Resolution 2015-013 Marquette General; DLP Replacement Hospital – Brownfield TIF

Jennifer Tucker, Community Assistance Team, provided the Board with information regarding this action item. The City of Marquette Brownfield Redevelopment Authority is seeking approval of local and school tax capture for MSF eligible activities in the amount of $55,763,061. The school taxes will be utilized to redevelop approximately 37 acres of property located between West Washington Street and U.S. Highway 41, and between South 7th Street and South McClellan Avenue in the City of Marquette. The proposed project will consist of demolition of existing structures on the site and construction of a new regional hospital. The property is currently owned by the City of Marquette and houses their Municipal Services Center operations. DLP Marquette General Hospital, LLC (DLP), an affiliate of Duke LifePoint Healthcare, has developed a draft purchase agreement for the eligible property, but it will not be executed until the MSF considers the Brownfield TIF for the property.

The project includes the development of an approximately 516,000 square foot acute-care hospital, 160,000 square feet of medical office buildings, and a 500 to 750 space parking deck. Approximately 150 permanent full-time jobs are anticipated to be created by this development project at an average hourly wage of $32.22 in the first three years of operation, and 2,300 current jobs will be retained. The total capital investment will be at least $170 million. In addition to the Act 381 Work Plan, the city has approved a PA 255 Commercial Redevelopment Act tax incentive which abates 50% of the local ad valorem taxes for twelve years, and is estimated to provide a contribution of over $11.1 million. Environmental eligible activity costs including assessment, due care and environmental responses are expected to be approximately $3.4 million.

Staff Recommendation

The MEDC recommends approval of the request by City of Marquette Brownfield Redevelopment Authority to capture local and school taxes for the MSF eligible activities totaling $55,763,061 described
above. Utilizing the current state to local capture ratio, the amount of school tax capture for this project is estimated at $31,455,943. Capture of taxes levied for school operating purposes is subject to the following condition; capture of taxes levied for school operating purposes for specific eligible activities shall be prohibited if the costs are paid for or reimbursed under any other grant or tax credit program.

**Board Discussion**

Mr. Arwood asked if there were any questions from the Board. Discussion ensued pertaining to the project timeline, the investment history of Duke LifePoint, and the intended use of the old hospital parcels. There being no further questions, Mike Jackson motioned for the approval of Resolution 2015-013. Andrew Lockwood seconded the motion. **The motion carried: 7 ayes; 0 nays; 0 recused.**

**Resolution 2015-014 Liberty Way Hospitality – MCRP**

*Jennifer Tucker, Community Assistance Team, provided the Board with information regarding this action item.* Liberty Way Hospitality, LLC and Chemical Bank are requesting approval of a Michigan Community Revitalization Program incentive in the amount of the lesser of $4,100,000 or 25% of “Eligible Investment” in the form of a Loan Participation under Other Economic Assistance. The Applicant anticipates that the project could result in eligible investment of $18,498,204 and total capital investment in the amount of $20,358,038 in the City of Marquette and the creation of 19 full-time equivalent jobs. The development has been able to secure senior financing in the amount of $12.4M or 61% of the total development cost. The loan-to-cost ratio is in line with traditional lending levels. Additionally, the project developer has been able to raise owner capital in excess of $3.4M or 17% and is also deferring 100% of developer fees through cash flow. The remaining gap is being filled by the MCRP proceeds of $4,100,000, which will be fully repayable.

The current request will support the construction of Building 2, which will consist of an 86,000 square foot extended stay hotel and residential facility, with a total of 108 combined units, of which the top story will contain space considered to be flex space which can be utilized as residential or hotel units depending upon demand. Building 2 will also host an approximately 145 stall underground parking garage. The project will also incorporate the construction of a pedestrian connector path to an extensive trail network and the new Marquette General Hospital health care campus. This will link "north side" neighborhoods, downtown, the hospital campus, and the community's extensive non-motorized trail network.

**Staff Recommendation**

MEDC staff recommends approval of a MCRP performance-based loan participation in the amount of $4,100,000 for Liberty Way Hospitality, LLC.

**Board Discussion**

Mr. Arwood asked if there were any questions from the Board. Discussion ensued pertaining to the return on investment, as well as the additional financing secured for the project. There being no further questions, Paul Anderson motioned for the approval of Resolution 2015-014. Andrew Lockwood seconded the motion. **The motion carried: 7 ayes; 0 nays; 0 recused.**

**At this time, Mr. Arwood resumed the normal order of business.**

**Resolution 2015-015 February Consent Agenda**

The MEDC requests that the MSF Board approves awards in the amount of $2,757,678 to the following 11 nonprofit/university organizations to provide business incubator services to early stage technology companies and institutions for commercializing competitive-edge technologies:

- Automation Alley
- Ann Arbor SPARK East

- The Regents of the University of Michigan- Desai Family Accelerator
- Lansing Economic Area Partnership
- Lawrence Technological University
- Macomb-Oakland University Incubator
- Michigan Alternative and Renewable Energy Center
- MidMichigan Innovation Center, Inc
- Southwest Michigan Innovation Center, Inc

Since 2009 the Michigan Strategic Fund (“MSF”) has provided funding to business incubators to stimulate the creation and continued growth of technology-based businesses and jobs by capitalizing on the State of Michigan's growing base of high technology industry, its skilled labor force, its nationally recognized university system, its SmartZones, and its business incubators.

**Staff Recommendation**
The MEDC received 12 proposals totaling $3,707,678 in response to the RFP. The JEC reviewed the proposals and decided to fund all proposals that received a consensus score of 70 or higher. One exception to this was the TechTown Detroit gatekeeper proposal. The RFP stated that each applicant could only apply under one of the two criteria, TechTown applied twice, the JEC decided to fund the proposal that scored highest of the two.

Of the 12 proposals, 11 were recommended for funding totaling $2,757,678. MEDC staff also recommends that the MSF Board delegate authority to the MSF Fund Manager, with the assistance of MEDC staff, to negotiate and execute the final terms and conditions and all necessary agreements with awardees.

Paula Sorrell, Entrepreneurship & Innovation, provided the Board with information on this action item. MEDC Staff recommends the MSF Board approve a grant amendment in the amount of $1,500,000 to NextEnergy to fund the continuation of their Advanced Energy Acceleration Services grant. The Advanced Energy Acceleration Services grant was funded to help drive investment and support job creation/retention in advanced energy technology based companies in the State of Michigan.

On March 25, 2014, the MSF selected NextEnergy to receive this grant in the amount of $2,500,000 (Resolution No. 2014-035). This amount is governed under the terms and conditions of a Grant Agreement. The Grant Agreement term began April 1, 2014 and ends March 31, 2015.
NextEnergy, through this grant, continues to provide significant economic impact for the state. The grantee has continuously demonstrated stringent stewardship of the fund, while meeting or exceeding the expected metrics.

**Staff Recommendation**
MEDC Staff recommends the MSF Board approve this grant amendment for the amount of $1,500,000, using funds allocated for the Fiscal Year 2015 21st Century Jobs Fund to support Entrepreneurship and Innovation. The grant would be administered under an amended grant agreement with NextEnergy with refined milestones and metrics. MEDC staff also recommends that the MSF Board delegate authority to the MSF Fund Manager, with the assistance of MEDC staff, to negotiate and execute the final terms and conditions and all necessary agreements with NextEnergy.

**Board Discussion**
Mr. Arwood asked if there were any questions from the Board. Discussion ensued pertaining to the goal of sustainability for this grant, and the expected timeline. There being no further questions, Shaun Wilson motioned for the approval of Resolution 2015-017. Paul Anderson seconded the motion. The motion carried: 7 ayes; 0 nays; 0 recused.

**Resolution 2015-018 SBDC Business Accelerator Fund Amendment**

**Staff Recommendation**
MEDC Staff recommends the MSF Board approve $1,965,000 funding to the BAF. The grant would be administered under an amended grant agreement with the MI-SBDC. The source of the funding is from the 2015 21st Century Jobs Fund allocation to Entrepreneurship.

**Board Discussion**

Mr. Arwood asked if there were questions from the Board. Discussion ensued, pertaining to the application and review process. Alan Pohl, acting for and on behalf of Director Mike Zimmer, noted that there was a discrepancy in the amount awarded to Muskegon Community College. The resolution was amended to reflect the accurate amount. There being no further questions, Paul Anderson motioned for the approval of Resolution 2015-019, as amended. Alan Pohl seconded the motion, as amended. **The amended resolution motion carried: 7 ayes; 0 nays; 0 recused.**

Community Vitality

Resolution 2015-022 Wright Opera Block Project/City of Alma – CDBG
Nate Scramlin, Community Assistance Team, provided the Board with information regarding this action item. Wright Opera Block, LLC will be redeveloping the Wright Opera House and adjoining properties located on approximately 0.50 acres. In 2010, the Wright Opera Block was decimated by fire and the developer would like to restore the building to its former historic glory. The Wright Opera Block consists of multiple three-story buildings and an adjacent one story building known as the "Boiler Building". Within the Opera Block the top two floors will be renovated into approximately 14 residential units for 47 Alma College students. A lease has been executed with Alma College. Roughly 20,000 square feet of residential space will be created. The first floor will be renovated to accommodate multiple commercial/retail tenants. The total retail space to be renovated will be roughly 18,000 square feet. On June 24, 2014, the MSF unanimously approved a $1,000,000 MCRP incentive in the form of a performance-based grant with Wright Opera Block, LLC and a $419,958 CDBG Grant with the City of Alma in association with the redevelopment. Roughly 38,000 square feet of mixed-use space is to be redeveloped in Downtown Alma with a total private investment of $6.7 million and the creation of 42 full-time equivalent positions. The Wright Opera Block project remains the number one priority for the City of Alma and the Downtown Development Authority because of the impact this transformational project will have on the downtown.

Staff Recommendation
With the resolution of the MSHDA grant on the Maples Project, and with the reduction of risk to the MSF, MEDC staff recommends a 60 day extension from the MSF Board date of the following approval: Approval of a MCRP performance-based grant in the amount of $1,000,000 for Wright Opera Block, LLC, and approval of a CDBG infrastructure performance-based grant agreement in the amount of $419,958 be authorized for the City of Alma for the Wright Opera Block Infrastructure Project.

Board Discussion
Mr. Arwood asked if there were any questions from the Board. Discussion ensued pertaining to the issue the project ran into with MSDHA, and how that issue was resolved for all parties with interest in the project. There being no further questions, Jody DePree Vanderwel motioned for the approval of
Resolution 2015-022. Andrew Lockwood seconded the motion. The motion carried: 7 ayes; 0 nays; 0 recused.

Resolution 2015-023 55 Ionia Partners – MCRP
Ryan Kilpatrick, Community Assistance Team, provided the Board with information regarding this action. 55 Ionia Partners, LLC (“Applicant” or “Borrower”) and Macatawa Bank (“Lender”) are requesting approval of a Michigan Community Revitalization Program incentive in the amount of the lesser of $4,325,000 or 20% of “Eligible Investment” in the form of a Loan Participation under Other Economic Assistance. The Applicant anticipates that the project could result in eligible investment of $25.3M and total capital investment in the amount of $34.4 M in the City of Grand Rapids and the creation of 25 jobs. The building being redeveloped has been vacant since 2008. The development team has taken the necessary steps to secure $20,000,000 in senior financing. Additionally, the project has secured $170,000 in other grants and is contributing over $9.5M in owner equity to the project. The project owner views this project as a long-term hold and the MCRP incentive will allow the project to produce a minimal annual cash-on-cash return of under 6% prior to sale.

The Applicant plans to renovate a 13 story building in the central business district of downtown Grand Rapids. The project will include 38,000 square feet of ground floor retail and second story office, as well as 111 market rate residential units on approximately 0.10 acres of property located at 55 Ionia in the City of Grand Rapids. The top two floors of the project will consist of for-sale condominium units which are not being considered for MEDC support.

Staff Recommendation
The MEDC staff recommends approval of an MCRP performance-based loan participation in the amount of $4,325,000 for 55 Ionia Partners, LLC.

Board Discussion
Mr. Arwood asked if there were any questions from the Board. Discussion ensued pertaining to the benefits of this project and how they impact the City’s goals and strategic plan. To: Michigan Strategic Fund Board
From: Amy Lux, Compliance Manager
Subject: Harrington Tool Company
Tool and Die Recovery Zone – Revocation

Action
The Michigan Economic Development Corporation (“MEDC”) is recommending the revocation of the Tool and Die Recovery Zone for Harrington Tool Company (the “Company”) by the Michigan Strategic Fund (“MSF”) Board. The Company’s ten-year Recovery Zone term is currently set to expire at the conclusion of 2016.

Background
The Company operated a tool and die shop in the City of Ludington, originally receiving a Tool and Die Recovery Zone designation in 2006 as a member of the Muskegon Tooling Alliance (the “Collaborative”) for a 5-year term. In 2008, the MSF Board approved a request by the Company to extend the term of its Recovery Zone to the ten-year term it currently has.

The MEDC was notified by the City of Ludington that the Company has ceased operations, which was confirmed by the Collaborative President and a representative for the Company.

Under the Michigan Renaissance Zone Act, 1996 PA 376, as amended, the MSF Board has the authority to revoke the designation of a Recovery Zone for a qualified tool and die business if the qualified tool and die business fails or ceases to participate in or comply with a qualified collaborative agreement.

The City of Ludington, the Company’s resident agent, and the Collaborative President, were notified that the MEDC would recommend the Recovery Zone for revocation.

Recommendation
MEDC Staff recommends the MSF Board revoke the Tool and Die Recovery Zone designation for Harrington Tool Company. The revocation will be effective retroactively for Tax Year 2015.
MICHIGAN STRATEGIC FUND

WHEREAS, on December 20, 2006, the MSF Board approved a Tool & Die Recovery Zone designation for Harrington Tool Company (the “Company”) as a member of the Muskegon Tooling Alliance Tool & Die Collaborative (the “Collaborative”) at the Company’s site in the City of Ludington, Mason County at 105 N. Rath Avenue, Ludington, Michigan (the “Property”);

WHEREAS, Section 8d(3) of the Act permits the MSF to revoke the designation of all or a portion of a recovery zone with respect to one or more qualified tool and die businesses if those qualified tool and die businesses fail or cease to participate in or comply with a qualified collaborative agreement;

WHEREAS, the Michigan Economic Development Corporation (“MEDC”) provides administrative services for the renaissance zone program;

WHEREAS, the MEDC received notification from the City of Ludington that the Company has ceased operations;

WHEREAS, the Company and the Collaborative have confirmed the same; and

MEMORANDUM

Date: March 24, 2015

To: Michigan Strategic Fund ("MSF") Board Members

From: Trevor Friedeberg, Development Finance Manager

Subject: BorgWarner Inc. ("Company" or "Applicant")
Amendment to the Michigan Business Development Program Performance-based Grant

Background
On March 25, 2014, the Michigan Strategic Fund (MSF) approved a MBDP performance-based grant in the amount of $3,200,000 for the Company. The MBDP approval was re-authorized at the January 27, 2015, MSF Board meeting.

At the time of application, the Company included one entity, BorgWarner Inc., as the Applicant and therefore the sole entity authorized to create Qualified New Jobs counting towards milestones. Due to the fact this project involves the consolidation of the BorgWarner North American headquarters there are actually multiple entities involved with the project in Auburn Hills contributing to job creation. In order for the company to realize the benefit of the Business Development Program grant it is being requested that these entities be added to the grant agreement.

No other conditions of the project will change and this amendment request is to ensure the job creation will be accurately captured.

The Company has met their first Milestone of hiring 60 jobs and is on track to hitting their next Milestone ahead of schedule.

Recommendation
MEDC Staff recommends the following (collectively, “Recommendation”):

b) Closing the MBDP Proposal, subject to available funding under the MBDP at the time of closing ("Available Funding"), satisfactory completion of due diligence (collectively, "Due Diligence"), finalization of all MBDP transaction documents; and

c) Commitment will remain valid for 120 days with approval for MSF Fund Manager to extend the commitment an additional 60 days.

MEMORANDUM

Date:     March 24, 2015

To:       Michigan Strategic Fund Board

From:     Michael Flanagan, Director, Equity Programs

Subject:  Accelerator Fund Program: Request to Amend Huron River Ventures Agreements

ACTION
The MEDC requests that the MSF Board approve an amendment to the Huron River Ventures (“HRV” or “Fund”) Fund Documents allowing the Fund to extend its investment period by one year to March 30, 2016.

BACKGROUND
On August 9, 2010, the former Commercialization Board approved Huron River Ventures I, LP to receive an Accelerator Fund award of $6 million. On September 14, 2010, the MSF and the Fund signed the final convertible loan agreement, and thereafter the MSF entered into the limited partnership agreement, side letter, and other ancillary documents on March 30, 2011 to memorialize the MSF investment into the Fund (collectively, “Fund Documents”). On January 27, 2015, the MSF approved a request to amend the Fund Documents to reduce the time commitment of one of the Fund’s Principals, Ryan Waddington, from 100% to 50% of his regular monthly business time to the Fund.

The Fund has requested that the MSF allow it to extend its investment period by one year which will allow it to invest the remainder of its capital prudently. Currently, the investment period expires on March 30, 2015. Venture capital fund investment periods are typically five years in length, but the Fund had originally set an aggressive timetable with only a four year period. While the Fund is nearly fully invested, a reasonable extension of one year will ensure that it is able to properly source, due diligence, and close on its final investment(s).

To date, the Fund has invested in 9 Michigan companies and is satisfying its commitment to the state. The Fund is also performing well financially, currently reporting approximately a 1.3x multiple. It has sold two companies to date, and has several strong performing portfolio companies that are projected to profitably exit in the near term. Should this occur, the Fund has indicated that it would likely begin raising its next fund in the near-term.

RECOMMENDATION
MEDC staff recommends that the MSF Board approve a one year extension of the investment period for HRV in its Fund Documents to March 30, 2016.

WHEREAS, the Strategic Economic Investment and Commercialization Board (the "SEIC Board") was created under the Act for the purposes of awarding grants and loans for basic research, applied research, university technology transfer, and commercialization of products, processes and services to encourage the development of competitive edge technologies to create jobs within the State of Michigan ("Commercialization Program");

WHEREAS, pursuant to Executive Order 2010-8, the Governor ordered the SEIC Board abolished and all powers, duties, and functions of the SEIC Board transferred to the Michigan Strategic Fund ("MSF"), including those powers, duties, and functions provided under MCL 125.2088k;

WHEREAS, the MSF Board has designated that staff of the Michigan Economic Development Corporation ("MEDC") provide administrative services for the Commercialization Program;

WHEREAS, on April 7, 2010, the SEIC Board established a competitive process as required by the Act to award loans to organizations that participate in creating a pool of investment capital to be managed in conjunction with existing venture capital funds (the "Accelerator Fund");

WHEREAS, as part of the competitive process, Accelerator Fund applicants were required to submit proposals to the SEIC Board in accordance with the Request for Proposals established and released by the SEIC Board;

WHEREAS, on August 9, 2010, the SEIC Board approved Huron River Ventures I ("HRV") to receive an Accelerator Fund award of up to $6 million;

WHEREAS, HRV has requested that the MSF Board approve an extension of its investment period to March 30, 2016 (the "HRV Amendment");

WHEREAS, the MEDC recommends that the MSF Board approve the HRV Amendment; and

WHEREAS, the MSF Board desires to approve the HR Amendment.

NOW THEREFORE, BE IT RESOLVED, that the MSF Board approves the HRV Amendment; and

BE IT FURTHER RESOLVED, that the MSF Fund Manager is authorized to negotiate final terms and conditions of the HRV Amendment and to execute all documents necessary to effectuate the HRV Amendment.

MEMORANDUM

DATE: March 24, 2015

TO: Michigan Strategic Fund Board Members

FROM: Peter Anastor, Managing Director
       Next Michigan Development Corporation

BACKGROUND
The MEDC received the application for the Superior Trade Zone Next Michigan Development Corporation (NMDC), which includes the interlocal agreement approved by Governor Snyder’s office. The benefits of an NMDC include the ability to form partnerships to leverage assets in order to support the development of multi-modal companies and the ability to utilize incentives that are not otherwise available to certain communities due to their population or other factors.

The following counties and communities have entered into the Interlocal Agreement to create the Superior Trade Zone NMDC:

- Delta County
- Marquette County
- City of Escanaba
- City of Gladstone
- City of Marquette
- Bark River Township
- Chocolay Township
- Ely Township
- Ford River Township
- Forsyth Township
- Garden Township
- Township of Ishpeming
- Township of Maple Ridge
- Nahma Township
- Richmond Township
- Wells Township

Current legislation allows for seven NMDCs in Michigan. Five NMDCs have been designated thus far including I-69 International Trade Corridor, Port Lansing, Northern Nexus (Grand Traverse Area Region), Vantage Port (Southeastern Michigan) and West Michigan Economic Partnership.

REQUEST
The Michigan Economic Development Corporation (MEDC) received a final application on March 6, 2015 for the designation of the Superior Trade Zone as an NMDC. The designation of the NMDC shall empower the Upper Peninsula communities with the incentive tools identified through Section 6(1) of the Next Michigan Development Act, MCL Marquette County 125.2956(1), to support its economic development efforts. The entire application is available to review for any Board member upon request.

The Board of the Michigan Strategic Fund pursuant to MCL 125.2955(2) shall apply the following criteria in determining whether to designate a NMDC:

   (a) The nominal level of unemployed workers within the county or counties which are parties to the interlocal agreement creating the applicant eligible act 7 entity, if the applicant is an eligible act 7 entity, or within the applicant eligible urban entity, if the applicant is an eligible urban entity, in each case as publicly reported by the state Department of Energy, Labor, and Economic Growth as of the month
preceding the filing of the application on an adjusted or unadjusted basis, whichever is greater. Below are the unemployment percentages from the U.S. Bureau of Labor Statistics for December 2014:

- Delta County: 6.4%
- Marquette County 5.2%

(b) The number of local governmental unit parties to the applicant's interlocal agreement if the applicant is an Eligible Act 7 Entity, which in this instance is 16.

(c) Whether the application demonstrates evidence of significant job creation potential of a regional or state asset or combinations of enterprises, facilities, or obsolete facilities within the territory of the applicant, as documented by a comprehensive business plan and a third-party study or studies quantifying the job creation potential, and the degree of the job creation potential.

The entire third-party study is available to review for any Board member upon request.

The Superior Trade Zone will take advantage of the large tracts of land geographically located near the Delta County Airport Industrial Park and the Telkyte Industrial Park located at the former Air Force base in Marquette County. The Superior Trade Zone will utilize their natural resources in the agricultural, mining and tourism industries as well as trade opportunities that occur with Canada to the north.

(d) Whether the application is supported by public and private commitment and the degree of the commitment.

Included in the application were numerous letters of support and resolutions. The letters outline how the NMDC will assist in job creation and provide business growth, and will also bring various units of government and business organizations together toward a common goal that will benefit the entire region.

(e) The extent to which the interlocal agreement or the eligible urban entity creates the possibility of streamlined permitting.

The Superior Trade Zone governance board will work toward a one-stop-shop permitting approach where the functions with the State and local units of government work together simultaneously where appropriate.

**RECOMMENDATION**
Staff recommends to the Michigan Strategic Fund the designation of the Superior Trade Zone as a Next Michigan Development Corporation with immediate effect, March 24, 2015.
WHEREAS, the Next Michigan Development Act (the “Act”), 2010 PA 275, as amended, authorizes the Michigan Strategic Fund (“MSF”) to designate up to seven (7) Next Michigan Development Corporations (a “NMDC”) to foster economic opportunities in this state, prevent conditions of unemployment and underemployment, and promote economic growth;

WHEREAS, the Act provides that either an eligible Act 7 entity or an eligible urban entity may apply to the MSF Board for designation as a NMDC;

WHEREAS, the Act sets forth the criteria the MSF shall apply in determining whether or not to designate a NMDC at MCL 125.2955(2);

WHEREAS, the Act requires the MSF to grant or deny an application within forty-nine (49) days of receipt of an application for designation as a NMDC or the application is considered approved;

WHEREAS, the MSF received a final application from the Superior Trade Zone Next Michigan Development Corporation on behalf of seven communities (collectively the “Applicants”) on March 6, 2015, requesting designation of the Superior Trade Zone as a NMDC (the “Application”);

WHEREAS, the Superior Trade Zone is an eligible Act 7 entity formed by an interlocal agreement by and between the following communities: Counties of Delta and Marquette; Cities of Escanaba, Gladstone and Marquette; and Townships of Bark River, Chocolay, Ely, Ford River, Forsyth, Garden, Ishpeming, Maple Ridge, Nahma, Richmond and Wells;

WHEREAS, after review of the Application and the criteria set forth at MCL 125.2955(2) staff recommends that the MSF Board approve the Applicants’ Application for designation as a NMDC.

NOW, THEREFORE, BE IT RESOLVED, that the MSF Board approves the Applicants’ Application and designates the Superior Trade Zone as a NMDC effective March 24, 2015; and
BE IT FURTHER RESOLVED, that the MSF Board authorizes the MSF President or Fund Manager to take any action necessary to effectuate the terms of this Resolution.

MEMORANDUM

Date: March 24, 2015

To: Michigan Strategic Fund (“MSF”) Board Members

From: Marcia Gebarowski, Senior Development Finance Manager

Subject: Detroit Diesel Corporation (“Company” or “Applicant”)
Michigan Business Development Program Performance-based Grant Request

Summary
This is request from the Applicant for a $1,300,000 performance-based grant. This project involves the creation of 245 Qualified New Jobs, and a capital investment of up to $208,000,000 in the Charter Township of Redford, Wayne County.

Competitive locations, including other Daimler facilities, including Mexico and Germany, offer cost savings based on several factors. Mexico has lower labor costs and the ability to utilize existing infrastructure due to the fact that several components of the engine are currently produced at that facility. The Company’s Mannheim Germany location currently produced the medium duty engine, and could continue to benefit from the existing infrastructure and talent pool there, if they were to expand current capacity. With the commitment of state and local support, the Company made the decision to place production in Michigan so it will be made under the “Detroit” brand name.

Background
Founded in 1937, Detroit Diesel Corporation (“DDC”), a member of the Daimler group, is a leading manufacturer of heavy-duty diesel engines for the commercial truck market. Through its corporate headquarters in Detroit, Michigan, DDC is engaged in the design, manufacture, sale, and service of these products. DDC serves its customers and markets from its three million square foot manufacturing plant in Redford Township, Michigan, built over 74 years ago. DDC offers a complete line of heavy-duty diesel engines and other components for the commercial transportation industry in both the on-highway and vocational markets.

In 2013, the Company became a wholly-owned subsidiary of Daimler Trucks North America LLC, which is a wholly-owned subsidiary of Daimler North America Corporation.

The Company was awarded a Retention MEGA credit as well as two large Brownfield MBT credits in 2010 to add new manufacturing capacity into the facility and to retain jobs. To date, both Brownfield projects have been completed and the Company is in good standing with their Retention MEGA credit. Additionally, in 2013, the Company received a $250,000 BDP grant for new jobs created related to the turbo-charger line being established in the Redford facility.

The Applicant plans to make significant investment in plant upgrades and new machinery and equipment for a new medium-duty engine line at their facility in the Charter Township of Redford, make investments and create jobs related to heavy duty truck manufacturing.
The MEDC legal unit has completed a civil and criminal background check for the entity and individuals related to this project.

**Considerations**

a) The Applicant is a “Qualified Business”, as defined in MCL 125.2088r(9)(b), that is located and operates in Michigan.

b) The project will be located in the Charter Township of Redford. The township has offered a “staff, financial, or economic commitment to the project” in the form of staff time to coordinate a business retention visit, use of public facilities at no cost to the Company, or marketing and promotion assistance related to the project.

c) The Applicant has demonstrated a need for the funding. The Company has existing manufacturing locations that offer advantages to growth in engine production including existing capacity, and lower labor costs in Mexico and Germany.

d) The Applicant plans to create 245 Qualified New Jobs above a statewide base employment level of 2,268.

e) Pursuant to the program guidelines, the following was taken into consideration for the proposed project: the Company indicates that investment and new jobs will begin in the first quarter of 2015, the project supports a local supply chain in Michigan, and the project results in a positive ROI for Michigan.

**Recommendation**

MEDC Staff recommends the following (collectively, “Recommendation”):

a) Approval of the MBDP Proposal as outlined in the attached term sheet (collectively, “MBDP Proposal”);

b) Closing the MBDP Proposal, subject to available funding under the MBDP at the time of closing (“Available Funding”), satisfactory completion of due diligence (collectively, “Due Diligence”), finalization of all MBDP transaction documents; and

c) Commitment will remain valid for 120 days with approval for MSF Fund Manager to extend the commitment an additional 60 days.

      Dan Wells, Brownfield Senior Specialist

Subject: Charlevoix County Brownfield Redevelopment Authority
         Community Incentive Program — Act 381 Work Plan Approval

Request
The County of Charlevoix Brownfield Redevelopment Authority is seeking approval to capture new local and school tax increment revenue for MSF eligible activities in the amount of $4,133,214 over approximately 16 years. The total project investment is expected to be approximately $130 million.

St. Marys Cement Inc. is evaluating other potential alternatives to this project, including reactivation of the St. Marys Cement Inc. plant located in Dixon, Illinois. Officials in Illinois are considering potential assistance and incentives that might be offered to the Company to reactivate that facility. Brownfield TIF support is critical to the consideration of the Charlevoix expansion. When completed, the project will significantly add to local and state taxes. Charlevoix County’s unadjusted jobless rate was 6.1% in November 2014. This project is expected to create approximately 10 new, full-time jobs in Charlevoix Township and retain approximately 139 full time jobs.

Background
The tax increment revenue will be utilized to redevelop approximately 100 acres of property located at 16000 Bells Bay Road in the Charlevoix Township. St. Marys Cement Inc. owns and operates a cement manufacturing plant located in Charlevoix Township. The company is evaluating plans to expand operations and modernize the cement making process in order to increase production capacity at the plant from 1.2 million metric tonnes to two million metric tonnes. The property is currently owned by St. Marys Cement Inc., who will take out conventional loans to complete the project. The property has contamination related to a fuel oil spill and cement kiln dust piles as a result of the previous owners operations. St. Marys Cement Inc., is not the liable party. The previous owner is subject to a consent decree that was ordered in 2002 regarding the management of the contamination.

The project includes the modernization and expansion of the current clinker cooler, various kiln sections and piers, a flash furnace, G cooler, clinker conveyor, raw mill and coke/coal mills. Project improvements will be constructed through the last quarter of 2017. Eligible activities that will be undertaken to alleviate Brownfield conditions on the property and complete the project include lead and asbestos abatement, and the demolition and removal of existing outmoded structures and equipment. Interest costs are requested for the loans the company takes out to cover demolition activities.
Approximately 10 permanent full-time jobs are anticipated to be created by the manufacturing portion of the project at an average hourly wage of $49.34. The total capital investment will be approximately $130 million.

**Property Eligibility**
The project is located within the boundaries of Charlevoix Township, which is not a Qualified Local Governmental Unit, and has been determined to be a facility as verified by the Michigan Department of Environmental Quality (DEQ) on February 5, 2015.

The property is the subject of a Brownfield Plan, duly approved by the County of Charlevoix on January 28, 2015 and concurred with by Charlevoix Township on January 26, 2015.

**Other State and Local Assistance to the Project**
A P.A. 198 Industrial Facilities Tax abatement has been approved for the project that reduces local taxes by 50% for 12 years, the value of which is estimated at $683,163.

**Tax Capture Breakdown**
There are 38.6809 non-homestead mills available for capture, with school millage equaling 24 mills (62.05%) and local millage equaling 14.6809 mills (37.95%). Due to the application of the PA 198 for 12 years, the ratio is shifted towards state capture at a 76.58% to 23.42% ratio for that period, then returning to a normal ratio thereafter. The capture ratio for the entire period is represented below. Tax increment capture will begin in 2017 and is estimated to continue for 16 years. The requested tax capture for MSF eligible activities breaks down as follows:

**Recommendation**
The MEDC recommends approval of the request by the County of Charlevoix Brownfield Redevelopment Authority to capture local and school taxes for the MSF eligible activities totaling $4,133,214 described above. Utilizing the current state to local capture ratio, the amount of school tax capture for this project is estimated at $3,104,457.
**KEY STATUTORY CRITERIA**

Act 381 requires the following information to understand and explain the benefits of the project.

a) **Overall Benefit to the Public:**
   The proposed modernization and expansion project will increase cement production and keep the plant in production for the next 50 years. The project will result in approximately 300 construction jobs during the peak of construction.

b) **Jobs Created (Excluding Construction and other Indirect Jobs):**
   This project is expected to create approximately 10 new, full-time jobs in Charlevoix Township and retain approximately 139 full time jobs.

c) **Area of High Unemployment:**
   Charlevoix County’s unadjusted jobless rate was 6.1% in November 2014. This compares to the statewide seasonally adjusted average of 5.7% in November 2014.

d) **Level and Extent of Contamination Alleviated:**
   Previous environmental investigations have identified the presence of contaminants related to a fuel oil spill and cement kiln dust piles on the property in excess of DEQ Generic Residential Cleanup Criteria. The current owner is not a liable party but is subject to a consent decree related to management of the fuel contamination.

e) **Reuse of Functionally Obsolete Buildings and/or Redevelopment of Blighted Property:**
   The project is not qualifying as functionally obsolete or blighted.

f) **Cost Gap that Exists between the Property and a Similar Greenfield Property:**
   While a Greenfield site was not considered, St. Marys Cement Inc. is evaluating other potential alternatives to this project, including reactivation of the St. Marys Cement Inc. plant located in Dixon, Illinois. Officials in Illinois are considering potential assistance and incentives that might be offered to the Company to reactivate that facility. Brownfield TIF support is critical to the consideration of the Charlevoix expansion.

g) **Whether Project will Create a New Brownfield Property in the State:**
   No new Brownfields will be created by this project.

h) **Whether the Project is Financially and Economically Sound:**
   From the materials received, the MEDC infers that the Work Plan is financially and economically sound.

i) **Other Factors Considered:**
   No additional factors need to be considered for this project.

WHEREAS, 2002 PA 727 amended 1996 PA 381, MCL 125.2651 et seq, to empower local brownfield redevelopment authorities to request the MEGA Board to approve a brownfield project work plan and, thereby, capture taxes levied for school operating purposes for the project;

WHEREAS, captured school operating tax revenues may be used under 1996 PA 381 as amended, for infrastructure improvements that directly benefit eligible property, for lead or asbestos abatement, and for structure demolition and site preparation that are not response activities under the Natural Resources and Environmental Protection Act, 1994 PA 451;

WHEREAS, the County of Charlevoix Brownfield Redevelopment Authority (the "Authority") has submitted a work plan for property located at 16000 Bells Bay Road within the Township of Charlevoix, known as St. Marys Cement (the "Project");

WHEREAS, that the Township of Charlevoix is not a "qualified local governmental unit," but is eligible to provide demolition and lead and asbestos removal as provided under 2007 PA 204;

WHEREAS, the Authority is requesting MSF approval to capture additional taxes levied for school operating purposes to provide for the reimbursement of the cost of eligible activities on an eligible property; and

WHEREAS, the Michigan Economic Development Corporation ("MEDC") provides administrative services to the MSF, and has reviewed the application and recommends approval of the Brownfield Work Plan by the MSF Board.

NOW, THEREFORE, BE IT RESOLVED, that the MSF Board authorizes the Authority to capture taxes levied for school operating purposes in substantially the same proportion as the 62.05% to 37.95% ratio currently existing between school and local taxes for non-homestead properties, and at a 76.58% to 23.42% ratio during the 12 years of the PA 198 abatement, to reimburse the cost of demolition, lead and asbestos abatement as presented in the revised Work Plan dated February 25, 2015. Any change in millage that increases the
capture percentage of school operating taxes by more than 5 percentage points must be approved by the MSF Board. The authorization is based on the Authority capturing all available local operating mills for the term of the capture period. The authorization for the capture of taxes levied for school operating purposes is based on a maximum of $2,846,250 for the principal activity costs of non-environmental activities and a contingency, a maximum of $1,266,964 in interest, and a maximum of $20,000 for Brownfield/Work Plan preparation, and with the capture of taxes levied for school operating purposes being limited to a maximum of $3,104,457.

BE IT FURTHER RESOLVED, that the MSF Board authorizes the MSF Fund Manager, to provide written notification to the Authority, in the form of a letter which incorporates the terms set forth in this Resolution and consistent with the limitations of the Act, and that this approval is further conditioned upon the Authority, or the Township as appropriate, maintaining adequate records regarding: a) all taxes captured for the project; and b) receipts or other appropriate documentation of the cost of eligible activities. The records shall be made available for review upon request by MSF or MEDC staff. Eligible activities authorized by this resolution must be completed within three (3) years.

BE IT FURTHER RESOLVED, that the MSF Board is authorizing that capture of taxes levied for school operating purposes for the payment of interest, up to a maximum of $1,266,964 related to the eligible activities for the Project.

Subject: Community Development Block Grant Program  
Triton Industries, Inc. ("Company")  
Watertown Charter Township ("Applicant")

Request

The Applicant is requesting $1,400,000 in Community Development Block Grant (CDBG) funds for infrastructure improvements needed for the project. The Applicant expects that this project could result in private investment of $2,643,650 and the creation of 37 jobs.

The Company is also considering Elkhart, Indiana for this expansion and relocation. Locating in Elkhart would put the Company in close proximity to its major suppliers. Elkhart also contains a skilled workforce specifically related to recreational products. The Company’s long standing commitment to Michigan has been demonstrated by decisions to date, however future growth necessitated a physical move which complicated the business decision under consideration. Incentive assistance was critical to help level the playing field to make an expansion in the region viable from a cost standpoint and sway stockholders to choose Michigan.

Background

The Company is a Lansing-based manufacturer of Manitou pontoon boats and has been in the area since 1985. Manitou pontoon boats are the industry leader in leisure, luxury, and performance pontoons. Manitou boats have a strong position within the luxury boat market and this has directly correlated to growth.

The Company’s current facility cannot support its future growth. Due to the lack of room to expand, the Company began looking at alternatives in the region as well as out of state, particularly Elkhart, Indiana. When evaluating alternative sites the Company found that Elkhart had favorable attributes including manufacturing space being offered at a very low price compared to other comparable buildings in the Lansing region. Labor costs in Michigan were also higher compared to Elkhart. Additionally, locating in Indiana would move the current operation out of state resulting in the loss of the current 73 Michigan employees.

The Company identified a building in Watertown Charter Township. This facility will provide the Company with ample room to expand in the future, however the sewer capacity cannot support the projected job growth. Both the Company and community committed to provide funding for the necessary infrastructure however were unable to cover the entire cost. The CDBG infrastructure grant will offset the cost allowing the sewer capacity to be upgraded to support the current projected growth as well as future growth for the Company.

This infrastructure project is also part of an overall strategy to attract additional business to expand or locate in the area.
The Applicant has agreed to fund activities related to architecture and/or infrastructure for the project. CDBG funds will be used to fund the public infrastructure, and the Company has agreed to fund activities related to architecture and/or engineering, private infrastructure, building improvements, demolition, planning, and other costs associated with the project.

**Program Requirements**
The project was evaluated utilizing the CDBG requirements. It has been determined that the project meets the following requirements to qualify as an eligible project under the CDBG program:

- **National Objective:**
  This project qualifies for CBDG funding as the project activities are expected to result in the creation of 37 full time positions over the next two years. The business has agreed that at least 19 of the 37 positions will be held by low to moderate income persons. The project meets a national objective by providing benefit to at least 51 percent low and moderate income persons. The CDBG cost per job is $37,838 with an average wage of $15.15 per hour.

- **Eligible Activity:**
  This project involves eligible activities identified in Section 105(a)(2) of Title I of the Housing and Community Development Act of 1974, as amended.

**Screening Guidelines**
The project was evaluated utilizing the CDBG guidelines. It has been determined that the project meets the following standards to qualify as an eligible project under the CDBG program:

- **Economic Impact:** The economic impact of this project was evaluated. It was determined that the project will add new diversified manufacturing jobs in the local area. The Lansing area historically has been automotive related manufacturing. The Company manufactures high end pontoon boats and will have the ability to provide new job opportunities for the skilled labor market. The additional sewer capacity will also allow for future development projects in the area.

- **Minimum Local Participation:** The Applicant will make an anticipated contribution of $169,600 which is twelve percent (12%) of the total infrastructure costs. The funds will be provided by the Applicant’s general fund.

- **Minimum Leverage Ratio:** The private leverage contribution, to be provided by the Company equals $2,643,650, which results in a leverage ratio of approximately 2:1 of the CDBG grant.

- **Financial Viability and Background Check:** The business receiving the benefit from this project has completed a background check with no concerns and has been determined to be financially viable.
The MEDC staff has concluded that the project meets the minimum program requirements and screening guidelines to be eligible under the CDBG program.

**Recommendation**
The MEDC Staff recommends:

- A CDBG Infrastructure grant agreement in the amount of $1,400,000 be authorized for the Watertown Charter Township for the Triton Industries, Inc. Project.

15. **Repayment Provisions:** It is understood and acknowledged by all parties, including the Company, that the investment and creation of jobs were essential factors in persuading the Grantor that this project is economically viable, and further, in the absence of this commitment by the Company, this grant(s) would not have been awarded.

The Company further acknowledges that should the private investment and job creation goals for this project not be met, the Grantee may require the repayment of the Grant(s) up to the full amount from the Company. The MSF may require the Grantee and Company to execute a Development Agreement that will be acknowledged by the MSF outlining repayment provisions.

16. **Environmental Review:** The CDBG environmental review process must be completed and written authorization received from MEDC prior to incurring project costs and beginning any project activities. Project costs include costs to be paid for with CDBG funds and all other non-CDBG funds. Incurred costs is defined as making any commitments relevant to the project. Further, this report must provide notice of any significant deviation from previously agreed upon work plans.

B) Independent Contractor

Contractor will act as an independent contractor under this Agreement, and neither Contractor nor any employee or agent or contract personnel of Contractor is, or shall be deemed to be, an employee of the MSF due to this Agreement and the relationship between Contractor and MSF. In its capacity as an independent contractor, Contractor agrees to and represents the following:

1) Contractor will provide the services under this Agreement free from the direction or control of the MSF as to means, manners, and methods of performance;

2) Contractor has the right and does fully intend to perform services for third parties during the Term;

3) Contractor acknowledges that any work product developed by Contractor in performance of this Agreement shall be the sole property of the MSF and the MSF shall have the right to copyright or otherwise protect its rights in and ownership of the work product;

4) The services required by this Agreement shall be performed by Contractor, or Contractor’s employees or contract personnel, and the MSF shall not hire, supervise, or pay any assistants to help Contractor;

5) Neither Contractor nor Contractor’s employees or contract personnel shall receive any training from the MSF in the professional skills necessary to perform the services required by this Agreement;
6) Neither Contractor nor Contractor’s employees or contract personnel shall be required by the MSF to devote full time to the performance of the services required by this Agreement; and

7) Contractor does not receive the majority of its annual compensation from the MSF.

The Parties acknowledge and agree that the MSF is entering into this Agreement with reliance on the representations made by Contractor relative to its independent contractor status.

C) Permits and Licenses

Contractor declares that Contractor has complied with all federal, state and local laws requiring any business permits, certificates or licenses required to carry out the services to be performed under this Agreement, and Contractor will maintain those permits, certificates and/or licenses throughout the Term.

D) Materials

Contractor will furnish all materials, equipment and supplies used to provide the services required by this Agreement.

E) State and Federal Taxes

The MSF will not:

1) Withhold FICA (Social Security and Medicare taxes) from Contractor’s payments or make FICA payments on Contractor’s behalf; or

2) Make state or federal unemployment compensation contributions on Contractor’s behalf, or withhold state, federal or local income tax from Contractor’s payments.

Contractor shall pay all taxes incurred while performing services under this Agreement, including, but not limited to all applicable income taxes. If requested by the MSF, Contractor shall provide the MSF with proof that such payments have been made.

F) Fringe Benefits

Contractor understands that neither Contractor nor Contractor’s employees or contract personnel are eligible to participate in any employee pension, health, vacation pay, sick pay, or other fringe benefit plan of the MSF.

G) Workers’ Compensation

The MSF shall not obtain workers’ compensation insurance on behalf of Contractor or Contractor’s employees. If Contractor hires employees to perform any work under this Agreement, Contractor shall cover them with workers’ compensation insurance and shall maintain such insurance during the Term. The MSF may, in its discretion, require Contractor to provide evidence of such coverage.
H) **Unemployment Compensation**

The MSF shall make no state or federal unemployment compensation payments on behalf of Contractor or Contractor’s employees or personnel. Contractor will not be entitled to these benefits in connection with work performed under this Agreement. If Contractor files a petition for and receives unemployment compensation, the total amount of unemployment compensation awarded to and received by Contractor shall be deducted from and be an offset against the amount of compensation due and payable to Contractor by the MSF under this Agreement.

I) **Access to Records**

During the Term, and for seven (7) years after the Ending Date, Contractor shall maintain reasonable records, including evidence that the requested services actually were performed and the identity of all individuals paid for such services, and shall allow access to those records by the MSF or its authorized representative at any time during this period.

J) **Termination**

Either Party may terminate its obligations under this Agreement by giving the other Party thirty (30) calendar days prior written notice of such termination.

The MSF may immediately terminate this Agreement upon written notice to Contractor if Contractor materially breaches its obligations under this Agreement or engages in any conduct which the MSF, in its sole discretion, determines has or could have an adverse impact on the State of Michigan’s (the “State”) or the MSF’s reputation or interests. In addition, the MSF may immediately terminate this Agreement upon written notice to Contractor, without further liability to the MSF or the State, its departments, agencies, and employees, if Contractor, an officer of Contractor, or an owner of a 25% or greater share of Contractor is convicted of a criminal offense relating to a State, public, or private contract or subcontract; or convicted of a criminal offense including, but not limited to, any of the following: embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, attempting to influence a public employee to breach the ethical conduct standards for State employees; convicted under state or federal antitrust statutes; or convicted of any other criminal offense which, in the sole discretion of the MSF, reflects on Contractor’s business integrity.

Contractor acknowledges that MSF’s performance of its payment obligation is dependent upon the MSF Executive Committee’s continued approval of funding and/or the MSF’s continued receipt of State funding. In the event that the State Legislature, the State Government or any State official, public body corporate, commission, authority, body or employees, including the MSF Executive Committee: (a) takes any action which fails to provide, terminates or reduces the funding that is related to the source of funding for this Agreement; or (b) takes any action that is unrelated to the source of funding for this Agreement, but affects the MSF’s ability to perform obligations under this Agreement, the MSF may terminate this Agreement by providing thirty (30) calendar days notice prior to the effective date of cancellation. In the event, however, that the action of the State Legislature, the State of Michigan or MSF’s Executive Committee results in an immediate absence or termination of funding, this Agreement may be terminated effective immediately upon delivery of notice to the Contractor. In the event of immediate termination of funding, the MSF will make payment through the effective date of termination for any undisputed services rendered and expenses incurred.
The MSF shall have no obligation to Contractor for any fees or other payments incurred in connection with this Agreement after the effective date of termination. Upon termination, all work product prepared or produced by Contractor pursuant to this Agreement shall be immediately delivered to the MSF. Payment for any undisputed services rendered and expenses incurred through the effective date of termination will then promptly be made by the MSF.

K) **MSF Employees**

Contractor will not hire any employee of the MSF to perform any services covered by this Agreement without prior written approval from the Chief Executive Officer of the MSF.

L) **Confidential Information**

Except as required by law, Contractor shall not use or disclose, either before, during or after the Term, any proprietary or confidential information, including, but not limited to, applications, business bids, business plans, economic development analyses, computer programs, databases and all materials furnished to Contractor by the MSF (collectively, “Confidential Information”) without the prior written consent of the MSF. Confidential Information does not include information obtained by Contractor from third party sources; that is already in the possession of, or is independently developed by, Contractor; that becomes publicly available other than through breach of this Paragraph; or, is released with the prior written consent of the governmental entity or entities that provided the Confidential Information to Contractor. Contractor acknowledges that all information provided by the MSF in connection with Contractor’s duties under this Agreement shall be treated as Confidential Information unless otherwise stated in this subsection.

M) **Conflict of Interest**

Except as has been disclosed to the MSF, Contractor affirms that neither the Contractor, nor its Affiliates or their employees has, shall have, or shall acquire any contractual, financial business or other interest, direct or indirect, that would conflict in any manner with Contractor’s performance of its obligations under this Agreement or otherwise create the appearance of impropriety with respect to this Agreement.

Contractor further affirms that neither Contractor nor any affiliates or their employees has accepted or shall accept anything of value based on an understanding that the actions of the Contractor or its affiliates or either’s employees on behalf of the MSF would be influenced. Contractor shall not attempt to influence any MSF employee by the direct or indirect offer of anything of value. Contractor also affirms that neither Contractor, nor its Affiliates or their employees has paid or agreed to pay any person, other than bona fide employees and consultants working solely for Contractor or its Affiliate, any fee, commission, percentage, brokerage fee, gift or any other consideration contingent upon or resulting from the execution of this Agreement.

In the event of change in either the interests or services under this Agreement, Contractor will inform the MSF regarding possible conflicts of interest which may arise as a result of such change. Contractor agrees that conflicts of interest shall be resolved to the MSF’s satisfaction or the MSF may terminate this Agreement. As used in this Paragraph, “conflict of interest” shall include, but not be limited to, conflicts of interest that are defined under the laws of the State of Michigan.
N) **Representations of Contractor**

Contractor affirms to the best of its knowledge that it or its owners:

1) Do not have any criminal convictions.

2) Are not subjects of any pending criminal investigation.

3) Are not subjects of any past, present or pending investigations by the Internal Revenue Service or any other federal or state taxing body or court.

4) Are not subjects of any past, pending or present litigation regarding its conduct.

5) Are not in material default or breach of any contract or agreement that it may have with the State of Michigan, the MSF or any other public body. Contractor further represents and warrants that it has not been a party to any contract with the State, the MSF or other public body that was terminated within the previous five (5) years due to the Contractor’s failure to perform or otherwise breached an obligation of such contract.

O) **State of Michigan Competitors**

Any information or knowledge Contractor gains during the course of this Agreement concerning the economic development efforts of the State of Michigan, the MSF or the business conditions or business community in Michigan shall not be disclosed to any public or private party, sovereign authority or foreign government, during the Term and for a period of two (2) years after the later of the Ending Date, the effective date of termination of this Agreement or so long as any information remains confidential pursuant to any contract, law, treaty, resolution or other enforceable promise.

P) **Irreparable Injury**

**Contractor** acknowledges that if it breaches any of its obligations under Paragraphs L and O above, it will cause damages of an irreparable and continuing nature to the MSF, for which money damages alone will not provide adequate relief. Therefore, in addition to all appropriate monetary damages, the MSF is entitled to obtain injunctive relief, including, but not limited to, a temporary restraining order to prohibit the Contractor’s continuing breach. The MSF shall have the right to obtain such relief without having to post any bond or other surety.

Q) **Indemnification and Contractor Liability Insurance**

Contractor shall indemnify, defend, and hold harmless the MSF, its Executive Committee, its Corporate Board of Directors, and its employees (the “Indemnified Parties”) from any and all liability arising out of or in any way related to Contractor’s performance under this Agreement, including any liability resulting from any acts of Contractor’s employees or agents.

Contractor shall purchase and maintain such insurance to protect the Indemnified Parties from claims that might arise out of or as a result of Contractor’s operations. Contractor will provide and maintain its own errors and omissions liability insurance for Contractor’s indemnification obligation under this Agreement. The insurance shall be written for not less than One Million Dollars ($1,000,000) of coverage, but Contractor’s indemnification obligation is not limited to this
R) **Total Agreement**

This Agreement, together with Exhibit A, contains the entire agreement between the Parties superseding any prior or concurrent agreements as to the services being provided, and no oral or written terms or conditions which are not contained in this Agreement shall be binding. This Agreement may not be changed except by written agreement signed by the Parties.

S) **Assignment/Transfer/Subcontracting**

Contractor shall not assign, transfer, convey, subcontract, or otherwise dispose of any duties or rights under this Agreement without the prior specific written consent of the MSF. Contractor agrees that any of Contractor’s future successors or subcontractors will be bound by the provisions of this Agreement, unless the MSF otherwise agrees in a specific written consent. The MSF reserves the right to approve subcontractors for this Agreement and to require Contractor to replace subcontractors who are found to be unacceptable.

T) **Non-Discrimination and Unfair Labor Practices**

In connection with this Agreement, Contractor shall comply with the Elliott-Larsen Civil Rights Act, 1976 PA 453, MCL 37.2101 *et seq*., the Persons with Disabilities Civil Rights Act, 1976 PA 220, MCL 37.1101 *et seq*., and all other federal, state and local fair employment practices and equal opportunity laws and covenants that it shall not discriminate against any employee or applicant for employment with respect to his or her hire, tenure, terms, conditions, privileges of employment, or any matter directly or indirectly related to employment because of his or her race, religion, color, national origin, age, gender, height, weight, marital status, or physical or mental disability unrelated to the individual's ability to perform the duties of a particular job or position. Contractor further agrees that every subcontract entered into in connection with this Agreement will contain a provision requiring nondiscrimination in employment, as required in this Agreement, binding upon each subcontractor.

Pursuant to 1980 PA 278 (the “Act”), MCL 423.321 *et seq*., the State shall not award a contract or subcontract to an employer whose name appears in the current register of employers failing to correct an unfair labor practice compiled by the United States National Labor Relations Board. Contractor, in relation to this Agreement, shall not enter into a contract with a subcontractor, manufacturer, or supplier whose name appears on this register. Pursuant to section 4 of the Act, the MSF may void this Agreement if, after the Starting Date, the name of the Contractor as an employer or the name of the subcontractor, manufacturer or supplier of Contractor appears on the register.

A breach of this Paragraph constitutes a material breach of this Agreement.

U) **Jurisdiction**

The laws of the State of Michigan shall govern this Agreement. The Parties shall make a good faith effort to resolve any controversies that arise regarding this Agreement. If a controversy cannot be resolved, the Parties agree that any legal actions concerning this Agreement shall be brought in the Ingham County Circuit Court in Ingham County, Michigan, USA. By signing this Agreement, Contractor acknowledges that it is subject to the jurisdiction of this court and agrees to service by first class or express delivery wherever Contractor resides, in or outside of the
United States.

V) **Compliance with Laws**

Contractor shall comply with all applicable state, federal and local laws and ordinances in providing the services under this Agreement.

W) **No Partnership or Agency Relationship**

This Agreement does not create a partnership relationship. Further, neither Contractor nor Contractor’s employees or other representatives shall hold themselves out to third parties as an agent or representative of MSF, nor shall they have any authority to take any action or enter into any agreement on behalf of MSF.

X) **No Third Party Beneficiaries**

There are no expressed or implied third party beneficiaries to this Agreement.

Y) **Counterparts**

This Agreement may be executed in one or more counterparts and by facsimile, electronic mail or .pdf, each of which shall constitute an original, and all of which together shall constitute one and the same instrument.

Z) **Reimbursement**

If this Agreement is terminated as a result of the misuse of funds as reasonably determined by the MSF, MSF shall have no further obligation to make any payments to Contractor. Furthermore, Contractor shall reimburse MSF for payments which were expended for purposes other than those described in this Agreement, as well as any funds which were previously disbursed under this Agreement but not yet expended by Contractor.

AA) **Survival**

The terms and conditions of sections III, V(B), V(E), V(F), V(G), V(H), V(I), V(L), V(O), V(P), V(Q), V(S), V(U), V(W), V(X) and V(Z) shall survive termination of this Agreement.

1. The prices in the proposal have been arrived at independently, without consultation, communication, or agreement, for the purpose of restricting competition as to any matter relating to such prices with any other Bidder or with any competitor; and

Each person signing the proposal certifies that she/he:

A) Is the person in the Bidder's organization responsible within that organization for the decision as to the prices being offered in the proposal and has not participated (and will not participate) in any action contrary to 1, 2, and 3 above; or

A proposal will not be considered for award if this Attachment B has been altered so as to delete or modify 1 or 3, above. If 2, above, has been modified or deleted, the proposal will not be considered for award unless the Bidder provides, with this Attachment B, a signed statement which sets forth, in detail, the circumstances of the disclosure and the MSF determines that such disclosure was not made for the purpose of restricting competition.
