. Karla Campbell, Fund Manager, helped to explain the details of the amendment of the Board, specifically pointing out that the original time period would still be in effect; the company has achieved their original goal with three years remaining on a ten year credit. As follow up to this discussion, Mr. Finney asked that future MEGA amendments (should there be any), spell out clearly the “but for” aspect. There being no further questions, Mike Jackson motioned for the approval of Resolution 2014-062. Bill Martin seconded the motion. The motion carried: 9 ayes; 0 nays; 0 recused.

Resolution 2014- Systems in Motion – Michigan Jobs Incentive Credit (MEGA) Amendment
Trevor Friedeberg, Business Development, provided the Board with information regarding this action item. This is a request from the Applicant for an amendment to its existing Job Creation MBT Credit. The amendment is required to accurately reflect how the Company hired its Qualified New Jobs related to
the original Job Creation MBT Credit. At the time of application, the Company projected hiring 804 employees by 2014. However, due to extenuating economic circumstances, the Company is below their hiring projections and will not meet their minimum threshold of 400 Qualified New Jobs to satisfy their credit requirements for years 2014 through 2016. The Company has created 123 to date and anticipates creating 981 by 2017. The Company is requesting this threshold be removed and the project site be expanded to include Meridian Township, Ingham County, Michigan to allow them to continue to claim credit for jobs they have created and will continue to create in Michigan.

Staff Recommendation:
MEDC Staff recommends the following amendments to the Standard MEGA Tax Credit (Resolution 2009-150):

a) Reduce the minimum threshold for Qualified New Job creation of 400 to 50 in years five through seven.
b) Reduce the maximum number of Qualified New Jobs for which the Company can claim credit in any year to 600.
c) Amend the Project Description to include the following: The Company will build an IT service center in the City of Ann Arbor, Washtenaw County, and Meridian Township, Ingham County, and create jobs in Michigan.
d) All other terms and conditions will remain the same.

Board Discussion:
Mr. Finney asked if there were any questions from the Board. Discussion ensued pertaining largely to the performance of the out of state satellite offices, and the plans for the anticipated Meridian Township facility. Due to many questions the members of the Board would like answered before proceeding with the project, Steve Arwood withdrew his original motion for approval, and instead motioned for tabling the discussion, so that staff has the opportunity to gather the requested information. Jody DePree Vanderwel seconded the motion. The motion to table the request by Systems in Motion carried: 9 ayes; 0 nays; 0 recused.

ADMINISTRATIVE

Resolution 2014-063 Meditrina Pharmaceuticals, Inc. – Forbearance Request
Gabe Yancho and Christin Armstrong, Compliance, provided the Board with information regarding this action item. Meditrina Pharmaceuticals, Inc. (“Meditrina” or the “Company”) and MEDC staff have negotiated the following Forbearance Agreement to modify both the 2006 and 2007 loan awards to the Company. Forbearance Agreements will be executed between Meditrina and the MSF, granting the Company a Forbearance Period from May 1, 2014 until January 31, 2015, during which time, interest shall accrue at the established interest rates, 8.25% on the 2006 CBPC Loan and 1% on the 2007 CFGF Loan, but no interest or principal payments shall be due to the MSF during the forbearance period (the “Forbearance Request”).

Staff Recommendation:
MEDC staff recommends that the MSF Board support the Forbearance Request as detailed above and authorize the MSF Fund Manager to execute all documents necessary to effectuate the Forbearance Request. Additionally, MEDC staff recommends that the MSF Board authorize the MSF Fund Manager to execute a write-off of the loan, for accounting purposes only, if the Company cannot successfully execute, or accomplish substantial progress towards, a licensing agreement by the expiration of the Forbearance Period. The MSF Advisory Committee has indicated its support of this request.
Board Discussion:
Mr. Finney asked if there were any questions from the Board. Mr. Arwood noted that this request was originally taken to the MSF Board Advisory Committee for discussion, prior to the Board meeting. There being no further questions, Steve Arwood motioned for the approval of Resolution 2014-063. Jody DePree Vanderwel seconded the motion. The motion carried: 9 ayes; 0 nays; 0 recused.

Resolution 2014-064 Approval of Amended and Restated MSF Bylaws
Karla Campbell, Fund Manager, provided the Board with information regarding this action item. The MSF bylaws have not been updated since February 2007, and the principle reasons for amending the Bylaws includes the ability to utilize various telecommunication methods to meet quorum while keeping with the MSF Statute and the Open Meetings Act, add various changes that the MSF has recently approved such as the Consent Agenda, and to recommend an order of business occurring at a regular meeting.

Staff Recommendation:
MSF staff, in consultation with the Chief Compliance Officer and the Assistant Attorney General, recommends that the attached Amended and Restated MSF Bylaws be approved.

Board Discussion:
Mr. Finney asked if there were any questions for the Board. Discussion ensued pertaining to the details of the majority vote. Jarrod Smith, from the Office of the Attorney General was on site, and aided in this discussion. There being no further questions, Steve Arwood motioned for the approval of Resolution 2014-064. Mike Jackson seconded this motion. The motion carried: 9 ayes; 0 nays; 0 recused.

INFORMATIONAL

Mr. Finney mentioned that required quarterly reports were included in the Board packet for informational purposes only, requiring no action.

The meeting was adjourned at 11:15 am.
MEMORANDUM

Date: May 27, 2014
To: Michigan Strategic Fund Board
From: Deanna Richeson, Director, Export
Subject: FY2015 Pure Michigan Export Program Request for Proposals

Action
The MEDC requests that the MSF Board approve and issue FY2015 Pure Michigan Export Program Request for Proposals (“RFP”).

Background
The Pure Michigan Export program assists Michigan based companies to expand their customer base through a variety of international trade services that lead to international market expansion. The program focus is on small and medium-sized enterprises, which by the United States Small Business Association’s definition is less than 500 employees, but will also assist larger companies if the assistance will have a clear and identifiable economic impact. Through its strategic statewide network of export partners, the Pure Michigan Export program is able to assist companies located anywhere in Michigan and ensure they are connected with the resources to evaluate export opportunities, access existing export resources, and increase global competitiveness.

The Pure Michigan Export program supports the MEDC’s strategic goals to increase jobs and wages by increasing export sales. In FY2013, the Pure Michigan Export Program assisted 466 Michigan companies who participated in 519 export related activities, resulting in 273 companies entering 61 foreign markets. Exports which came as a direct result of Pure Michigan Export Program assistance (facilitated exports) totaled $132.3 million, generating 662 jobs ($200k in export sales = 1 job). This exceeded the FY2012 facilitated export sales goal by 524% and the FY2013 goal of $81.3 million by nearly 63%.

The MEDC requests that the MSF release three FY2015 Pure Michigan Export Program Request for Proposals (“RFP”) to solicit proposals from organizations with international trade expertise to provide services to Michigan companies.

The three RFPs include:

1. Regional Export Network (REN) Host, which serve one or more of the Michigan Economic Development Corporation (MEDC) - Collaborative Development Councils (CDC) regions. The primary responsibilities of the REN hosts include: facilitation of collaborative discussion with local economic development organizations to drive regional export goals and objectives, identification of export resources, coordination of company export referral process, marketing of the Pure Michigan Export program, coordination and support for company market entry strategies, and overseeing and reporting REN export budget and expenditures.
2. Small Business Services to provide professional services to Michigan based companies in the areas of international trade and customized small to medium-sized business services. The objective is to assist small to medium-sized businesses in the expansion of their customer base through a variety of international trade services that lead to international market expansion.

3. International Trade Services to provide trade promotion services to Michigan based companies seeking export sales in the following target markets: Mexico, China, Canada, Brazil, UAE (to cover Middle East and North Africa (MENA) region), Germany or the United Kingdom (to cover European region), India, South Korea, Taiwan, Hong Kong, and South Africa.

The MEDC anticipates the following proposed timeline for the execution of this RFP:

- Issue RFP to the Public: May 28, 2014
- Questions due from the Public: June 6, 2014
- Answers posted to the MEDC web page: June 13, 2014
- Applications Deadline: June 27, 2014

The MEDC recommends that the MSF Board approve appointing a Joint Evaluation Committee (“JEC”) to review the proposals submitted and make recommendations to the MSF Board. The following individuals are recommended to be appointed to the JEC to review proposals:

- Deanna Richeson, Director, Export, MEDC
- Christine Roeder, Manager, Michigan Retention and Growth, MEDC
- Toni Brownfield, Director, Business Development Services, Strategic Accounts, MEDC
- Lindsay Eister, Senior Protocol Officer, Business Attraction, MEDC
- MEDC Export Sales Director (TBD)
- MEDC Export International Trade Manager (TBD)

The MEDC recommends that the MSF Board approve the scoring and evaluation criteria attached as Exhibit B to the resolution to be used by the JEC members in their review of proposals submitted in response to the RFP.

**Recommendation**
MEDC Staff recommends that the MSF Board approve the following actions.

1) Approval of the RFPs attached as Exhibit A to the resolution;
2) Appointment of the JEC listed above; and
3) Approval of the scoring and evaluation criteria attached as Exhibit B to the resolution appointing the JEC and approving the scoring criteria.

SECTION I
WORK STATEMENT

A) PURPOSE

MSF is seeking contractors to provide trade promotion services to Michigan based companies seeking export sales in the following target markets: Mexico, China, Canada, Brazil, UAE (to cover Middle East and North Africa (MENA) region), Germany or the United Kingdom (to cover European region), India, South Korea, Taiwan, Hong Kong, and South Africa.

B) BACKGROUND STATEMENT AND OBJECTIVES

Background:

The Pure Michigan Export program assists Michigan based companies to expand their customer base through a variety of international trade services that lead to international market expansion. The program focus is on small and medium-sized enterprises, which by the United States Small Business Association’s definition is less than 500 employees (manufacturing), but will also assist larger companies if the assistance will have a clear and identifiable economic impact. The Pure Michigan Export program will enter into a fixed fee contract for trade promotion services at a non-negotiable amount to be determined. The contract amount per country will be for a minimum of $75,000 or maximum $150,000 annually and the total amount will be finalized pending confirmation of final awards. Operating costs, including staff salaries, office space/rent, office equipment, office supplies, postage, printing, telephones, local transportation and all other costs unless otherwise noted, will be the sole responsibility of the Contractor and derived from the contract fee. As noted

The term of the contract shall be from October 1, 2014 through September 30, 2015, and shall be renewable subject to mutual agreement on an annual basis.

Objectives:

The Pure Michigan Export Program is designed to spur job creation by empowering Michigan based companies to export their products. The program has three primary objectives:

E) SELECTION CRITERIA

Responses to this RFP will be evaluated based upon a three-step selection process. The proposal must address the requirements described in Section II of this RFP.

The first step is an evaluation of which proposals satisfactorily meet the requirements of this RFP as stated in Section II.

      • Proposal signed physically or electronically by an official of the Bidder authorized to bind the Bidder to its provisions.
      • Proposals satisfy the form and content requirements of this RFP.
2) **Step II – Criteria for Satisfactory Technical Proposals**

   a.) During the second step of the selection process, proposals will be considered by a Joint Evaluation Committee (“JEC”) comprised of individuals selected by the MSF. Only those proposals that satisfy the requirements described in this RFP, as determined in the sole discretion of the JEC, will be considered for evaluation in Step II. The JEC reserves the right to request additional information from any Bidder.

   b.) **Competence, Experience and Staffing Capacity** – The proposal should indicate the ability of the Bidder to meet the requirements of this RFP, especially the time constraints, quality, and recent projects similar to that described in this RFP. The proposal should indicate the competence of the personnel whom the Bidder intends to assign to the project, including education and experience, with particular reference to experience on projects similar to that described in this RFP and qualifications of Bidder’s Project Manager and the Project Manager’s dedicated management time, as well as that of other key personnel working on this project.

   d.) Only those proposals receiving a score of **160 points or more** in the technical proposal evaluation will have their price evaluated to be considered for award.

   e.) Proposals receiving a score of 160 points or more in the technical proposal evaluation will be invited to schedule interviews at a site to be determined July 16-30. Interviewed contractors must make their office(s) available for a site visit by MSF representatives during this time period. The contractor will be expected to start work under the contract October 1, 2014.

1) **Step III – Criteria for Satisfactory Price Proposal**

   a.) Based on what is in the best interest of the MSF, the MSF will award the Contract considering value, quality, and the ability to meet the objectives of this RFP, of proposals that were approved as a result of this two-step evaluation process.
b.) The MSF reserves the right to consider economic impact on the State when evaluating proposal pricing. This includes, but is not limited to: job creation, job retention, tax revenue implications, and other economic considerations.
c.) The award recommendation will be made to the responsive and responsible Bidder who offers the best value to the MSF and the State of Michigan. Best value will be determined by the Bidder meeting the minimum point threshold and offering the best proposal that meets the objectives of the RFP.

d.) The MSF reserves the right to award to another “best value” contractor in case the original Awardee does not accept the award.

F) BIDDERS COSTS

The MSF is not liable for any costs incurred by any Bidder prior to signing of the Contract by all parties.

G) TAXES

The MSF may refuse to award a contract to any Bidder who has failed to pay any applicable taxes or if the Bidder has an outstanding debt to the State or the MSF.

Except as otherwise disclosed in the proposal, the Bidder affirms that to the best of its knowledge there exists no actual or potential conflict between the Bidder, the Bidder’s project manager(s) or its family’s business or financial interests (“Interests”) and the services provided under the Contract. In the event of any change in either Interests or the services provided under the Contract, the Bidder will inform the MSF regarding possible conflicts of interest which may arise as a result of such change and agrees that all conflicts shall be resolved to the MSF’s satisfaction or the Bidder may be disqualified from consideration under this RFP. As used in this Section, “conflict of interest” shall include, but not be limited to, the following:

Bidders must also disclose any investigations by the Internal Revenue Service or any other federal or state taxing body or court.

J) **FALSE INFORMATION**

K) **DISCLOSURE**

All Bidders should be aware that proposals submitted to the MSF in response to this RFP may be subject to disclosure under the provisions of Public Act 442 of 1976, as amended, known as the Freedom of Information Act (“FOIA”). Accordingly, confidential information should be excluded from Bidders’ proposals. Bidders, however, are encouraged to provide sufficient information to enable the MSF to determine the Bidder’s qualifications and to understand or identify areas where confidential information exists and could be provided. The FOIA also provides for the complete disclosure of the Contract and any attachments or exhibits thereto.

L) **PRICES HELD FIRM**

LENGTH OF TIME PRICES ARE TO BE HELD FIRM: All rates quoted in Bidder’s response to this RFP will be firm for the duration of the Contract. No price changes will be permitted. IN THE EVENT THAT PROPOSED CHANGES ARE NOT ACCEPTABLE TO THE MSF, THE CONTRACT SHALL BE TERMINATED AND THE MODIFIED CONTRACT SHALL BE SUBJECT TO COMPETITIVE BIDDING.
M) BEST AND FINAL OFFER

At any time during the evaluation process, the JEC may request a Best and Final Offer (BAFO) from any Bidder. This will be the final opportunity for a Bidder to provide a revised proposal. The scope of the changes allowed in the BAFO will be published as part of the issuance of the BAFO request.

Bidders are cautioned to propose the best possible offer at the outset of the process, as there is no guarantee that any Bidder will be allowed an opportunity to engage in Pricing Negotiations or requested to submit a Best and Final Offer.

ELECTRONIC VERSIONS OF EACH OF YOUR TECHNICAL AND PRICE PROPOSALS SENT SEPARATELY MUST BE RECEIVED AND TIME-STAMPED BY THE MSF TO contractsandgrants@michigan.org, ON OR BEFORE 3:00 p.m. on June 27, 2014. Bidders are responsible for timely submission of their proposal. THE MSF HAS NO OBLIGATION TO CONSIDER ANY PROPOSAL THAT IS NOT RECEIVED BY THE APPOINTED TIME.

The MSF’s decision is final and not subject to appeal. Any attempt by an applicant, collaborating entity, or other party of interest to the project to influence the awards process, to appeal, and/or take any action, including, but not limited to, legal action, regarding the proposal or awards process in general may result in the applicant’s disqualification and elimination form the award process.
Q) **BID PROTEST PERIOD**

If a Bidder wishes to initiate a protest of the award recommendation, the Bidder must submit a protest in writing by 5:00 p.m. within (10) ten calendar days from the date of the notice of award sent by the MSF. The written protest should include the RFP number, clearly state the facts believed to constitute an error in the award recommendation, and describe the desired remedy. Only the information provided within the protest period will be considered in arriving at a decision. The MSF is not required to take into consideration any material filed by any party after the protest deadline. The MSF’s CEO or designee will provide a written decision to the protesting party after investigating the matter or, if more information is needed, will schedule an informal meeting before issuing a decision. This decision is final.

To maintain the integrity of the procurement process and to ensure that procurements are received without undue delay, protests requesting a waiver of the following omissions and requirements cannot be granted:

1. Failure of a Bidder to properly complete sealed bid return envelope instructions;
2. Failure of a Bidder to submit the Bid by the due date and time;
3. Failure of a Bidder to provide samples, descriptive literature or other required documents by the date and time specified;
4. Failure of a Bidder to submit a protest within the time stipulated in the notice to award or as determined by the MSF.

In fairness to Bidders who meet specifications and to prevent delays in procurement, the MSF will not withdraw an award or re-evaluate bids when a protest maintains that the RFP specifications were faulty or that a bid exceeding specifications provided a better value than a lower bid meeting specifications.

R) **JURISDICTION**

In the event that there are conflicts concerning this RFP that proceed to court, jurisdiction will be in a Michigan court of law. Nothing in this RFP shall be construed to limit the rights and remedies of the MSF that are otherwise available.

S) **ADDITIONAL CERTIFICATION**

In addition, the MSF may immediately terminate this
Agreement upon written notice to Contractor, without further liability to the MSF or the State, its departments, agencies, and employees, if Contractor, an officer of Contractor, or an owner of a 25% or greater share of Contractor is convicted of a criminal offense relating to a State, public, or private contract or subcontract; or convicted of a criminal offense including, but not limited to, any of the following: embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, attempting to influence a public employee to breach the ethical conduct standards for State employees; convicted under state or federal antitrust statutes; or convicted of any other criminal offense which, in the sole discretion of the MSF, reflects on Contractor’s business integrity.

In the event of immediate termination of funding, the MSF will make payment through the effective date of termination for any undisputed services rendered and expenses incurred.

The MSF shall have no obligation to Contractor for any fees or other payments incurred in connection with this Agreement after the effective date of termination. M) Conflict of Interest

Except as has been disclosed to the MSF or the MEDC, Contractor affirms that neither the Contractor, nor its Affiliates or their employees has, shall have, or shall acquire any contractual, financial business or other interest, direct or indirect, that would conflict in any manner with Contractor’s performance of its obligations under this Agreement or otherwise create the appearance of impropriety with respect to this Agreement.

Contractor further affirms that neither Contractor nor any affiliates or their employees has accepted or shall accept anything of value based on an understanding that the actions of the Contractor or its affiliates or either’s employees on behalf of the MSF or the MEDC would be influenced. Contractor shall not attempt to influence any MEDC or MSF employee by the direct or indirect offer of anything of value. Contractor also affirms that neither Contractor, nor its Affiliates or their employees has paid or agreed to pay any person, other than bona fide employees and consultants working solely for Contractor or its Affiliate, any fee, commission, percentage, brokerage fee, gift or any other consideration contingent upon or resulting from the execution of this Agreement.

In the event of change in either the interests or services under this Agreement, Contractor will inform the MSF or the MEDC regarding possible conflicts of interest which may arise as a result of such change. Contractor agrees that conflicts of interest shall be resolved to the MSF’s or the MEDC’s satisfaction or the MSF may terminate this Agreement. P) Irreparable Injury

Contractor acknowledges that if it breaches any of its obligations under Paragraphs L and O above, it will cause damages of an irreparable and continuing nature to the MSF, for which money damages alone will not provide adequate relief. Therefore, in addition to all appropriate monetary damages, the MSF is entitled to obtain injunctive relief, including, but not limited to, a temporary restraining order to prohibit the Contractor’s continuing breach. The MSF shall have the right to obtain such relief without having to post any bond or other surety.

Q) Indemnification and Contractor Liability Insurance

Contractor shall indemnify, defend, and hold harmless the MSF, its Board and its employees, and the MEDC, its Executive Committee, its Corporate Board of Directors, and its employees (the “Indemnified Parties”) from any and all liability arising out of or in any way related to Contractor’s performance under this Agreement, including any liability resulting from any acts of Contractor’s employees or agents.

Contractor shall purchase and maintain such insurance to protect the Indemnified Parties from claims that might arise out of or as a result of Contractor’s operations. Contractor will provide and maintain its own errors and omissions liability insurance for Contractor’s indemnification obligation under this Agreement. The insurance shall be written for not less than One Million Dollars ($1,000,000) of coverage, but

This Agreement may not be changed except by written agreement signed by the Parties.

S) **Assignment/Transfer/Subcontracting**

Contractor shall not assign, transfer, convey, subcontract, or otherwise dispose of any duties or rights under this Agreement without the prior specific written consent of the MSF. Contractor agrees that any of Contractor's future successors or subcontractors will be bound by the provisions of this Agreement, unless the MSF otherwise agrees in a specific written consent. The MSF reserves the right to approve subcontractors for this Agreement and to require Contractor to replace subcontractors who are found to be unacceptable to the MSF or the MEDC.

Contractor further agrees that every subcontract entered into in connection with this Agreement will contain a provision requiring nondiscrimination in employment, as required in this Agreement, binding upon each subcontractor.

Pursuant to 1980 PA 278 (the "Act"), MCL 423.321 *et seq.*, the State shall not award a contract or subcontract to an employer whose name appears in the current register of employers failing to correct an unfair labor practice compiled by the United States National Labor Relations Board. C) ECONOMY OF PREPARATION

Each proposal should be prepared simply and economically, providing a straightforward, concise description of the Bidder’s ability to meet the requirements of the RFP. Emphasis should be on completeness and clarity of content.

D) SELECTION CRITERIA

Responses to this RFP will be evaluated based upon a three-step selection process. The proposal must address the requirements described in Section II of this RFP.

The first step is an evaluation of which proposals satisfactorily meet the requirements of this RFP as stated in Section II.

1) Step I – Initial evaluation for compliance

   a) Proposal Content – Contracts and Grants will screen the proposals for technical compliance to include but not limited to:

   - Timely submission of the proposal
   - Technical Proposal and Price Proposal clearly identified and sent separately
   - Proposal signed physically or electronically by an official of the Bidder authorized to bind the Bidder to its provisions.
   - Proposals satisfy the form and content requirements of this RFP.
2) **Step II – Criteria for Satisfactory Technical Proposals**

   a.) During the second step of the selection process, proposals will be considered by a Joint Evaluation Committee (“JEC”) comprised of individuals selected by the MSF. Only those proposals that satisfy the requirements described in this RFP, as determined in the sole discretion of the JEC, will be considered for evaluation in Step II. The JEC reserves the right to request additional information from any Bidder.

   b.) **Competence, Experience and Staffing Capacity** – The proposal should indicate the ability of the Bidder to meet the requirements of this RFP, especially the time constraints, quality, and recent projects similar to that described in this RFP. The proposal should indicate the competence of the personnel whom the Bidder intends to assign to the project, including education and experience, with particular reference to experience on projects similar to that described in this RFP and qualifications of Bidder’s Project Manager and the Project Manager’s dedicated management time, as well as that of other key personnel working on this project.

c.) During the JEC’s review, Bidders may be required to make oral presentations of their proposals to the JEC. These presentations provide an opportunity for the Bidders to clarify the proposals. The MSF will schedule these presentations, if required by the JEC.

d.) Only those proposals receiving a score of **160 points or more** in the technical proposal evaluation will have their price evaluated to be considered for award.

1) **Step III – Criteria for Satisfactory Price Proposal**

   a.) Based on what is in the best interest of the MSF, the MSF will award the Contract considering value, quality, and the ability to meet the objectives of this RFP, of proposals that were approved as a result of this two-step evaluation process.

   b.) The MSF reserves the right to consider economic impact on the State when evaluating proposal pricing. This includes, but is not limited to: job creation, job retention, tax revenue implications, and other economic considerations.

   c.) The award recommendation will be made to the responsive and responsible Bidder who offers the best value to the MSF and the State of Michigan. Best value will be determined by the Bidder meeting the minimum point threshold and offering the **best proposal that meets the objectives of the RFP**.
d.) The MSF reserves the right to award to another “best value” contractor in case the original Awardee does not accept the award.

E) **BIDDERS COSTS**

The MSF is not liable for any costs incurred by any Bidder prior to signing of the Contract by all parties.

F) **TAXES**

The MSF may refuse to award a contract to any Bidder who has failed to pay any applicable taxes or if the Bidder has an outstanding debt to the State or the MSF.

Expect as otherwise disclosed in an exhibit to the Proposal, Bidder certifies that all applicable taxes are paid as of the date the Bidder’s Proposal was submitted to the MSF and the Bidder owes no outstanding debt to the State or the MSF.

G) **CONFLICT OF INTEREST**

The Bidder must disclose, in an exhibit to the proposal, any possible conflicts of interest that may result from the award of the Contract or the services provided under the Contract.

Except as otherwise disclosed in the proposal, the Bidder affirms that to the best of its knowledge there exists no actual or potential conflict between the Bidder, the Bidder’s project manager(s) or its family’s business or financial interests (“Interests”) and the services provided under the Contract. In the event of any change in either Interests or the services provided under the Contract, the Bidder will inform the MSF regarding possible conflicts of interest which may arise as a result of such change and agrees that all conflicts shall be resolved to the MSF’s satisfaction or the Bidder may be disqualified from consideration under this RFP. As used in this Section, “conflict of interest” shall include, but not be limited to, the following:

1. Giving or offering a gratuity, kickback, money, gift, or any thing of value to a MSF official, officer, or employee with the intent of receiving a contract from the MSF or favorable treatment under a contract;

2. Having or acquiring at any point during the RFP process or during the term of the Contract, any contractual, financial, business or other interest, direct or indirect, that would conflict in any manner or degree with Bidder’s performance of its duties and responsibilities to the MSF under the Contract or otherwise create the appearance of impropriety with respect to the award or performance of the Contract; or

3. Currently in possession of or accepting during the RFP process or the term of the Contract anything of value based on an understanding that the actions of the Bidder or its affiliates or Interests on behalf of the MSF will be influenced.

H) **BREACH OF CONTRACT**

Except as otherwise disclosed in an exhibit to Bidder’s proposal, Bidder is not in material default or breach of any contract or agreement that it may have with the State of Michigan or any of its
departments, commissions, boards or agencies, or any other public body in the State of Michigan. Further, Bidder represents and warrants that it has not been a party to any contract with the State or any public body that was terminated within the previous five (5) years because the Bidder failed to perform or otherwise breached an obligation of such contract.

I) DISCLOSURES

Except as otherwise disclosed in an exhibit to Bidder’s proposal, there is no criminal litigation, convictions, investigations or proceedings involving the Bidder (and each subcontractor, if subcontractors will be used to provide the goods/services requested under this RFP) or any of the Bidder’s officers or directors or any litigation or proceedings under the Sarbanes-Oxley Act. In addition, Bidders must disclose in the exhibit requested under this Section of the RFP any civil litigation, arbitration or proceeding to which the Bidder (or, to the extent Bidder is aware, any subcontractor) is a party and which involves: (1) disputes that might reasonably be expected to adversely affect the viability or financial stability of the Bidder (or subcontractor); or (2) a claim or written allegation of fraud or breach of contract against Bidder (or, to the extent Bidder is aware, subcontractor), by a governmental or public entity arising out of their business dealings with governmental or public entities. Details of any settlements which Bidder is prevented from disclosing under the terms of the settlement may be annotated as such. Bidders must also disclose any investigations by the Internal Revenue Service or any other federal or state taxing body or court.

J) FALSE INFORMATION

If the MSF determines that a Bidder purposefully or willfully submitted false information in response to this RFP, the Bidder will not be considered for an award and any resulting Contract that may have been executed may be terminated.

K) DISCLOSURE

All Bidders should be aware that proposals submitted to the MSF in response to this RFP may be subject to disclosure under the provisions of Public Act 442 of 1976, as amended, known as the Freedom of Information Act (“FOIA”). Accordingly, confidential information should be excluded from Bidders’ proposals. Bidders, however, are encouraged to provide sufficient information to enable the MSF to determine the Bidder’s qualifications and to understand or identify areas where confidential information exists and could be provided. The FOIA also provides for the complete disclosure of the Contract and any attachments or exhibits thereto.

L) PRICES HELD FIRM

LENGTH OF TIME PRICES ARE TO BE HELD FIRM: All rates quoted in Bidder’s response to this RFP will be firm for the duration of the Contract. No price changes will be permitted. IN THE EVENT THAT PROPOSED CHANGES ARE NOT ACCEPTABLE TO THE MSF, THE CONTRACT SHALL BE TERMINATED AND THE MODIFIED CONTRACT SHALL BE SUBJECT TO COMPETITIVE BIDDING.

M) BEST AND FINAL OFFER

At any time during the evaluation process, the JEC may request a Best and Final Offer (BAFO) from any Bidder. This will be the final opportunity for a Bidder to provide a revised proposal. The
scope of the changes allowed in the BAFO will be published as part of the issuance of the BAFO request.

Bidders are cautioned to propose the best possible offer at the outset of the process, as there is no guarantee that any Bidder will be allowed an opportunity to engage in Pricing Negotiations or requested to submit a Best and Final Offer.

N) CLARIFICATION/CHANGES IN THE RFP

Changes made to the RFP as the result of responses made to qualifying questions or concerns will be posted on [http://www.michiganbusiness.org/2014-ren-host-rfp](http://www.michiganbusiness.org/2014-ren-host-rfp). Applicants are encouraged to regularly check this site for changes or other information related to the RFP.

O) ELECTRONIC BID RECEIPT

Electronic versions of each of your technical and price proposals sent separately must be received and time-stamped by the MSF to contractsandgrants@michigan.org, on or before 3:00 p.m. on June 27, 2014. Bidders are responsible for timely submission of their proposal. The MSF has no obligation to consider any proposal that is not received by the appointed time.

P) RESERVATION OF MSF DISCRETION

Notwithstanding any other statement in this RFP, the MSF reserves the right to:

1) reject any and all proposals;
2) waive any errors or irregularities in the bidding process or in any proposal;
3) rebid the project;
4) negotiate with any Bidder for a reduced price, or for an increased price to include any alternates that the Bidder may propose;
5) reduce the scope of the project, and rebid or negotiate with any Bidder regarding the revised project; or
6) defer or abandon the project.

The MSF’s decision is final and not subject to appeal. Any attempt by an applicant, collaborating entity, or other party of interest to the project to influence the awards process, to appeal, and/or take any action, including, but not limited to, legal action, regarding the proposal or awards process in general may result in the applicant’s disqualification and elimination from the award process.

Q) BID PROTEST PERIOD

If a Bidder wishes to initiate a protest of the award recommendation, the Bidder must submit a protest in writing by 5:00 p.m. within (10) ten calendar days from the date of the notice of award sent by the MSF. The written protest should include the RFP number, clearly state the facts believed to constitute an error in the award recommendation, and describe the desired remedy. Only the information provided within the protest period will be considered in arriving at a decision. The MSF is not required to take into consideration any material filed by any party after the protest deadline.
The MSF’s CEO or designee will provide a written decision to the protesting party after investigating the matter or, if more information is needed, will schedule an informal meeting before issuing a decision. This decision is final.

To maintain the integrity of the procurement process and to ensure that procurements are received without undue delay, protests requesting a waiver of the following omissions and requirements cannot be granted:

1. Failure of a Bidder to properly complete sealed bid return envelope instructions;
2. Failure of a Bidder to submit the Bid by the due date and time;
3. Failure of a Bidder to provide samples, descriptive literature or other required documents by the date and time specified;
4. Failure of a Bidder to submit a protest within the time stipulated in the notice to award or as determined by the MSF.

In fairness to Bidders who meet specifications and to prevent delays in procurement, the MSF will not withdraw an award or re-evaluate bids when a protest maintains that the RFP specifications were faulty or that a bid exceeding specifications provided a better value than a lower bid meeting specifications.

R)  **JURISDICTION**

In the event that there are conflicts concerning this RFP that proceed to court, jurisdiction will be in a Michigan court of law. Nothing in this RFP shall be construed to limit the rights and remedies of the MSF that are otherwise available.

S)  **ADDITIONAL CERTIFICATION**

Pursuant to Public Act 517 of 2012, an Iran linked business is not eligible to submit a bid on a request for proposal, with a public entity.

Bidders *must* include the following certification in the technical proposal:

“Bidder certifies that it is not an Iran-linked business as defined in MCL 129.312.”

Failure to submit this certification will result in disqualification from consideration.

The selected Bidder will be required to assume responsibility for all contractual activities offered in this RFP whether or not the Bidder performs them. Further, the MSF will consider the selected Bidder to be the sole point of contact with regard to contractual matters, including payment of any and all charges resulting from the Contract.

This work plan must be in agreement with Section III-A of this RFP as proposed by the Bidder and accepted by the MSF for contract, and must include the following:

   (i) The Contractor’s project organizational structure.

   (ii) The Contractor’s staffing table with names and titles of personnel assigned to the project. This must be in agreement with staffing of the accepted proposal. Necessary substitutions due to change of employment status and other unforeseen circumstances may only be made with prior approval of the MSF.

the MSF or the MEDC, Contractor shall provide proof that such payments have been made.

F) **Fringe Benefits**

The MSF or the MEDC may, in its discretion, require Contractor to provide evidence of such coverage.

H) **Unemployment Compensation**

The MSF or the MEDC shall make no state or federal unemployment compensation payments on behalf of Contractor or Contractor’s employees or personnel. Contractor will not be entitled to these benefits in connection with work performed under this Agreement. If Contractor files a petition for and receives unemployment compensation, the total amount of unemployment compensation awarded to and received by Contractor shall be deducted from and be an offset against the amount of compensation due and payable to Contractor by the MSF under this Agreement.

J) **Termination**

Either Party may terminate its obligations under this Agreement by giving the other Party thirty (30) calendar days prior written notice of such termination.

The MSF may immediately terminate this Agreement upon written notice to Contractor if Contractor materially breaches its obligations under this Agreement or engages in any conduct which the MSF, in its sole discretion, determines has or could have an adverse impact on the State of Michigan’s (the “State”) or the MSF’s reputation or interests. In addition, the MSF may immediately terminate this
Agreement upon written notice to Contractor, without further liability to the MSF or the State, its departments, agencies, and employees, if Contractor, an officer of Contractor, or an owner of a 25% or greater share of Contractor is convicted of a criminal offense relating to a State, public, or private contract or subcontract; or convicted of a criminal offense including, but not limited to, any of the following: embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, attempting to influence a public employee to breach the ethical conduct standards for State employees; convicted under state or federal antitrust statutes; or convicted of any other criminal offense which, in the sole discretion of the MSF, reflects on Contractor’s business integrity.

In the event that the State Legislature, the State Government or any State official, public body corporate, commission, authority, body or employees, including the MSF: (a) takes any action which fails to provide, terminates or reduces the funding that is related to the source of funding for this Agreement; or (b) takes any action that is unrelated to the source of funding for this Agreement, but affects the MSF’s ability to perform obligations under this Agreement, the MSF may terminate this Agreement by providing thirty (30) calendar days notice prior to the effective date of cancellation. In the event, however, that the action of the State Legislature, the State of Michigan or MSF results in an immediate absence or termination of funding, this Agreement may be terminated effective immediately upon delivery of notice to the Contractor. In the event of immediate termination of funding, the MSF will make payment through the effective date of termination for any undisputed services rendered and expenses incurred.

The MSF shall have no obligation to Contractor for any fees or other payments incurred in connection with this Agreement after the effective date of termination. Upon termination, all work product prepared or produced by Contractor pursuant to this Agreement shall be immediately delivered to the MSF. Payment for any undisputed services rendered and expenses incurred through the effective date of termination will then promptly be made by the MSF.

Contractor further agrees that every subcontract entered into in connection with this Agreement will contain a provision requiring nondiscrimination in employment, as required in this Agreement, binding upon each subcontractor.

Pursuant to 1980 PA 278 (the “Act”), MCL 423.321 et seq., the State shall not award a contract or subcontract to an employer whose name appears in the current register of employers failing to correct an unfair labor practice compiled by the United States National Labor Relations Board.    d.) Only those proposals receiving a score of **160 points or more** in the technical proposal evaluation will have their price evaluated to be considered for award.

1) **Step III – Criteria for Satisfactory Price Proposal**

   a.) Based on what is in the best interest of the MSF, the MSF will award the Contract considering value, quality, and the ability to meet the objectives of this RFP, of proposals that were approved as a result of this two-step evaluation process.

   b.) The MSF reserves the right to consider economic impact on the State when evaluating proposal pricing. This includes, but is not limited to: job creation, job retention, tax revenue implications, and other economic considerations.

   c.) The award recommendation will be made to the responsive and responsible Bidder who offers the best value to the MSF and the State of Michigan. Best value will be determined by the Bidder meeting the minimum point threshold and offering the **best proposal that meets the objectives of the RFP**.
d.) The MSF reserves the right to award to another “best value” contractor in case the original Awardee does not accept the award.

F) BIDDERS COSTS

The MSF is not liable for any costs incurred by any Bidder prior to signing of the Contract by all parties.

G) TAXES

The MSF may refuse to award a contract to any Bidder who has failed to pay any applicable taxes or if the Bidder has an outstanding debt to the State or the MSF.

Expect as otherwise disclosed in an exhibit to the Proposal, Bidder certifies that all applicable taxes are paid as of the date the Bidder’s Proposal was submitted to the MSF and the Bidder owes no outstanding debt to the State or the MSF.

The Bidder must disclose, in an exhibit to the proposal, any possible conflicts of interest that may result from the award of the Contract or the services provided under the Contract.

Except as otherwise disclosed in the proposal, the Bidder affirms that to the best of its knowledge there exists no actual or potential conflict between the Bidder, the Bidder’s project manager(s) or its family’s business or financial interests (“Interests”) and the services provided under the Contract. In the event of any change in either Interests or the services provided under the Contract, the Bidder will inform the MSF regarding possible conflicts of interest which may arise as a result of such change and agrees that all conflicts shall be resolved to the MSF’s satisfaction or the Bidder may be disqualified from consideration under this RFP. As used in this Section, “conflict of interest” shall include, but not be limited to, the following:

1. Giving or offering a gratuity, kickback, money, gift, or anything of value to a MSF official, officer, or employee with the intent of receiving a contract from the MSF or favorable treatment under a contract;

Having or acquiring at any point during the RFP process or during the term of the Contract, any contractual, financial, business or other interest, direct or indirect, that would conflict in any manner or degree with Bidder’s performance of its duties and responsibilities to the MSF under the Contract or otherwise create the appearance of impropriety with respect to the award or performance of the Contract; or

3. Currently in possession of or accepting during the RFP process or the term of the Contract anything of value based on an understanding that the actions of the Bidder or its affiliates or Interests on behalf of the MSF will be influenced.

departments, commissions, boards or agencies, or any other public body in the State of Michigan. Further, Bidder represents and warrants that it has not been a party to any contract with the State or any public body that was terminated within the previous five (5) years because the Bidder failed to perform or otherwise breached an obligation of such contract.

I) DISCLOSURES

Except as otherwise disclosed in an exhibit to Bidder’s proposal, there is no criminal litigation, convictions, investigations or proceedings involving the Bidder (and each subcontractor, if subcontractors will be used to provide the goods/services requested under this RFP) or any of the Bidder’s officers or directors or any litigation or proceedings under the Sarbanes-Oxley Act. In addition, Bidders must disclose in the exhibit requested under this Section of the RFP any civil litigation, arbitration or proceeding to which the Bidder (or, to the extent Bidder is aware, any subcontractor) is a party and which involves: (1) disputes that might reasonably be expected to adversely affect the viability or financial stability of the Bidder (or subcontractor); or (2) a claim or written allegation of fraud or breach of contract against Bidder (or, to the extent Bidder is aware, subcontractor), by a governmental or public entity arising out of their business dealings with governmental or public entities. Bidders must also disclose any investigations by the Internal Revenue Service or any other federal or state taxing body or court.

J) FALSE INFORMATION

If the MSF determines that a Bidder purposefully or willfully submitted false information in response to this RFP, the Bidder will not be considered for an award and any resulting Contract that may have been executed may be terminated.

K) DISCLOSURE

All Bidders should be aware that proposals submitted to the MSF in response to this RFP may be subject to disclosure under the provisions of Public Act 442 of 1976, as amended, known as the Freedom of Information Act (“FOIA”). Accordingly, confidential information should be excluded from Bidders’ proposals. Bidders, however, are encouraged to provide sufficient information to enable the MSF to determine the Bidder’s qualifications and to understand or identify areas where confidential information exists and could be provided. The FOIA also provides for the complete disclosure of the Contract and any attachments or exhibits thereto.

L) PRICES HELD FIRM

LENGTH OF TIME PRICES ARE TO BE HELD FIRM: All rates quoted in Bidder’s response to this RFP will be firm for the duration of the Contract. No price changes will be permitted. IN THE EVENT THAT PROPOSED CHANGES ARE NOT ACCEPTABLE TO THE MSF, THE CONTRACT SHALL BE TERMINATED AND THE MODIFIED CONTRACT SHALL BE SUBJECT TO COMPETITIVE BIDDING.

M) BEST AND FINAL OFFER

At any time during the evaluation process, the JEC may request a Best and Final Offer (BAFO) from any Bidder. This will be the final opportunity for a Bidder to provide a revised proposal. The
scope of the changes allowed in the BAFO will be published as part of the issuance of the BAFO request.

Bidders are cautioned to propose the best possible offer at the outset of the process, as there is no guarantee that any Bidder will be allowed an opportunity to engage in Pricing Negotiations or requested to submit a Best and Final Offer.

N) CLARIFICATION/CHANGES IN THE RFP

Changes made to the RFP as the result of responses made to qualifying questions or concerns will be posted on www.michiganbusiness.org/2014-export-sbs-rfp. Applicants are encouraged to regularly check this site for changes or other information related to the RFP.

O) ELECTRONIC BID RECEIPT

ELECTRONIC VERSIONS OF EACH OF YOUR TECHNICAL AND PRICE PROPOSALS SENT SEPARATELY MUST BE RECEIVED AND TIME-STAMPED BY THE MSF TO contractsandgrants@michigan.org, ON OR BEFORE 3:00 p.m. on June 27, 2014. Bidders are responsible for timely submission of their proposal. THE MSF HAS NO OBLIGATION TO CONSIDER ANY PROPOSAL THAT IS NOT RECEIVED BY THE APPOINTED TIME.

P) RESERVATION OF MSF DISCRETION

Notwithstanding any other statement in this RFP, the MSF reserves the right to:

1) reject any and all proposals;
2) waive any errors or irregularities in the bidding process or in any proposal;
3) rebid the project;
4) negotiate with any Bidder for a reduced price, or for an increased price to include any alternates that the Bidder may propose;
5) reduce the scope of the project, and rebid or negotiate with any Bidder regarding the revised project; or
6) defer or abandon the project.

The MSF’s decision is final and not subject to appeal. Any attempt by an applicant, collaborating entity, or other party of interest to the project to influence the awards process, to appeal, and/or take any action, including, but not limited to, legal action, regarding the proposal or awards process in general may result in the applicant’s disqualification and elimination form the award process.

Q) BID PROTEST PERIOD

If a Bidder wishes to initiate a protest of the award recommendation, the Bidder must submit a protest in writing by 5:00 p.m. within (10) ten calendar days from the date of the notice of award sent by the MSF. The written protest should include the RFP number, clearly state the facts believed to constitute an error in the award recommendation, and describe the desired remedy. Only the information provided within the protest period will be considered in arriving at a decision. The MSF is not required to take into consideration any material filed by any party after the protest deadline.
The MSF’s CEO or designee will provide a written decision to the protesting party after investigating the matter or, if more information is needed, will schedule an informal meeting before issuing a decision. This decision is final.

To maintain the integrity of the procurement process and to ensure that procurements are received without undue delay, protests requesting a waiver of the following omissions and requirements cannot be granted:

1. Failure of a Bidder to properly complete sealed bid return envelope instructions;
2. Failure of a Bidder to submit the Bid by the due date and time;
3. Failure of a Bidder to provide samples, descriptive literature or other required documents by the date and time specified;
4. Failure of a Bidder to submit a protest within the time stipulated in the notice to award or as determined by the MSF.

In fairness to Bidders who meet specifications and to prevent delays in procurement, the MSF will not withdraw an award or re-evaluate bids when a protest maintains that the RFP specifications were faulty or that a bid exceeding specifications provided a better value than a lower bid meeting specifications.

R) **JURISDICTION**

In the event that there are conflicts concerning this RFP that proceed to court, jurisdiction will be in a Michigan court of law. Nothing in this RFP shall be construed to limit the rights and remedies of the MSF that are otherwise available.

S) **ADDITIONAL CERTIFICATION**

Pursuant to Public Act 517 of 2012, an Iran linked business is not eligible to submit a bid on a request for proposal, with a public entity.

Bidders must include the following certification in the technical proposal:

“Bidder certifies that it is not an Iran-linked business as defined in MCL 129.312.”

Failure to submit this certification will result in disqualification from consideration.

The Parties acknowledge and agree that the MSF is entering into this Agreement with reliance on the representations made by Contractor relative to its independent contractor status.

C) *Permits and Licenses*

Contractor declares that Contractor has complied with all federal, state and local laws requiring any business permits, certificates or licenses required to carry out the services to be performed under this Agreement, and Contractor will maintain those permits, certificates and/or licenses throughout the Term.

D) *Materials*

Contractor will furnish all materials, equipment and supplies used to provide the services required by this Agreement.

E) *State and Federal Taxes*

The MSF and the MEDC will not:

1) Withhold FICA (Social Security and Medicare taxes) from Contractor’s payments or make FICA payments on Contractor’s behalf; or

2) Make state or federal unemployment compensation contributions on Contractor’s behalf, or withhold state, federal or local income tax from Contractor’s payments.

Contractor shall pay all taxes incurred while performing services under this Agreement, including, but not limited to all applicable income taxes. If requested by
the MSF or the MEDC, Contractor shall provide proof that such payments have been made.

F) **Fringe Benefits**

Contractor understands that neither Contractor nor Contractor's employees or contract personnel are eligible to participate in any employee pension, health, vacation pay, sick pay, or other fringe benefit plan of the MSF or the MEDC.

G) **Workers' Compensation**

The MSF or the MEDC shall not obtain workers' compensation insurance on behalf of Contractor or Contractor's employees. If Contractor hires employees to perform any work under this Agreement, Contractor shall cover them with workers' compensation insurance and shall maintain such insurance during the Term. The MSF or the MEDC may, in its discretion, require Contractor to provide evidence of such coverage.

H) **Unemployment Compensation**

The MSF or the MEDC shall make no state or federal unemployment compensation payments on behalf of Contractor or Contractor's employees or personnel. Contractor will not be entitled to these benefits in connection with work performed under this Agreement. If Contractor files a petition for and receives unemployment compensation, the total amount of unemployment compensation awarded to and received by Contractor shall be deducted from and be an offset against the amount of compensation due and payable to Contractor by the MSF under this Agreement.

I) **Access to Records**

During the Term, and for seven (7) years after the Ending Date, Contractor shall maintain reasonable records, including evidence that the requested services actually were performed and the identity of all individuals paid for such services, and shall allow access to those records by the MSF, the MEDC or their authorized representative at any time during this period.

J) **Termination**

Either Party may terminate its obligations under this Agreement by giving the other Party thirty (30) calendar days prior written notice of such termination.

The MSF may immediately terminate this Agreement upon written notice to Contractor if Contractor materially breaches its obligations under this Agreement or engages in any conduct which the MSF, in its sole discretion, determines has or could have an adverse impact on the State of Michigan's (the "State") or the MSF's reputation or interests. In addition, the MSF may immediately terminate this
Agreement upon written notice to Contractor, without further liability to the MSF or the State, its departments, agencies, and employees, if Contractor, an officer of Contractor, or an owner of a 25% or greater share of Contractor is convicted of a criminal offense relating to a State, public, or private contract or subcontract; or convicted of a criminal offense including, but not limited to, any of the following: embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, attempting to influence a public employee to breach the ethical conduct standards for State employees; convicted under state or federal antitrust statutes; or convicted of any other criminal offense which, in the sole discretion of the MSF, reflects on Contractor’s business integrity.

Contractor acknowledges that MSF’s performance of its payment obligation is dependent upon the continued approval of funding and/or the MSF’s continued receipt of State funding. In the event that the State Legislature, the State Government or any State official, public body corporate, commission, authority, body or employees, including the MSF: (a) takes any action which fails to provide, terminates or reduces the funding that is related to the source of funding for this Agreement; or (b) takes any action that is unrelated to the source of funding for this Agreement, but affects the MSF’s ability to perform obligations under this Agreement, the MSF may terminate this Agreement by providing thirty (30) calendar days notice prior to the effective date of cancellation. In the event, however, that the action of the State Legislature, the State of Michigan or MSF results in an immediate absence or termination of funding, this Agreement may be terminated effective immediately upon delivery of notice to the Contractor. In the event of immediate termination of funding, the MSF will make payment through the effective date of termination for any undisputed services rendered and expenses incurred.

The MSF shall have no obligation to Contractor for any fees or other payments incurred in connection with this Agreement after the effective date of termination. Upon termination, all work product prepared or produced by Contractor pursuant to this Agreement shall be immediately delivered to the MSF. Payment for any undisputed services rendered and expenses incurred through the effective date of termination will then promptly be made by the MSF.

K) **MEDC and MSF Employees**

Contractor will not hire any employee of the MEDC or MSF to perform any services covered by this Agreement without prior written approval from the Chief Executive Officer of the MEDC or President of the MSF.

L) **Confidential Information**

Except as required by law, Contractor shall not use or disclose, either before, during or after the Term, any proprietary or confidential information, including, but not limited to, applications, business bids, business plans, economic development analyses, computer programs, databases and all materials furnished to Contractor
by the MSF or the MEDC (collectively, “Confidential Information”) without the prior written consent of the MSF or the MEDC, except to the extent necessary to perform services on the MSF or MEDC’s behalf. Confidential Information does not include information obtained by Contractor from third party sources; that is already in the possession of, or is independently developed by, Contractor; that becomes publicly available other than through breach of this Paragraph; or, is released with the prior written consent of the governmental entity or entities that provided the Confidential Information to Contractor. Contractor acknowledges that all information provided by the MSF or the MEDC in connection with Contractor’s duties under this Agreement shall be treated as Confidential Information unless otherwise stated in this subsection.

M) Conflict of Interest

Except as has been disclosed to the MSF or the MEDC, Contractor affirms that neither the Contractor, nor its Affiliates or their employees has, shall have, or shall acquire any contractual, financial business or other interest, direct or indirect, that would conflict in any manner with Contractor’s performance of its obligations under this Agreement or otherwise create the appearance of impropriety with respect to this Agreement.

Contractor further affirms that neither Contractor nor any affiliates or their employees has accepted or shall accept anything of value based on an understanding that the actions of the Contractor or its affiliates or either’s employees on behalf of the MSF or the MEDC would be influenced. Contractor shall not attempt to influence any MEDC or MSF employee by the direct or indirect offer of anything of value. Contractor also affirms that neither Contractor, nor its Affiliates or their employees has paid or agreed to pay any person, other than bona fide employees and consultants working solely for Contractor or its Affiliate, any fee, commission, percentage, brokerage fee, gift or any other consideration contingent upon or resulting from the execution of this Agreement.

In the event of change in either the interests or services under this Agreement, Contractor will inform the MSF or the MEDC regarding possible conflicts of interest which may arise as a result of such change. Contractor agrees that conflicts of interest shall be resolved to the MSF’s or the MEDC’s satisfaction or the MSF may terminate this Agreement. As used in this Paragraph, “conflict of interest” shall include, but not be limited to, conflicts of interest that are defined under the laws of the State of Michigan.

N) Representations of Contractor

Contractor affirms to the best of its knowledge that it or its owners:

1) Do not have any criminal convictions.

2) Are not subjects of any pending criminal investigation.
3) Are not subjects of any past, present or pending investigations by the Internal Revenue Service or any other federal or state taxing body or court.

4) Are not subjects of any past, pending or present litigation regarding its conduct.

5) Are not in material default or breach of any contract or agreement that it may have with the State of Michigan, the MSF or any other public body. Contractor further represents and warrants that it has not been a party to any contract with the State, the MSF or other public body that was terminated within the previous five (5) years due to the Contractor’s failure to perform or otherwise breached an obligation of such contract.

O) State of Michigan Competitors

Any information or knowledge Contractor gains during the course of this Agreement concerning the economic development efforts of the State of Michigan, the MSF, the MEDC or the business conditions or business community in Michigan shall not be disclosed to any public or private party, sovereign authority or foreign government, during the Term and for a period of two (2) years after the later of the Ending Date, the effective date of termination of this Agreement or so long as any information remains confidential pursuant to any contract, law, treaty, resolution or other enforceable promise.

P) Irreparable Injury

Contractor acknowledges that if it breaches any of its obligations under Paragraphs L and O above, it will cause damages of an irreparable and continuing nature to the MSF, for which money damages alone will not provide adequate relief. Therefore, in addition to all appropriate monetary damages, the MSF is entitled to obtain injunctive relief, including, but not limited to, a temporary restraining order to prohibit the Contractor’s continuing breach. The MSF shall have the right to obtain such relief without having to post any bond or other surety.

Q) Indemnification and Contractor Liability Insurance

Contractor shall indemnify, defend, and hold harmless the MSF, its Board and its employees, and the MEDC, its Executive Committee, its Corporate Board of Directors, and its employees (the “Indemnified Parties”) from any and all liability arising out of or in any way related to Contractor’s performance under this Agreement, including any liability resulting from any acts of Contractor’s employees or agents.

Contractor shall purchase and maintain such insurance to protect the Indemnified Parties from claims that might arise out of or as a result of Contractor’s operations. Contractor will provide and maintain its own errors and omissions liability insurance for Contractor’s indemnification obligation under this Agreement. The insurance shall be written for not less than One Million Dollars ($1,000,000) of coverage, but
Contractor's indemnification obligation is not limited to this amount.

R) **Total Agreement**

This Agreement, together with Exhibit A, contains the entire agreement between the Parties superseding any prior or concurrent agreements as to the services being provided, and no oral or written terms or conditions which are not contained in this Agreement shall be binding. This Agreement may not be changed except by written agreement signed by the Parties.

S) **Assignment/Transfer/Subcontracting**

Contractor shall not assign, transfer, convey, subcontract, or otherwise dispose of any duties or rights under this Agreement without the prior specific written consent of the MSF. Contractor agrees that any of Contractor's future successors or subcontractors will be bound by the provisions of this Agreement, unless the MSF otherwise agrees in a specific written consent. The MSF reserves the right to approve subcontractors for this Agreement and to require Contractor to replace subcontractors who are found to be unacceptable to the MSF or the MEDC.

T) **Non-Discrimination and Unfair Labor Practices**

In connection with this Agreement, Contractor shall comply with the Elliott-Larsen Civil Rights Act, 1976 PA 453, MCL 37.2101 et seq., the Persons with Disabilities Civil Rights Act, 1976 PA 220, MCL 37.1101 et seq., and all other federal, state and local fair employment practices and equal opportunity laws and covenants that it shall not discriminate against any employee or applicant for employment with respect to his or her hire, tenure, terms, conditions, privileges of employment, or any matter directly or indirectly related to employment because of his or her race, religion, color, national origin, age, gender, height, weight, marital status, or physical or mental disability unrelated to the individual's ability to perform the duties of a particular job or position. Contractor further agrees that every subcontract entered into in connection with this Agreement will contain a provision requiring nondiscrimination in employment, as required in this Agreement, binding upon each subcontractor.

Pursuant to 1980 PA 278 (the “Act”), MCL 423.321 et seq., the State shall not award a contract or subcontract to an employer whose name appears in the current register of employers failing to correct an unfair labor practice compiled by the United States National Labor Relations Board. Contractor, in relation to this Agreement, shall not enter into a contract with a subcontractor, manufacturer, or supplier whose name appears on this register. Pursuant to section 4 of the Act, the MSF may void this Agreement if, after the Starting Date, the name of the Contractor as an employer or the name of the subcontractor, manufacturer or supplier of Contractor appears on the register.
A breach of this Paragraph constitutes a material breach of this Agreement.

U) **Jurisdiction**

The laws of the State of Michigan shall govern this Agreement. The Parties shall make a good faith effort to resolve any controversies that arise regarding this Agreement. If a controversy cannot be resolved, the Parties agree that any legal actions concerning this Agreement shall be brought in the Ingham County Circuit Court in Ingham County, Michigan, USA. By signing this Agreement, Contractor acknowledges that it is subject to the jurisdiction of this court and agrees to service by first class or express delivery wherever Contractor resides, in or outside of the United States.

V) **Compliance with Laws**

Contractor shall comply with all applicable state, federal and local laws and ordinances in providing the services under this Agreement.

W) **No Partnership or Agency Relationship**

This Agreement does not create a partnership relationship. Further, neither Contractor nor Contractor’s employees or other representatives shall hold themselves out to third parties as an agent or representative of the State of Michigan, the MSF or the MEDC, nor shall they have any authority to take any action or enter into any agreement on behalf of the State of Michigan, the MSF or the MEDC.

X) **No Third Party Beneficiaries**

There are no expressed or implied third party beneficiaries to this Agreement.

Y) **Counterparts**

This Agreement may be executed in one or more counterparts and by facsimile, each of which shall constitute an original, and all of which together shall constitute one and the same instrument.

Z) **Reimbursement**

If this Agreement is terminated as a result of the misuse of funds as reasonably determined by the MSF, MSF shall have no further obligation to make any payments to Contractor. Furthermore, Contractor shall reimburse MSF for payments which were expended for purposes other than those described in this Agreement, as well as any funds which were previously disbursed under this Agreement but not yet expended by Contractor.
AA) **Survival**

The terms and conditions of sections III, V(B), V(E), V(F), V(G), V(H), V(I), V(L), V(O), V(P), V(Q), V(S), V(U), V(W), V(X) and V(Z) shall survive termination of this Agreement.

By submission of a proposal, the Bidder certifies, and in the case of a joint proposal, each party thereto certifies as to its own organization, that in connection with this proposal:

1. The prices in the proposal have been arrived at independently, without consultation, communication, or agreement, for the purpose of restricting competition as to any matter relating to such prices with any other Bidder or with any competitor; and

2. Unless otherwise required by law, the prices which have been quoted in the proposal have not been knowingly disclosed by the Bidder and will not knowingly be disclosed by the Bidder prior to award directly or indirectly to any other Bidder or to any competitor; and

3. No attempt has been made or will be made by the Bidder to induce any other person or firm to submit or not submit a proposal for the purpose of restricting competition.

Each person signing the proposal certifies that she/he:

A) Is the person in the Bidder's organization responsible within that organization for the decision as to the prices being offered in the proposal and has not participated (and will not participate) in any action contrary to 1, 2, and 3 above; or

B) Is not the person in the Bidder's organization responsible within that organization for the decision as to the prices being offered in the proposal but has been authorized, in writing, to act as agent for the persons responsible for such decision in certifying that such persons have not participated (and will not participate) in any action contrary to 1, 2, and 3 above.

A proposal will not be considered for award if this Attachment B has been altered so as to delete or modify 1 or 3, above. If 2, above, has been modified or deleted, the proposal will not be considered for award unless the Bidder provides, with this Attachment B, a signed statement which sets forth, in detail, the circumstances of the disclosure and the MSF determines that such disclosure was not made for the purpose of restricting competition.

MEMORANDUM

Date: May 27, 2014

To: Michigan Strategic Fund (“MSF”) Board Members

From: Deanna Richeson, Director

Subject: Amendment to the Pure Michigan Export Program

Request

This request is to amend the Pure Michigan Export Program to allow the MSF Fund Manager to make changes to the Pure Michigan Export Program, the MI-STEP Program, Eligibility and Application Guidelines, MI-STEP Program Grant Application and the Grant Template.

Background

The Pure Michigan Export Program assists Michigan based companies to expand their customer base through a variety of international trade services that lead to international market expansion. The program focus is on small and medium-sized enterprises, which by the United States Small Business Association’s definition is less than 500 employees, but will also assist larger companies if the assistance will have a clear and identifiable economic impact. Through its strategic statewide network of export partners, the Pure Michigan Export Program is able to assist companies located anywhere in Michigan and ensure they are connected with the resources to evaluate export opportunities, access existing export resources, and increase global competitiveness.

The incentive component of the Pure Michigan Export Program, MI-STEP Program, provides direct reimbursements to qualified small and medium-sized export (SME) companies to develop or expand export-related activities via cost reimbursement of 50 percent of allowable export-related activities to a maximum of $12,000. These reimbursements are coordinated and processed by three Regional Export Network (REN) host organizations: Automation Alley, the Northwest Michigan Council of Governments, and Van Andel Global Trade Center. In addition to the REN hosts, MEDC also coordinates and processes reimbursements to SMEs.

The Pure Michigan Export Program operates pursuant to MSF adopted Eligibility and Application Guidelines and utilizes an MSF adopted Grant Template. As the Pure Michigan Export Program develops and evolves, it becomes necessary to make adjustments and modifications to the Pure Michigan Export Program, the MI-STEP Program, Eligibility and Application Guidelines, MI-STEP Program Grant Application and the Grant Template of an administrative and/or a non-material nature.

Recommendation

The MEDC Export staff recommends approval of an amendment to the Pure Michigan Export Program to allow the MSF Fund Manager to make changes to the Pure Michigan Export Program, the MI-STEP Program, Eligibility and Application Guidelines, MI-STEP Program Grant Application and the Grant Template.
Template, and other changes that increase the operational efficiency and effectiveness of the Program which are administrative or not otherwise materially adverse to the MSF.

Specifically, the MEDC Export staff recommends approval of this amendment to allow the MSF Fund Manager to change Program Guideline B.4 of the MI-STEP Eligibility and Application Guidelines. Program Guideline B.4 currently states “Companies must submit a MI-STEP Program application to the REN host or ITM at least 30 days before the event/activity for which funding is sought” and we are seeking approval to change it to “Companies must submit a MI-STEP Program application to the REN host or ITM prior to the event/activity for which funding is sought.”
WHEREAS, the Michigan Strategic Fund (“MSF”) desires to assist eligible Michigan based small businesses, increase the number of small businesses that are exporting, increase the value of exports for those small businesses that are currently exporting, and to expand their customer base through a variety of international trade services that lead to international market expansion (the “Pure Michigan Export Program”);

WHEREAS, on October 23, 2013, by Resolution 2013-165, the MSF supported the creation and operation of the MI-STEP Program by the adoption and approval of the Eligibility and Application Guidelines and a Grant Template for the MI-STEP Program;

WHEREAS, the Michigan Economic Development Corporation (“MEDC”) provides administrative services to the MSF for a variety of programs overseen by the MSF;

WHEREAS, during the course of operating and managing the MI-STEP Program the MEDC believes it is necessary that adjustments and modifications to the Pure Michigan Export Program, the MI-STEP Program, Eligibility and Application Guidelines, MI-STEP Program Grant Application and the Grant Template be made which are administrative or not otherwise materially adverse to the MSF;

WHEREAS, the MEDC recommends allowing the MSF Fund Manager to make changes to the Pure Michigan Export Program, the MI-STEP Program, Eligibility and Application Guidelines, MI-STEP Program Grant Application and the Grant Template which are administrative or not otherwise materially adverse to the MSF; and

WHEREAS, based on the recommendation of the MEDC, the MSF Board desires to approve and authorize the MSF Fund Manager to make changes to the Pure Michigan Export Program, the MI-STEP Program, Eligibility and Application Guidelines, MI-STEP Program Grant Application and the Grant Template which are administrative or not otherwise materially adverse to the MSF. Specifically, to allow the MSF Fund Manager to change Program Guideline B.4 of the MI-STEP Eligibility and Application Guidelines. to “Companies must submit a MI-STEP Program application to the REN host or ITM prior to the event/activity for which funding is sought.”

NOW, THEREFORE, BE IT RESOLVED, the MSF hereby approves and authorizes the MSF Fund Manager to make changes to the Pure Michigan Export Program, the MI-STEP Program, Eligibility and Application Guidelines, MI-STEP Program Grant Application and the Grant Template which are administrative or not otherwise materially adverse to the MSF. Specifically, to allow the MSF Fund Manager to change Program Guideline B.4 of the MI-STEP Eligibility and Application Guidelines. to “Companies must submit a MI-STEP Program application to the REN host or ITM prior to the event/activity for which funding is sought.”

Subject: Precision Design and Manufacturing, Inc.
Tool and Die Recovery Zone – Revocation

Action
The Michigan Economic Development Corporation (“MEDC”) is recommending Precision Design and Manufacturing, Inc.’s (the “Company”) Tool and Die Recovery Zone be revoked by the Michigan Strategic Fund (“MSF”) Board. There are 7 years remaining on the Company’s 15-year Tool and Die Recovery Zone, designated on December 20, 2006 and currently set to expire on December 31, 2021.

Background
The Company was in the business of high-tech injection mold building and specialty fixture and component building at a facility in City of Hudsonville (the “City”), Ottawa County. Its operations were supported by a Tool and Die Recovery Zone designation with the Michigan Coast to Coast Tool & Die Collaborative (the “Collaborative”), awarded in 2006 by the MSF Board. The President of the Collaborative notified Staff at the MEDC that the Company was no longer a participating member of the Collaborative. Therefore, the Company is no longer qualified to receive the benefits of a Recovery Zone because the Company is not currently a party to a qualified collaborative agreement, as required by the Michigan Renaissance Zone Act.

Under the Act, the MSF Board has the authority to revoke the designation of a Recovery Zone for a qualified tool and die business if the qualified tool and die business fails or ceases to participate in or comply with a qualified collaborative agreement.

Recommendation
The MEDC Staff recommends the MSF Board revoke the Tool and Die Recovery Zone designation for Precision Design and Manufacturing, Inc.’s site in the City of Hudsonville. The revocation will be effective December 31, 2014 for property tax purposes and immediately for all other purposes.

WHEREAS, on December 20, 2006, the MSF Board designated a Recovery Zone for the Michigan Coast to Coast Tool & Die Collaborative (the “Collaborative”), effective January 1, 2007;

WHEREAS, the Collaborative included Precision Design and Manufacturing, Inc. (the “Company”), whose Tool and Die Recovery Zone designation is located at 3620 Highland Drive, Hudsonville, Michigan (the “Property”);

WHEREAS, Section 8d(3) of the Act permits the MSF to revoke the designation of all or a portion of a recovery zone with respect to one or more qualified tool and die businesses if those qualified tool and die businesses fail or cease to participate in or comply with a qualified collaborative agreement;

WHEREAS, the Michigan Economic Development Corporation (“MEDC”) provides administrative services for the renaissance zone program;

WHEREAS, the MEDC received notification from the President of the Collaborative that the Company is no longer a participating member in the collaborative agreement;

WHEREAS, the MEDC considered and investigated the notification submitted by the Collaborative and recommends revocation of the Company’s Tool and Die Recovery Zone designation.

NOW, THEREFORE, BE IT RESOLVED, that the MSF Board revokes the Tool and Die Recovery Zone designation for Precision Design and Manufacturing, Inc. for the Property located at 3620 Highland Drive, Hudsonville, Michigan, effective on December 31, 2014 for property tax purposes and immediately for all other purposes; and

MEMORANDUM

To: Michigan Strategic Fund Board

From: Roselyn Zator, Managing Director, Entrepreneurial Services

Subject: FY 2014 University Technology and Commercialization Program Recommendations

Action
The MEDC requests that the MSF Board approve total funding of $3,000,000 to the following university programs: $1,375,000 for University of Michigan – Technology Transfer Talent Network, $1,450,000 for University of Michigan – Michigan Corporation Relations Network and $175,000 for PrecisEd for their 2014 University Technology and Commercialization Programs.

Background
Since 2011 the Michigan Strategic Fund (“MSF”) has provided funding to universities to encourage the State’s public universities to collaborate and identify the commercial potential in advanced technologies from individual institutions, facilitate the bundling of inventions into packages that could be of interest to the public sector, encourage business formation efforts and to increase the number of institution of higher education related start-up companies. The Michigan Economic Development Corporation (“MEDC”) provides administrative services for the university technology commercialization grants. The talent and corporate relations programs have supported collaboration of 7 universities as well as enhanced business engagement activities that support industry and university collaboration throughout the state of Michigan.

On March 25th, 2014 the MSF Board approved:

1) Allocation of $3,000,000 from funds appropriated to the MSF for innovation and entrepreneurship to the 2014 University Technology and Commercialization Program to solicit proposals from organizations that have received prior MSF funding and require additional funding to support them in continuation of the programs.
2) 2014 University Technology and Commercialization Program RFP
3) Joint Evaluation Committee (JEC) to review the submissions to the RFP and,
4) Scoring and evaluation criteria for the review of the University Technology and Commercialization Program proposals.

Results
The MEDC received three proposals totaling $3,676,035 in response to the RFP. The JEC reviewed the proposals and decided to fund all proposals, though decreased the amount of funding to reflect one year grants, as well as, removed a proposed program from the Technology Transfer Talent Program due to lack of committee support. Exhibit A lists all of the proposals received and their scores. A summary of the proposals follows:
• University of Michigan in collaboration with Michigan State University, Michigan Technological University, Wayne State University, Oakland University, Grand Valley State University and Western Michigan University ($1,375,000 over 1 year to support continuation of the Technology Transfer Talent Program): The universities will use these funds to continue programs that support technology commercialization within their technology transfer offices, including; Mentor in Residence, Fellows, Postdocs, Fellow Entrepreneurship Bootcamp and technology commercialization training programs that will support all universities within the state of Michigan. Prior to this award the awardee managed a similar MSF supported program beginning in 2011 in the amount of $2,430,000 with which they were able to create 16 new companies, 26 new jobs, and leverage $2,143,671 in additional funds. The companies created were able to obtain an additional $2,549,715 in Federal grants, $500,000 in Angel funds, $7,550,000 in university investments producing 13 patents, 16 license agreements and 2 new products.

• University of Michigan in collaboration with Michigan State University, Michigan Technological University, Wayne State University, University of Michigan – Dearborn, University of Michigan – IRLEE (Institute for Research on Labor, Employment and the Economy), Western Michigan University and the University Research Corridor ($1,450,000 over 1 year to support continuation of the Michigan Corporate Relations Network): The universities will use these funds to continue programs that support university and industry engagement across the state of Michigan, including; university business engagement offices, Small Company Innovation and Technology & Commercialization Assistance, Small Company Internship Awards, Faculty Expertise Business Portal and the Library Resources for Small Companies. Prior to this award the awardee managed a similar MSF supported program beginning in 2011 in the amount of $1,845,000 with which they were able to serve 117 small companies, create 111 jobs through internships, disburse $545,722 funds to small companies supporting collaboration with universities, leverage $1,111,735 in additional funds and create a database for use by industry that includes 7,837 research faculty, 318,118 publications, 60,515 awarded grants, 674 patents and 103 core facilities.

• PrecisEd ($175,000 for 1 year to support the Michigan Translational Research and Commercialization Program): PrecisEd will use this funding to administer and maintain the Coulter process within the MTRAC programs at the University of Michigan, Michigan State University and Michigan Technological University. PrecisEd will provide programmatic oversight for the MTRAC program to ensure adherence to the Coulter process for maximum success of the MTRAC program in which the MSF had previously supported in 2012 allocating $6,000,000 for the program. The Coulter process for commercialization of university research has resulted in 9:1 return in investment made by the Coulter Foundation into 10 leading public and private research institutions such as University of Michigan, Stanford, Duke and Drexel. The subject matter expert who will be working with and coaching the individual program Oversight Committees, Commercialization Project Directors and Academic PI’s is the former Coulter Program Director at Duke University where she leveraged a $4.5M grant into $92M of external follow-on funding and a $20M endowment for the Department of Biomedical Engineering.

Recommendation
The MEDC requests that the MSF Board approve funding of $1,375,000 for University of Michigan–Technology Transfer Talent Network, $1,450,000 for University of Michigan– Michigan Corporation Relations Network and $175,000 for PrecisEd for their 2014 University Technology and Commercialization Programs.

MEMORANDUM

Date: May 27, 2014

To: Michigan Strategic Fund (MSF) Board Members

From: Stacy Bowerman, Manager, Business Incentives
Larry Roggenbuck, Program Specialist, CDBG
Christine Whitz, Manager, Community Development Block Grant (CDBG) Program

Subject: Community Development Block Grant Program
fairlife, LLC (the “Company”) Infrastructure Project
City of Coopersville (the “City”), County of Ottawa

Request
The City of Coopersville is requesting $2,400,000 in Community Development Block Grant (CDBG) funds for infrastructure improvements needed for the fairlife, LLC Infrastructure Project located in Ottawa County, Michigan. The City of Coopersville (the “City”) expects that this project could result in private investment of $96,254,850 and the creation of 100 jobs.

Background
Fairlife, LLC (the “Company”), headquartered in Chicago, Illinois, is a health and wellness company that is based on the natural nutrition of dairy. The Company makes nutrient-rich milk products, including Core Power®, a high-protein muscle recovery drink. The Company is owned by Select Milk Producers and The Coca-Cola Company and has production facilities in Dexter, New Mexico and Fair Oaks, Indiana.

In 2013, the Company was awarded a $900,000 MBDP performance based grant to offset the cost of constructing a new facility in the City to manufacture nutritionally enhanced liquid milk products at a newly constructed facility in the City. The project was expected to result in investment of $127 million and the creation of 133 new jobs. Since approval, the Company completed construction of the facility and created 50 jobs.

The Company plans to construct two additional enhanced/nutritious milk product bottling lines in their new Coopersville facility. The new product lines will require the Company to invest $15,598,815 in new building construction and existing building renovations as well as the acquisition of $80,656,035 in new machinery and equipment and furniture and fixtures.

In order to support the Company’s increased volume of wastewater due to the expansion, the City must improve the wastewater collection/transmission system serving this site. If the City cannot address the Company’s increased wastewater needs, the Company would be unable to expand its operations in Michigan.

The City is requesting assistance for three dedicated public sanitary sewer infrastructure projects to support the Company’s growth. The infrastructure improvements include a new sanitary pump station and two force mains from the Company’s location to the City’s wastewater treatment plant. The proposed new dedicated sanitary sewer pump station and the two force mains will meet the wastewater discharge requirements of the Company as they continue to grow.

The CDBG Eligible Activities include the public sanitary sewer construction and the local match includes the engineering costs related to the construction of the public sanitary sewer projects.
Program Requirements

The project was evaluated utilizing the CDBG requirements. It has been determined that the project meets the following requirements to qualify as an eligible project under the CDBG program:

- **National Objective:**
  This project qualifies for CBDG funding as the project activities are expected to result in the creation of 100 permanent full time equivalent positions over the next two years. The business has agreed that at least 51 of the 100 positions will be provided to low to moderate income persons. The project meets a national objective by providing benefit to at least 51 percent low and moderate income persons. The CDBG cost per job is $24,000, with an average wage of $17.60 per hour.

- **Eligible Activity:**
  This project involves eligible activities identified in Section 105(a)(2) of Title I of the Housing and Community Development Act of 1974, as amended.

Screening Guidelines

The project was evaluated utilizing the CDBG guidelines. It has been determined that the project meets the following standards to qualify as an eligible project under the CDBG program:

- **Economic Impact:**
  The economic impact of this project was evaluated. It was determined that this project will result in significant private investment and job creation; will diversify the economic base of the local and state economies; is a redevelopment of a former automotive manufacturing operation; and will result in a positive return to Michigan.

- **Minimum Local Participation:**
  The City will make an anticipated contribution of $384,000 which is fourteen percent (14%) of the total infrastructure costs. The funds will be provided by City’s water/sewer fund.

- **Minimum Leverage Ratio:**
  The private leverage contribution, to be provided by the Company, is noted in Attachment A and equals $96,254,850, which results in a leverage ratio of approximately 40:1 of the CDBG grant.

- **Financial Viability and Background Check:**
  The business receiving the benefit from this project has completed a background check with no concerns and has been determined to be financially viable.

- **Project Budget:**
  See Attachment A.

The MEDC staff has concluded that the project meets the minimum program requirements and screening guidelines to be eligible under the CDBG program.

Recommendation

The MEDC Staff recommends:

- A CDBG Infrastructure grant agreement in the amount of $2,400,000 be authorized for the City of Coopersville for the fairlife, LLC Infrastructure Project.

BE IT FURTHER RESOLVED, staff is directed to negotiate the terms of a grant agreement for the Project consistent with this Resolution. The Fund Manager or MSF President is authorized to execute, on behalf of the MSF, all documentation necessary to effectuate the proposed Project; and

BE IT FURTHER RESOLVED, if the Community fails to execute and return the grant agreement to staff within 120 days of the date this Resolution is adopted, this Resolution shall be of no further force and effect and shall be void.

MEMORANDUM

Date: May 27, 2014

To: Michigan Strategic Fund (“MSF”) Board Members

From: Marcia Gebarowski, Senior Development Finance Manager

Subject: Challenge Mfg. Company, LLC (“Company” or “Applicant”) Michigan Business Development Program Performance-based Grant Request

Request
This is request from the Applicant for a $2,500,000 performance-based grant. This project involves the creation of 450 Qualified New Jobs, and a capital investment of up to $50,000,000 in the City of Pontiac, Oakland County.

Background
The Applicant, founded in 1981, is leading Tier 1 manufacturer of engineered modular assemblies and metal formed products and for the automotive industry. The Applicant, headquartered in Walker, Michigan, operates four facilities in West Michigan with over 2,000 employees.

The Applicant has requested confidentiality on proprietary information supplied in their application materials. As a result of new contracts awarded to them, the Applicant needs to establish new assembly operations. The Applicant plans to construct a 400,000 square foot facility in the City of Pontiac (2100 S. Opdyke Road, Pontiac). The project site is a portion of the former General Motors Truck and Bus site, which ceased operations in 2009.

The project involves a commitment of the Michigan Business Development Program grant as well as a commitment of brownfield tax increment financing (TIF) reimbursement which will be brought before the MSF Board at a future date. The estimated value of MSF TIF capture is $2.2 million. There is also a commitment of Community Ventures funds for eligible employees hired as a result of the project.

The Applicant was approved for a $1 million BDP grant in March, 2013 to expand manufacturing operations in Holland, Ottawa County and Walker, Kent County. The Applicant proposed the creation of 180 Qualified New Jobs. To date, the Applicant has exceeded this hiring commitment two years ahead of the schedule identified in their agreement and have successfully created all required jobs.

The Applicant plans to construct a new automotive components assembly facility in the City of Pontiac, make investments and create jobs related to the manufacture of automotive components.

Considerations

a) The Applicant is a “Qualified Business”, as defined in MCL 125.2088r(9)(b), that is located and operates in Michigan.

b) The project will be located in the City of Pontiac. The city has offered a “staff, financial, or economic commitment to the project” in the form of brownfield tax increment financing (TIF)
reimbursement as well as the commitment of a PA 198 related to the project. The estimated length of the brownfield tax capture is 16 years to reimburse approximately $5 million in eligible activities.

c) The Applicant has demonstrated a need for the funding. The competing site for this assembly work is an existing building in Ontario, Canada. The Applicant would not have been required to invest in brownfield remediation and new construction costs had they chosen to locate in an existing building. The Applicant cited numerous job creation and job training incentives offered to the project from the Southwestern Ontario Development Fund including cash grant for job creation similar to Michigan’s incentive.

d) The Applicant plans to create 450 Qualified New Jobs above a statewide base employment level of 2,024.

e) Pursuant to the program guidelines, the following was taken into consideration for the proposed project: The Applicant indicates that investment will begin in the summer of 2014, job creation is expected to commence in 2014, the project is located in a distressed community, the project involves the remediation and redevelopment of a brownfield site, and the project results in a positive ROI for Michigan.

Subject: MBGF – Collateral Support Proposal

Kilbourn Produce, LLC/Kilbourn Farms, Inc./2246690 Ontario Inc. o/a Darpa Systems & Technology (and/or related borrower(s))

Request

Kilbourn Produce, LLC (“Kilbourn Produce”) is a new entity that was formed in order to operate a new twelve acre greenhouse facility in Marshall. Kilbourn Produce is a joint venture between two existing companies, Kilbourn Farms, Inc. (“Kilbourn Farms”) and 2246690 Ontario Inc. o/a Darpa Systems & Technology (“Darpa”). The project is anticipated to cost $11,930,000. Fifth Third Bank (“Bank”) has proposed an $8,650,000 construction note in order to provide financing for the project, with the remainder of the cost be contributed as equity from Kilbourn Farms and Darpa. In addition, the Bank is proposing a $1,000,000 non-revolving working capital line of credit.

At its February 25, 2014 meeting, the MSF Board approved a request for collateral support totaling up to $4,316,350 in order to address an anticipated collateral shortfall of the construction project. The Bank is now requesting an additional $499,000 in collateral support for a proposed $1,000,000 non-revolving working capital line. It was anticipated at the time that this project was previously presented to the MSF Board that the Bank may request support for the working capital line. Proceeds of the line would be used to pay start-up and operating costs of the Kilbourn Produce, including the purchase of seed inventory, until the first growing cycle can be completed and revenue begins to be generated. It is anticipated that the line will be fully drawn during the first year of operation of Kilbourn Produce, with repayment anticipated to begin during its second year. The Bank will require that the line be paid down to not more than $750,000 outstanding by month 15 and to $0 outstanding by maturity. The Bank has not yet closed the construction note, and is anticipating closing both proposed extensions of credit by the end of this month.

A. Bank Facility and MSF Support

Fifth Third Bank has proposed to provide the following credit facilities:

<table>
<thead>
<tr>
<th>Facility</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Draw to Term = Real Estate</td>
<td>$8,650,000</td>
</tr>
<tr>
<td>Non-Revolving Line = Working Capital</td>
<td>$1,000,000</td>
</tr>
<tr>
<td>Multi-Card Product</td>
<td>$100,000</td>
</tr>
<tr>
<td>Total Loans Leveraged</td>
<td>$9,750,000</td>
</tr>
</tbody>
</table>
In addition to the proposed financing, the borrowers for this project will be contributing $3,280,000 in land and cash equity to the project. Given the above structure, the proposed MSF exposure is a maximum of:

- Draw to Term = Real Estate $4,316,350
- Non-Revolving Line = Working Capital $499,000
- Total MSF Contribution $4,815,350

Under definitions provided by the US Department of Treasury related to the calculation of leverage, the reported leveraged lending as compared to MSF exposure is 2.71:1.

B. Confidentiality
As part of preparation for closing of the facility, there are numerous underwriting documents which contain financial and other proprietary information that are shared with Staff. The MSF Act, (pursuant to MCL 125.2005(9)) provides the MSF the authority to acknowledge such information as confidential information (“Designated Information”). The Bank and the company seek confidentiality protection from the MSF as described on the attached summary of Designated Information.

Background
The proposed financing will be used to construct a 547,469 sq. ft. hydroponic greenhouse, acquire equipment related to its operation, and provide access to working capital that will be available to pay for start-up and operational expenses. The greenhouse will produce sweet bell peppers utilizing a highly efficient hydroponic watering system which will deliver the precise amount of nutrients to each plant. Plant maintenance and harvesting will be conducted on integrated trolley systems which will provide optimum plant access and a highly efficient system for picking, packing, and shipping. There is a similar hydroponic greenhouse operation located in Coldwater that is being used for the production of tomatoes. Bell peppers require a similar growing environment to tomatoes. The growing environment and automated processes have been proven to significantly reduce the risk of product contamination or pest infestation, as well as shortening the time from picking to retail display.

Kilbourn Produce has an agreement in place in order to sell 100% of product produced to Mastronardi Produce LTD (“Mastronardi”) during Kilbourn Produce’s first year of operations. Mastronardi was willing to enter into a longer agreement, however Kilbourn Produce wanted the ability to negotiate pricing on a yearly basis. Given the demand for locally grown produce, Kilbourn Produce anticipates a strong potential market for its products should it not reach an agreement to renew with Mastronardi.

Employment
Kilbourn Produce anticipates adding 22 employees within 6 months of completion of construction. The average annual salary for employees of the company is anticipated to be $24,500.
Financial Overview

Proforma income statements provided by Harvest Fresh anticipate gross revenue of $3.82MM in its first year of operations with modest revenue growth in subsequent years. Resulting cash flow in the first year is anticipated to be $1.87MM, again with modest increases anticipated in subsequent years. Based on the anticipated annual debt service for this project, the resulting proforma fixed charge coverage ratio would be 2.23:1 for the first year.

The majority of the revenue generated by Kilbourn Farms comes through its agreements for the oil and gas rights on its property. In 2013, revenue generated through this agreement totaled $1.12MM. Net profit for 2013 was $928M. Historically the majority of net profit generated by Kilbourn Farms is taken as distributions by its owners for discretionary income. For 2013, ownership distributions totaled $829M. As a part of the proposed financing package, the Bank will be taking an assignment on the oil and gas rights of Kilbourn Farms. In 2013, Darpa recorded gross revenue of $3.34MM and net profit of $592M. A proforma global cash flow analysis, including the income statement projections and anticipated debt service obligation for Kilbourn Produce during its first year of operation and the 2013 financial performance and existing debt service obligations for Kilbourn Farms and Darpa, the resulting debt service coverage for the first year of operations is 2.69:1.

The portion of Kilbourn Produce to be owned by Darpa will be held by a US holding company, Michigan Greenhouse Corp. This entity will be providing a corporate guaranty for the proposed debt.

Source of Information

It is the role of Capital Services Team staff (“CST”) to review for eligibility, completeness, and adherence to industry standards and practices, the information provided by the financial institution and to manage the MSF’s structural risk. Explanatory and background information is supplied in summary form to provide context for the request and is drawn exclusively from material submitted by the lending institution and from third party research sources such as Dunn and Bradstreets FirstResearch database.

MEMORANDUM

To: Michigan Strategic Fund Board

From: Christopher Cook, Business Capital Relationship Manager

Subject: Private Activity Bond – Bond Authorizing
Dominican Health Care Corporation d/b/a Lourdes Senior Community
Non-Profit - $14,500,000 – New

Request:
Dominican Health Care Corporation d/b/a Lourdes Senior Community (“Lourdes”) is requesting private activity bond financing for the conversion of all of its skilled nursing rooms to private rooms. These renovations will be made to Lourdes Nursing Home, which is located on Lourdes’ 38-acre campus in the Charter Township of Waterford, Oakland County. Currently there are 16 private rooms for its skilled nursing residents, and with this project an additional 92 rooms will be available for private residency. The current 4-bed ward and semi-private units are 488 square feet and 255 square feet respectively. As private rooms, they will be converted into 295 square foot resident rooms. The estimated cost of the construction is $10.2 million and the acquisition and installation of equipment and furnishings is estimated to be approximately $1.2 million, in addition to capitalized interest and required reserves.

Lourdes currently employs approximately 176 individuals. No new jobs are expected to be created.

Background:
Lourdes is a Michigan nonprofit corporation founded in 1965 which maintains its tax-exempt status under Section 501(c)(3) of the Internal Revenue Code. Lourdes owns and operates four senior living facilities in Michigan. These facilities allow Lourdes to offer independent and assisted living, Alzheimer’s care, and skilled nursing amenities to their residents.

Plan of Finance:
Lourdes retained the services of B. C. Ziegler and Company to conduct a tax-exempt credit solicitation search process. PNC Bank, National Association was selected and will privately purchase the bonds. On PNC Bank’s terms, Lourdes would realize a savings of approximately $1,329,780 over ten years against comparable taxable interest rates.

Recommendation:
Based upon a determination by Clark Hill PLC, and the State of Michigan Attorney General’s office that the project complies with state and federal law requirements for tax exempt financing, the staff recommends the adoption of a Bond Authorizing Resolution in the amount not to exceed the amount of $14,500,000.
RESOLUTION TO AUTHORIZE THE ISSUANCE OF THE MICHIGAN STRATEGIC FUND VARIABLE RATE LIMITED OBLIGATION REVENUE BONDS (LOURDES SENIOR COMMUNITY PROJECT), SERIES 2014

The Bonds shall bear the manual or facsimile signature of a member of the Fund’s Board of Directors (a “Member”) or of a person authorized by Board Resolution to sign Bond documents on behalf of the Fund (an “Authorized Officer”), and the official seal of the Fund (or a facsimile of the seal) shall be
impressed or imprinted on the Bonds. The Bonds and the interest and any premium on the Bonds are not a debt or obligation of the State of Michigan or a general obligation of the Fund within the meaning of any constitutional or statutory limitation and do not constitute a charge against the credit or taxing powers of the State of Michigan or the general funds or assets of the Fund (including funds relating to other Fund loans or activities), but shall be limited obligations of the Fund payable solely from the revenues derived from the Loan Agreement and otherwise as provided in the Indenture.

SECTION 2. Approval, Execution and Delivery of Documents. The forms of the following documents, on file with the staff of the Fund and on which have been endorsed by the staff of the Fund the date of adoption of this Resolution, are approved:

a. Bond Purchase Agreement
b. Loan Agreement
c. Indenture

Any Member and Authorized Officer are authorized to execute and deliver the Bond Purchase Agreement and any Member or Authorized Officer is authorized to execute and deliver the remaining documents identified in this Section, in substantially the forms approved, with any changes as are considered necessary or desired by him or her, permitted by the Act or otherwise by law, and not materially adverse to the Fund.

SECTION 3. Completion of Document Terms. Any Member may approve the initial interest rate applicable to the Bonds, which shall not be more than 10.0% per annum, and the principal amount of the Bonds, which shall not be greater than $14,500,000. Approval of those terms shall be evidenced by the Member’s execution of the Bond Purchase Agreement.

SECTION 4. Sale and Delivery of the Bonds. A Member or an Authorized Officer shall execute, seal, and deliver the Bonds upon receipt of the following documents and payment of the purchase price for the Bonds:

a. an opinion of bond counsel to the Fund acceptable to the Fund and the Attorney General of the State of Michigan (the “Attorney General”),

b. an opinion of counsel to the Obligor and necessary certificates and representations of the Obligor acceptable to the Fund, the Attorney General, and bond counsel, and
c. an approving opinion of the Attorney General.

Upon receipt, the proceeds of the Bonds shall be paid over to the Obligor in accordance with the Indenture.

SECTION 6. Authorization of Filings, Submissions and Other Documents. Any Member or Authorized Officer, as well as counsel to the Fund, is authorized to apply for or submit, execute, and deliver the other certificates, documents, opinions, and papers to any party or governmental agency as may be required by the Indenture, the Loan Agreement, or the Bond Purchase Agreement, or as may be necessary to effectuate the valid issuance, sale and delivery of the Bonds as tax-exempt bonds and otherwise as contemplated by those documents.

SECTION 7. Conflict and Effectiveness. All resolutions or other proceedings of the Fund in conflict with this Resolution are repealed to the extent of the conflict. Lansing, Michigan
MEMORANDUM

Date: May 27, 2014

To: Michigan Strategic Fund Board

From: Christopher Cook, Business Capital Relationship Manager

Subject: Private Activity Bond – Bond Authorizing
The Young Men’s Christian Association of Metropolitan Detroit
Non-Profit – Not to Exceed $30,000,000 – Refunding

Request:
The Young Men’s Christian Association of Metropolitan Detroit, doing business as YMCA of Metropolitan Detroit (“YMCA”), is requesting private activity bond financing for the purpose of refunding the Michigan Strategic Fund’s outstanding Variable Rate Demand Limited Obligation Revenue Bonds (YMCA of Metropolitan Detroit Project), Series 2001, originally issued in the aggregate principal amount of $15,000,000 (the “2001 Bonds”), and its outstanding Variable Rate Demand Limited Obligation Revenue Bonds (YMCA of Metropolitan Detroit Project), Series 2003, originally issued in the aggregate principal amount of $20,000,000 (the “2003 Bonds”). The 2001 Bonds and the 2003 Bonds are currently secured by letters of credit which expire on August 31, 2014.

The proceeds of the 2001 Bonds were used by the YMCA to: (i) finance the acquisition, construction, furnishing and equipping of an approximately 32,000 square foot YMCA facility in the Village of Milford, Oakland County; (ii) finance the acquisition, construction, furnishing and equipping of an approximately 45,000 square foot YMCA facility in the City of Auburn Hills, Oakland County; and (iii) pay capitalized interest on the 2001 Bonds and costs of issuance of the 2001 Bonds. The proceeds of the 2003 Bonds were used by the YMCA to: (i) finance the acquisition, construction, furnishing and equipping of an approximately 100,000 square foot YMCA facility in the City of Detroit, Wayne County; and (ii) pay capitalized interest on the 2003 Bonds and costs of issuance of the 2003 Bonds.

Background:
YMCA is a Michigan nonprofit corporation organized in 1874, and is tax-exempt under Section 501(c)(3) of the Internal Revenue Code. The YMCA is a community organization, affiliated with the YMCA of the USA, dedicated to building “strong kids, strong families and strong communities” through a wide variety of educational, recreational, social and health care programs and services. The YMCA owns and operates 13 community branch facilities in the Metropolitan Detroit area, two camps and a charter school.

The YMCA employs approximately 40 full time employees at the Milford facility, 59 full time employees at the Auburn Hills facility, and approximately 79 full time employees at the Detroit facility.
**Plan of Finance:**
The Bonds will be purchased by Huntington Public Capital Corporation in a direct purchase transaction for an initial term of approximately seven (7) years. The financing will result in more sustainable net annual debt service by amortizing the principal of the Bonds over a period of twenty (20) years and will eliminate letter of credit and remarketing fees applicable to the 2001 Bonds and the 2003 Bonds. Based on average historical variable interest rates, the financing is expected to result in an overall net reduction in debt service costs of approximately $1.3 million.

**Recommendation:**
Based upon a determination by Miller, Canfield, Paddock and Stone, P.L.C., and the State of Michigan Attorney General’s office that the refunding complies with state and federal law requirements for tax-exempt financing, the staff recommends the adoption of a Bond Authorizing Resolution in the amount of not to exceed $30,000,000.
Resolution 2014

Background

A. The Michigan Strategic Fund (the “Fund”) is authorized by 1984 PA 270, as amended (the “Act”), to issue bonds for the purpose of making loans to pay the costs of a project (as described in the Act) and to refund bonds previously issued for such purpose.

B. The Young Men’s Christian Association of Metropolitan Detroit, doing business as YMCA of Metropolitan Detroit, a Michigan non-profit corporation registered in Michigan (the “Obligor”), has requested a loan from the Fund to assist the Obligor in refunding (i) the Fund’s outstanding Variable Rate Demand Limited Obligation Revenue Bonds (YMCA of Metropolitan Detroit Project), Series 2001, originally issued in the aggregate principal amount of $15,000,000 (the “2001 Bonds”), and (ii) the Fund’s outstanding Variable Rate Demand Limited Obligation Revenue Bonds (YMCA of Metropolitan Detroit Project), Series 2003, originally issued in the aggregate principal amount of $20,000,000 (the “2003 Bonds”).

C. The Obligor has requested that the Fund issue its Variable Rate Limited Obligation Revenue Refunding Bonds (YMCA of Metropolitan Detroit Project), Series 2014 in the principal amount not to exceed $30,000,000 (the “Bonds”) pursuant to this resolution (this “Resolution”) and a trust indenture (the “Trust Indenture”) between the Fund and U.S. Bank National Association, as Trustee (the “Trustee”), to obtain funds which will be loaned to the Obligor pursuant to a loan agreement (the “Loan Agreement”) between the Fund and the Obligor for the purpose of refunding the 2001 Bonds and the 2003 Bonds and paying costs incidental to the issuance of the Bonds.

D. The Bonds will be issued as fully registered bonds in the denominations provided for in the Trust Indenture.

E. The Bonds will be purchased by Huntington Public Capital Corporation, as purchaser (the “Purchaser”), pursuant to a continuing covenant agreement between the Purchaser and the Obligor.
NOW, THEREFORE, Be It Resolved by the Board of the Fund:

SECTION 1. Issuance of Bonds; Limited Obligation. For the purpose of making the loan requested by the Obligor, the issuance of the Bonds is authorized. The terms of the Bonds shall be substantially in the form contained in the Trust Indenture, with the changes permitted or required by action of the Fund or the Trust Indenture. The Bonds shall bear the manual or facsimile signature of a member of the Fund’s Board of Directors (a “Member”) or of a person authorized by Board Resolution to sign Bond documents on behalf of the Fund (an “Authorized Officer”), and the official seal of the Fund (or a facsimile of the seal) shall be impressed or imprinted on the Bonds. The Bonds and the interest and any premium on the Bonds are not a debt or obligation of the State of Michigan or a general obligation of the Fund within the meaning of any constitutional or statutory limitation and do not constitute a charge against the credit or taxing powers of the State of Michigan or the general funds or assets of the Fund (including funds relating to other Fund loans or activities), but shall be limited obligations of the Fund payable solely from the revenues derived from the Loan Agreement and otherwise as provided in the Trust Indenture.

SECTION 2. Approval, Execution and Delivery of Documents. The forms of the following documents, on file with the staff of the Fund and on which have been endorsed by the staff of the Fund the date of adoption of this Resolution, are approved:

a. the Loan Agreement
b. the Trust Indenture

Any Member and Authorized Officer are authorized to execute and deliver the Trust Indenture and any Member or Authorized Officer is authorized to execute and deliver the Loan Agreement, in substantially the forms approved, with any changes as are considered necessary or desired by him or her, permitted by the Act or otherwise by law, and not materially adverse to the Fund.

SECTION 3. Completion of Document Terms. Any Member may approve the aggregate principal amount of the Bonds, which shall not be greater than $30,000,000. The Bonds shall bear interest at such rate or rates as shall be determined from time to time in accordance with the provisions of the Trust Indenture; provided, however, that the interest rate or rates on the Bonds shall in no event exceed the maximum rate of interest permitted by the Trust Indenture. The Bonds shall initially bear interest at the Bank Purchase Rate for the initial Bank Purchase Rate Period as provided in the Trust Indenture. The Fund’s approval and acceptance of the offer of the Purchaser to purchase the Bonds and of the final terms of the Bonds shall be evidenced by the execution of the Trust Indenture by any Member.
SECTION 4. Sale and Delivery of the Bonds. A Member or an Authorized Officer shall execute, seal, and deliver the Bonds upon receipt of the following documents and payment of the purchase price for the Bonds:

a. an opinion of bond counsel to the Fund acceptable to the Fund and the Attorney General of the State of Michigan (the “Attorney General”),

b. an opinion of counsel to the Obligor and necessary certificates and representations of the Obligor acceptable to the Fund, the Attorney General, and bond counsel, and

c. an approving opinion of the Attorney General.

Upon receipt, the proceeds of the Bonds shall be paid over to the Trustee to be credited in accordance with the Trust Indenture.

SECTION 5. Designation of Certain Parties. U.S. Bank National Association's acceptance of duties as Trustee shall be evidenced by its execution of the Trust Indenture.

SECTION 6. Authorization of Filings, Submissions and Other Documents. Any Member or Authorized Officer, as well as counsel to the Fund, is authorized to apply for or submit, execute, and deliver the other certificates, documents, opinions, and papers to any party or governmental agency as may be required by the Loan Agreement or the Trust Indenture or as may be necessary to effectuate the valid issuance, sale and delivery of the Bonds as tax-exempt bonds and otherwise as contemplated by those documents.

SECTION 7. Conflict and Effectiveness. All resolutions or other proceedings of the Fund in conflict with this Resolution are repealed to the extent of the conflict. This Resolution shall become effective upon adoption. If the Bonds are not delivered to their original purchaser on or before July 31, 2014, the authority granted by this Resolution shall lapse.

Adopted.

Lansing, Michigan
MEMORANDUM

Date: May 27, 2014

To: Michigan Strategic Fund Board

From: Christopher Cook, Business Capital Relationship Manager

Subject: Private Activity Bond – Bond Inducement
Green Box NA Michigan, LLC
Solid Waste – $125,000,000 – New

Project:
Green Box NA Michigan, LLC (the “Company”) is a Michigan limited liability company and is part of a larger private company called Environmentally Advanced Reclamation Technology HQ, LLC (“E.A.R.T.H.”) which is a Wisconsin Domestic Limited Liability Corporation headquartered out of De Pere, Wisconsin. The company has a suite of processes and technologies which, along with exclusive license rights to an advanced fiber additive developed by Cargill, Inc., allow it to convert a variety of high volume consumer and commercial waste streams into commodities such as pulp/paper byproduct, fuel, soil enhancements (fertilizer), and electricity. In the paper/pulp space, the company takes the various kinds of raw pulp commodity and completes the value-added step of converting it into finished products such as tissue, napkins, paper cups, paper towels and similar products.

Green Box NA Michigan, LLC, is seeking the inducement of $125,000,000 in tax exempt bond financing in order to partially finance a $200,000,000 project in two separate Michigan locations, one in the City of Detroit, Wayne County and the other at the location of the existing operations of Great Lakes Tissue in the City of Cheboygan, Cheboygan County.

In 2011 the MSF induced $3.2M in bonds for Green Box NA Detroit, LLC related specifically to a facility in Romulus. The company experienced construction related challenges associated with the airport and elected to move the pre-processing project to the City of Detroit (the “Romulus/Detroit Project”). In 2013 the MSF extended Romulus/Detroit Project’s inducement. The company anticipates being able to authorize bonds for the Romulus/Detroit Project in the next 90 to 120 days. The expiration date for the Romulus/Detroit Project’s inducement resolution is December 31, 2015.

The current request to induce $125,000,000 in tax exempt bonds is separate from the Romulus/Detroit Project’s inducement and will be 100% for the acquisition, renovation, equipping and installation of project related assets (and associated eligible costs) at the Cheboygan facility. The project will be using allocation under the Uniform Volume Allocation Cap which was carried forward from 2011 under the “Solid Waste Facility” classification in the IRS Tax Code. Part of the proceeds will be used to acquire the assets of Great Lakes Tissue, an existing paper processing facility in Cheboygan.
The project will take large amounts of commercial waste, primarily from the restaurant industry, collected from in and around the Detroit metropolitan area and pre-process it in a newly developed facility in the City of Detroit and then ship it via tractor trailer in the form of bails and pellets to Cheboygan for final processing into both commodity and value-added finished product components.

The Cheboygan facility’s operations will include production of bath, facial, napkin and towel tissue products. Also included will be the electrical generation of 12 megawatts, 48,000 gallons per day of biofuels, diesel and oil and 38 tons of soil enhancements (carbon and fertilizer) per day. The biofuels, including fuel pellets, will be sold to Colonial Oil headquartered in Savannah, GA. The diesel and oil will be sold to Davis Oil headquartered in Perry, Georgia, and soil enhancement will be sold to The Mosaic Company of Plymouth, MN. Each Green Box system eliminates approximately 22,700,000 cubic square feet of landfill dumping per year.

**Job Performance and Timing:**
The Company indicates that the Cheboygan and Detroit projects will result in approximately 331 full time permanent jobs. Additionally, 70 existing jobs at the ‘to be acquired’ Great Lakes Tissue site will be retained as the facility is retrofitted, reconfigured and modernized.

The Company anticipates the completion of the bond transaction upon authorization within 4 months. For the Cheboygan facility the company anticipates the engineering, equipment procurement, delivery and building/installations to take 16 months. The Detroit facility will be operational within 3-6 months of the issuance of the bonds.

The Company, due to the requirements of its national off take agreement partners, is obligated to pursue eight, nearly identical facilities around the country at the same time. This allows them to service these national clients in a comprehensive way. The company has all its processes operational in separate locations in Wisconsin in and around its headquarters. Each Greenbox Facility combines the multiple processes into one facility. The operations in Wisconsin are currently operating continuously at commercial scale.

**Regulatory Considerations:**
The Company has indicated that local permitting and zoning is in place for both the Detroit and Cheboygan sites. As of the time of drafting, the Company has indicated that it is in compliance with DEQ and EAP requirements. No fees or fines have been levied as a result of non-compliance with environmental or zoning regulations in the past 24 months with any of the projects in which the company has an operational role. Additionally, the processes result in “minor source” discharge permits which are easier to obtain.

The company and its principles have completed the MSF background check process resulting in no findings.
**Plan of Finance:**
Raymond James & Associates, Inc. has indicated it will provide financial and market related advice and assistance, including, but not limited to, the preparation and analysis of a financial model for the project and a review of the project’s proposed financing structure. Additionally, they may be engaged to place the debt and per the terms of the engagement letter, if asked, to place the debt [and] have exclusive right to do so. The bonds will be backed by a combination of a letter of credit and/or a security comprised of the underlying assets of the project. The project will be privately placed in denominations of $100,000.00 with investors meeting the “sophisticated investor” test. The issue will not be rated. Operational affiliates of the company have successfully placed and repaid over $400 million dollars of similar bonds in the past. Those bonds have financed wood fiber/pulping and recycling facilities.

The combined Detroit/Cheboygan “Michigan” project includes the following sources:

**Debt**
- Tax Exempt Bonds (LC / MBS Backed) $125,000,000 (Cheboygan Only)
- 2011/2013 Michigan Tax Exempt Bond Issuance $3,200,000 (Detroit Facility Only)

**Equity**
- EB-5 Funding $35,000,000 (Detroit Facility Only)
- Pre-paid Equity, Design, Technology & Permit costs $5,600,000 (Both)
- Insider Equity $8,000,000 (Both)
- LC/Debt Service Reserve (Parent Balance Sheet Equity) $12,731,562 (Both)
- Parent Sub-debt or Insider Equity $11,453,695 (Both)

**Total** $200,985,221

**Estimated Cost Savings:**
If the bond issuance amount is $125,000,000 at an initial fixed rate of 8% per annum, savings would total approximately $4.75m in the first year. Additional savings depend largely on the length of repayment and the size of any balloon payment due at maturity.

**Recommendation:**
After reviewing the Private Activity Bond application for GreenBox NA, Michigan, LLC, staff recommends the adoption of an Inducement Resolution in the amount of $125,000,000.
WHEREAS, Green Box NA Michigan, LLC is a Michigan limited liability company, (the “Company”), presently located at 2077-B Lawrence Drive, DePre, Wisconsin;

WHEREAS, the Company desires to acquire existing facilities and land thereon, renovate the facilities and acquire and install machinery and equipment to be located in the City of Cheboygan, Cheboygan County, and the City of Detroit, Wayne County, Michigan (the “Project”).

WHEREAS, the Company has applied to the Michigan Strategic Fund (the “MSF”) for a loan (the "Loan") to finance the Project, which is a “project” as defined in 1984 PA 270 (the "Act");

WHEREAS, the Company has advised the MSF that the cost of the Project will not exceed One Hundred Twenty Five Million Dollars ($125,000,000);

WHEREAS, the Act authorizes the MSF to loan moneys to business enterprises for the purpose of financing projects and to obtain the moneys for such loans by the issuance of bonds pursuant to the Act; and

WHEREAS, this Resolution has the purpose of providing the necessary official intent of the MSF to meet the requirements of Sections 141 and 144 of the Internal Revenue Code of 1986, as amended (the "Code") and the regulations promulgated in connection therewith and, in particular, Section 1.150-2 of the Income Tax Regulations;

NOW, THEREFORE, BE IT RESOLVED by the Michigan Strategic Fund that:

1. The MSF intends to provide the Loan to the Company subject to the conditions of this Resolution.

2. The Loan shall be designated for the Project in accordance with the Company's Evaluation Request submitted to the MSF and dated March 30, 2014.

3. The maximum principal amount of the bonds (the "Bonds") expected to be issued to provide the Loan to finance the Project shall not exceed One Hundred Twenty Five Million Dollars ($125,000,000). The Company shall be obligated to make loan repayments in an amount sufficient to assure full repayment of the Bonds, establish appropriate reserves and pay costs and expenses relating to the issuance of the Bonds and the making of the Loan.
4. The MSF’s obligation to issue the Bonds and make the Loan shall be conditioned upon a) the ability of the MSF to issue, sell and deliver the bonds under applicable federal and state laws, b) receipt of an allocation from the State Treasurer pursuant to 1988 PA 496 as it relates to limitations on the issuance by states of private activity bonds under the Code, and c) any prioritization, fee schedules or other requirements or limitations implemented by the MSF or the State Treasurer.

5. The MSF’s obligation to make the Loan and issue the Bonds contemplated by this Resolution shall expire two years after the date of this Resolution.

6. The Loan may be evidenced by a promissory note and secured by such instruments as are in form and substance satisfactory to the MSF, the Attorney General of the State of Michigan (the “Attorney General”) and bond counsel to the MSF, including a loan agreement, indenture, first mortgage, security agreement and such additional security as may be required by the MSF or purchaser of the Bonds.

7. Subject to compliance with this Resolution, the MSF will authorize a bond resolution approving the issuance of the Bonds (the “Bond Resolution”) for the purpose of making the Loan and funding the reserves and costs associated with the issuance and administration of the Bonds, and enter into a loan agreement and related documents with the Company and a bond purchase agreement with a bond purchaser, which documents shall be subject to the approval of the Attorney General and bond counsel to the MSF.

8. The Bonds shall not be general obligations of the MSF but shall be payable as to principal and interest solely from the proceeds of the payments to be made by the Company to the MSF (or to a trustee appointed by the MSF pursuant to the Bond Resolution), as provided in the Bond Resolution. The agreements relating to the Loan and the issuance of the Bonds shall contain such provisions as will be necessary to make absolutely certain that under no circumstances will the Bonds or this Resolution be a debt or obligation of the State of Michigan or a general obligation of the Michigan Strategic Fund, nor will the State of Michigan be liable on the Bonds.

9. All costs and expenses involved in the authorization, issuance, sale, and delivery of the Bonds and in the making of the Loan shall be paid from the Bond proceeds or, if they are insufficient, by the Company.

10. The staff of the MSF is authorized and directed to initiate the proceedings described in this Resolution and to enter into negotiations, subject to the approval of the MSF, with a bond purchaser for the sale of the Bonds. Any authorized signatory is authorized to prepare and file with the Michigan Department of Treasury a request for allocation as it relates to the State limitations on the issuance of private activity bonds.

11. Bond counsel to the MSF and the Attorney General are authorized and directed to prepare and submit to the appropriate parties all proceedings, agreements and other documents as shall be necessary or appropriate in connection with the issuance of the Bonds and to make applications on behalf of the MSF to the United States Internal Revenue Service and to other governmental
agencies for such income tax and other rulings and approvals as may be necessary in relation to
the issuance of the Bonds. Any authorized signatory is authorized to execute such powers of
attorney and other documents as may be appropriate in connection with the foregoing. All costs
and expenses pertaining to the above matter shall be paid from the bond proceeds or by the
Company.

12. A preliminary official statement or other offering materials may be used in connection with
the sale of the Bonds; provided, however, that no preliminary official statement or other offering
materials shall be circulated unless any description of the MSF, the Bonds and documents to
which the MSF is a party shall have been approved by bond counsel to the MSF and the Attorney
General.

13. All resolutions and parts of resolutions insofar as they conflict with this Resolution are
rescinded.

MEMORANDUM

Date: May 27, 2014

To: Michigan Strategic Fund Board

From: Christopher Cook, Business Capital Relationship Manager

Subject: Private Activity Bond – Bond Inducement
Middleville Tool & Die Co / Middleton Enterprises, L.L.C.
Manufacturing - $6,300,000.00 – New

Request:
Middleville Tool & Die, Co. ("Middleville") and Middleton Enterprises, L.L.C. ("Middleton") are requesting private activity bond financing to invest in new machinery, equipment, and office furnishings as well as add an additional 53,000 sq/ft to their current manufacturing facility located in Yankee Springs Township within Barry County.

The project will commence in June of 2014 and is anticipated to be completed by November of 2014 (with certain equipment purchases to follow over the next two to three years). Upon completion, the project is estimated to create a total of approximately 35 new full-time jobs thru 2016.

Background:
Middleville is a family owned business created in 1966 that manufactures stamped tubular products for the appliance, office, and automotive industries. Middleton is the real estate and building holding company in relation to Middleville.

In 1998, the MSF issued $4,000,000 in tax-exempt bonds for Middleville to support the expansion and relocation of the business to its current location, through building an approximately 51,000 sq/ft new building. Presently, Middleville employs 161 people and is open 3 shifts to support building tooling and metal stamping/assemblies for its customers. Middleville indicates it has become an industry leader in the design and manufacturing of stamped tubular products for the appliance, office and automotive industries.

Middleville spent $51,000 dollars to define and detail the completed design of the new expansion, which will adjoin their current facility, and will add 53,000 sq/ft. Building investments of $3.544 million and renovation expense of $197,500 will be needed to expand the current facility to the north. Additionally, investments in machinery, equipment and office furnishings will total $2.862
million over the next 3 years commencing from March, 2014. Job creation is estimated at 35 jobs thru 2016.

**Plans of Finance:**
Middleville and Middleton propose that the bonds would be purchased by Macatawa Bank, for its own account. At the time of application, Macatawa Bank has offered to privately purchase all of the bonds contingent upon completion of its underwriting and due diligence and approval of satisfactory documentation. On these terms, Middleville and Middleton would realize interest cost savings of approximately $78,750 in the first year alone as compared to the estimated cost of traditional financing, and would realize a savings of approximately $650,000 to $700,000 in total.

It should also be noted that Middleville is looking at an additional incentive thru the MEDC’s Community Development Block Grant (CDBG) program. If an additional incentive is deemed warranted, delegated approval is required rather than MSF Board approval.

**Recommendation:**
After reviewing the Private Activity Bond application for Middleville Tool & Die, Co., staff recommends the adoption of an Inducement Resolution in the amount of $6,300,000.
WHEREAS, Middleville Tool & Die Co., a Michigan corporation, and co-borrower Middleton Enterprises, L.L.C., a Michigan limited liability company (collectively, the “Company”), are presently located at 1900 Patterson Road, Middleville, Michigan 49333;

WHEREAS, the Company desires to construct an approximately 53,000 square foot addition to their current manufacturing facility as well as invest in new machinery, equipment, and office furnishings, all to be located at 1900 Patterson Road, Township of Yankee Springs, Barry County, Michigan (the “Project”);

WHEREAS, the Company has applied to the MSF for a loan (the “Loan”) to finance the Project as defined in 1984 PA 270 (the “Act”);

WHEREAS, the Company has advised the MSF that the cost of the Project to be financed with the Loan will not exceed 6.3 Million Dollars ($6,300,000);

WHEREAS, the Act authorizes the MSF to loan moneys to business enterprises for the purpose of financing projects and to obtain the moneys for such loans by the issuance of bonds pursuant to the Act; and

WHEREAS, this Resolution has the purpose of providing the necessary official intent of the MSF to meet the requirements of Sections 141 and 144 of the Internal Revenue Code of 1986, as amended (the “Code”) and the regulations promulgated in connection therewith and, in particular, Section 1.150-2 of the Income Tax Regulations.

NOW, THEREFORE, BE IT RESOLVED, by the Michigan Strategic Fund that:

2. The Loan shall be designated for the Project in accordance with the Company’s Tax-Exempt Application Form dated April 30, 2014.

3. The maximum principal amount of the bonds (the “Bonds”) expected to be issued to provide the Loan to finance the Project shall not exceed 6.3 Million Dollars ($6,300,000). The Company shall be obligated to make loan repayments in an amount sufficient to assure full repayment of the Bonds, establish appropriate reserves and pay costs and expenses relating to the issuance of the Bonds and the making of the Loan

4. The MSF’s obligation to issue the Bonds and make the Loan shall be conditioned upon a) the ability of the MSF to issue, sell and deliver the bonds under applicable federal and state laws, b) receipt of an allocation from the State Treasurer pursuant to 1988 PA 496 as it relates to limitations on the issuance by states of private activity bonds under the Code, and c) any
prioritization, fee schedulers or other requirements or limitations implemented by the MSF or the State Treasurer.

5. The MSF's obligation to make the Loan and issue the Bonds contemplated by this Resolution shall expire two years after the date of this Resolution.

6. The Loan may be evidenced by a promissory note and secured by such instruments as are in form and substance satisfactory to the MSF, the Attorney General of the State of Michigan (the “Attorney General”) and bond counsel to the MSF, including a loan agreement, indenture, first mortgage, security agreement and such additional security as may be required by the MSF or purchaser of the Bonds.

7. Subject to compliance with this Resolution, the MSF will authorize a bond resolution approving the issuance of the Bonds (the “Bond Resolution”) for the purpose of making the Loan and funding the reserves and costs associated with the issuance and administration of the Bonds, and enter into a loan agreement and related documents with the Company and a bond purchase agreement with a bond purchaser, which documents shall be subject to the approval of the Attorney General and bond counsel to the MSF.

8. The Bonds shall not be general obligations of the MSF but shall be payable as to principal and interest solely from the proceeds of the payments to be made by the Company to the MSF (or to a trustee appointed by the MSF pursuant to the Bond Resolution), as provided in the Bond Resolution. The agreements relating to the Loan and the issuance of the Bonds shall contain such provisions as will be necessary to make absolutely certain that under no circumstances will the Bonds or this Resolution by a debt or obligation of the State of Michigan or a general obligation of the Michigan Strategic Fund, nor will the State of Michigan by liable on the Bonds.

9. All costs and expenses involved in the authorization, issuance, sale, and delivery of the Bonds and in the making of the Loan shall be paid from the Bond proceeds or, if they are insufficient, by the Company.

10. The staff of the MSF is authorized and directed to initiate the proceedings described in this Resolution and to enter into negotiations, subject to the approval of the MSF, with a bond purchaser for the sale of the Bonds. Any authorized signatory is authorized to prepare and file with the Michigan Department of Treasury a request for allocation as it relates to the State limitations on the issuance of private activity bonds.

11.
