

**Michigan  
Urban Land Assembly  
Year End Report  
September 30, 2009**

The Michigan Economic Development Corporation (MEDC) has the administrative responsibility for the Michigan Urban Land Assembly (ULA) Fund Program. The ULA Program was created to assist eligible municipalities in the acquisition of industrial and commercial property for economic development purposes.

Section 9 of the Urban Land Assembly Act of 1981 requires that the MEDC report to the Legislature on an annual basis regarding the use of the ULA Fund, including:

- A list and description of approved projects
- The number of jobs created by approved projects
- Other accomplishments of the Fund
- The MEDC's recommendations on the continuation or cessation of the Fund, as well as, other recommendations for changes in the Fund

As of September 30, 2009, the fund's available balance is \$5,218,944. The MEDC continues to collect on the outstanding loans. In 2008, receivables in the amount of \$479,224 were expected and \$481,076 was received.

During the fiscal year, no new loans were approved. Since the inception of the ULA Fund, 31 projects have been approved. A list of the 9 open projects is attached.

Though no loans were made during this period, the ULA Fund continues to provide important support for projects that contribute to the revitalization of urban centers. We believe the financial situation many communities find themselves in prevented them from incurring any additional obligations. The MEDC recommends continuation of the ULA Fund.

URBAN LAND ASSEMBLY (ULA) LOAN PROGRAM  
ANNUAL REPORT  
YEAR ENDED SEPTEMBER 30, 2009

Approval Date	Borrower	Loan Amount	Loan Balance	Loan Status	Use of Funds	Employment		Project Status
