Section 1042 Report
FY 2021 First Quarter Report
January 1, 2021 –March 31, 2021

Section 1042 of Public Act 166 of 2020, the FY 2021 Omnibus Budget, requires the Michigan Strategic Fund (MSF) to report quarterly on the amount of funds for Business Attraction and Community Revitalization considered appropriated, pre-encumbered, encumbered, and expended, including all previous appropriations for Business Attraction and Community Revitalization, or a predecessor, that were considered appropriated, pre-encumbered, or expended.

Funds are pre-encumbered when the MSF enters into negotiations with a company regarding an incentive. This category also includes those instances where offer letters have been issued or the MSF has approved an incentive but has not yet executed an agreement. Funds are encumbered after a formal written agreement between the MSF and a company has been fully executed. Funds are expended when the MSF determines that a company has met all requirements of a project, as set forth in the formal written agreement, and funds have been disbursed.

For FY 2021, the MSF was appropriated a total of \$100,000,000 for Business Attraction and Community Revitalization. The amounts that have been pre-encumbered, encumbered, and expended as of December 31, 2020, including previous appropriations, are detailed in the following table.

Section 1042 also requires a list of appropriations for Business Attraction and Community Revitalization appropriated, pre-encumbered, encumbered, or expended that have lapsed back to the MSF for any purpose. In FY 2020, \$20,000,000 of appropriation year 2016 work project funds lapsed as part of the agreement between the Legislature and Governor to balance the budget.
