SECTION I STATEMENT OF WORK

A) PURPOSE

The MSF is seeking a contractor (the “Contractor”) to complete a National Register of Historic Places nomination (the “Nomination”) for Vaughn’s Bookstore (“Vaughn’s”), a significant Civil Rights site in Detroit, Michigan. The Nomination is funded through a federal 2020 grant from the National Park Service (“NPS”) Underrepresented Communities Grant Program (the “Grant Program”).

B) BACKGROUND STATEMENT AND OBJECTIVES

Background: The Nomination is being undertaken as part of a larger Detroit Civil Rights project. In 2016, the State Historic Preservation Office (the “SHPO”) received an NPS grant to identify and document 20th Century African American Civil Rights sites in Detroit, Michigan (the “2016 Project”). The 2016 Project included the development of a historic context, intensive-level survey of thirty properties, a Multiple Property Documentation Form, five nominations, and a bike tour. During the intensive-level survey, Vaughn’s was identified as a significant Civil Rights site and, even though its physical condition has deteriorated due to neglect, it was removed from the Detroit Land Bank’s demolition list. It has since been determined eligible for listing in the National Register of Historic Places.

In 1962, when books on African American history and culture were not readily available, postal worker Edward Vaughn began selling Afro-centric books out of the trunk of his car. In 1963, Southern protests propelled the African American Civil Rights Movement to the forefront of national attention. That year also marked the radicalization of the Civil Rights Movement in Detroit following the March to Freedom in June 1963 and Malcolm X’s revolutionary “Message to the Grassroots” speech at Detroit’s King Solomon Baptist Church in November. In this politically charged atmosphere Ed Vaughn, in partnership with his aunt Polly Rawls, purchased a small storefront in a four-store strip mall on Dexter Avenue in Detroit’s Twelfth Street neighborhood. By the time Vaughn’s opened in 1964, nearby Linwood Street and Dexter Avenue had become the heart of Detroit’s Black Nationalist Movement. Vaughn’s soon became the epicenter for the intellectual, political, artistic, and cultural community of Black Detroit and also became an important source of information for teachers and students, since Black history was rarely taught in public schools. Vaughn’s was the first Black-owned bookstore in Michigan and the second in the United States. Ed Vaughn emerged as a national leader in both the Black Consciousness and Black Arts Movements. Through Ed Vaughn’s support of Detroit’s Black-owned Broadside Press, the nation’s most significant publisher of Black poets, major publishing houses finally began to realize the lucrative market for Black literature and histories. In 1966, Ed Vaughn founded Forum 66, a collective of international artists and political figures that actively supported Black Nationalism ideology. Its Detroit-based members included activists Rosa Parks, James and Grace Lee Boggs, and Albert Cleage Jr. They held bi-weekly meetings at Vaughn’s and sponsored three national Black Arts conventions that blended politics, art, history, and economics (Forum 65, 66, and 67). Though Vaughn’s was damaged during the 1967 Rebellion, Ed Vaughn continued to operate it from that location until 1968.

Vaughn’s is owned by the City of Detroit, who identified it as a priority site for rehabilitation as one of four planned Art Houses that will serve as catalysts for neighborhood revitalization

efforts.

Objectives:

This Contract must be completed by March 31, 2023 (the “End Date”)

The Contractor shall prepare and complete a National Register of Historic Places nomination for Vaughn’s Bookstore located at 12115 Dexter Avenue, Detroit, Michigan. (the “Property”).

C) QUALIFICATIONS

The Contractor must meet the 36CFR61 *Secretary of the Interior’s Professional Qualifications* for Historian and/or Architectural Historian (the “Professional Qualifications”). The Contractor must be in direct supervision of the Nomination, and a complete description of their role in the Nomination must be included in the proposal.

D) SCOPE OF SERVICES AND DELIVERABLES

SCOPE OF SERVICES

Methods for Preparing the Nomination

It is expected that research undertaken for the project will support the listing of the Property at the national level of significance as the second Black-owned bookstore in the United States and for its role in the Black Arts Movement (1964-1968).

The Contractor will undertake primary and secondary research and write historic contexts and identify areas and periods of significance in compliance with NPS guidance, particularly but not limited to the National Register Bulletins, *How to Apply the National Register Criteria for Evaluation* (“Bulletin 15”) and *How to Complete the National Register Registration Form* (“Bulletin 16A”). The Nomination will be submitted under *The Civil Rights Movement and the African American Experience in 20th Century Detroit* (approved 2021) Multiple Property Documentation Form (the “MPDF”). Researchers should also refer to the NPS’s *Civil Rights in America: A Framework for Identifying Significant Sites*. Research must include a variety of source materials as listed in the “Historical Research” section of the SHPO’s *Michigan Above Ground Survey Manual* (2018). Because of the lack of comprehensive studies available, researching African American history and related sites requires more time and going beyond the use of standard references such as early maps, directories, tax assessor records, etc. In addition to standard references, use of primary resources such as African American newspapers, publications, and collections related to African Americans and Civil Rights history in local repositories will be required for the Nomination. Examples include, but are not limited to newspapers such as the *Michigan Chronicle*, *Detroit Tribune*, *Chicago Defender*, *Pittsburgh Chronicle*, etc. and the National Association for the Advancement of Colored People (NAACP) Detroit Chapter Branch Records, oral histories, court records, records of neighborhood associations, etc.

Prepare the Nomination

The Nomination will be submitted to the SHPO in accordance with the terms of this RFP. Specifically, Deliverables 5, 6, 7, and 9 must include the following:

- a. National Register of Historic Places Registration Form
- i. **Narrative Description (Section 7 of the National Register of Historic Places Registration Form).** The Narrative Description must conform to NPS guidance provided in Bulletin 15, Bulletin 16A, and other guidance, as applicable. The Narrative Description must contain, at a minimum, the following sections: Environment and Setting, General Characteristics, Exterior, Interior, Integrity, and Archaeological Potential. The Contractor will complete each section based on published guidance from NPS and in consultation with SHPO.
 1. **Environment and Setting.** The Environment and Setting section should describe the immediate and broader physical location of the Property. This should describe, at a minimum, the address (street, city or township, county, and state) topography, vegetation, whether the Property is in an urban or rural location, whether the Property is in a commercial or residential location. The Setting section must also address how the setting has changed over time. This section must convey to the unfamiliar reader a sense of what they would see if they were standing before the Property.
 2. **General Characteristics.** The General Characteristics section should provide an overview of the Property and the current state of its general physical condition. At a minimum, it should describe the general shape of the plan and form of the Property, its type, the number of stories, the number of bays, structural system, roof form, principal construction materials, and the structural system of the Property, if known. Additions, demolitions, and significant alterations should be discussed, and the dates of the changes noted, if known.
 3. **Exterior.** The Exterior description must provide information about each elevation in a logical sequence, beginning with the primary elevation or façade. Attention should be given to fenestration patterns, detailing, and other historic and character-defining features, and those features that are in contrast to the general characteristics of the Property, as described in that section.
 4. **Interior.** The Interior description should follow a logical flow, as one might proceed through the Property. Attention should be given to the entrance sequence, floor plan, and relationship of primary spaces. The interior description should also describe historic and character-defining features such as doors, flooring, paneling, beams, and any special materials present.
 5. **Outbuildings.** If additional, significant resources are present within the Property's boundaries, they must be described under a separate heading.
 6. **Integrity.** The Integrity section must describe, at a minimum, how the Property possesses historic integrity and which aspects of integrity are more important and which are less so. The MPDF provides registration requirements for properties nominated under that cover document and addresses historic integrity. The text should consider those requirements and how they relate to the Property.

Though not National Park Service guidance, the National Council of Public History has provided a useful perspective when evaluating underrepresented community resources:

It is also important to bear in mind that the terms “integrity” and “condition” do not mean the same thing. Whether a site is in “good” condition or not is of little consequence for a nomination. It does not matter if a resource is “attractive” or meets any standard of taste; its ability to convey its significance—to reveal its connection to history—determines primary importance. Even the most modest or neglected building may still convey its significance in relation to historical events or themes, and damaged properties in poor condition may retain enough integrity to tell their stories. . . design, materials, and workmanship may not be the most important aspects of integrity for resources associated with historically marginalized communities. Stories related to location, setting, feeling, and association are usually more relevant.”

7. Archaeological Potential. It is important to consider the prospect that archaeological deposits may be present within the Property boundaries. Consideration of archaeological resources and potential provides a holistic depiction of the significance of the Property.

As part of the Narrative Description, include a description of known archaeological sites and the potential of the site to yield archaeological information. **NOTE: this requirement is not intended to establish significance under National Register Criterion D.** This description should account for historical Native American presence, land use changes, removed buildings, and other historical occupational-related features. Examples of an archaeological description are available from SHPO.

The presence of recorded archaeological sites can be determined, in part, by consulting the State of Michigan Archaeological Site File held in the SHPO. The potential presence of historical period archaeological resources such as privies, cisterns, and former outbuildings can be evaluated by examining historical plat maps, atlases, aerial photos, Sanborn maps, and other similar sources. Evaluating the potential presence of Native American archaeological sites may be more challenging. Soliciting information from the Property owner, municipality, and local universities about the discovery of artifacts is an important first step. Proximity to a source of surface water can also be a clue to the likelihood that an archaeological site may be present. Seeking guidance from an archaeological consultant in evaluating site potential is also an option, but is not required.

The Narrative Description must conform to the *Michigan State Historic Preservation Office Style Guide* found on the SHPO website at: <https://www.miplace.org/4add4e/globalassets/documents/shpo/programs-and-services/national-register-of-historic-places/guidance-and-instructions/michigan-state-historic-preservation-office-style-guide.pdf>.

ii. **Narrative Statement of Significance (Section 8 of the National Register of**

Historic Places Registration Form). The Narrative Statement of Significance (the "Statement of Significance") must conform to NPS guidance provided in Bulletin 15, Bulletin 16A, and other guidance, as applicable. The Nomination must also address the Registration Requirements for this property type as described in the MPDF. Special attention must be given to the development of historic context(s) (See National Register Bulletins 15; 16A, pages 47-51; and 16B, pages 11-13). The Statement of Significance should, at a minimum, provide information about the general growth and development of Detroit particularly as it relates to the residential growth and development of the city, the discrimination in housing, generally, and *de jure* and *de facto* segregation as endured by African Americans, the forms and methods used by some Whites to prevent African Americans from purchasing homes or moving to certain neighborhoods, and the need for defense-related housing and the difficulties encountered by Detroit's African Americans trying to obtain it.

The Statement of Significance text must conform to the *Michigan State Historic Preservation Office Style Guide* found on the SHPO at: <https://www.miplace.org/4add4e/globalassets/documents/shpo/programs-and-services/national-register-of-historic-places/guidance-and-instructions/michigan-state-historic-preservation-office-style-guide.pdf>.

1. **Oral History.** The use of oral history is encouraged in establishing and describing the historic significance of the Property and in bringing greater understanding to the associated historic context(s). When interviews or oral histories are conducted and recorded, the Contractor must submit one (1) digital copy of each interview or oral history to the SHPO.

b. Current Photographs

Photographs must meet the requirements and specifications as described in *Photograph Specifications for National Register Nominations in Michigan*, found on the SHPO website, here: <https://www.miplace.org/492e45/globalassets/documents/shpo/programs-and-services/national-register-of-historic-places/guidance-and-instructions/nr-photograph-specifications-for-national-register-nominations-in-michigan.pdf>. Among the requirements are a set of photographs that depict:

- i. Contextual view(s). Such views should show the Property in its wider locational setting. Contextual views are similar to streetscape views and should be taken from an appropriate distance so that the Property is viewed among adjacent and unrelated buildings, objects, structures, and natural features. The Property should be readily visible.
- ii. Views of various aspects of the Property's setting, especially those areas that may be deemed significant to the Property, such as historic landscape features.
- iii. Exterior views that show all elevations of the subject or primary resource, including additions and alterations (corner or perspective views are ok).
- iv. Details of character-defining exterior features (these may be captured in other views, but some materials may warrant separate photographs).
- v. Details of atypical or unusual exterior features.
- vi. Outbuildings, sites, and secondary features, especially those that contribute to the significance of the Property or are described in the narrative text.
- vii. Views of construction materials (these may be captured in other views, but some materials may warrant separate photographs)

- viii. Views of primary interior spaces on each floor
 - ix. Views of primary common or public spaces.
 - x. Views of character-defining, atypical, or unusual interior features (i.e. decorative glass, decorative tile, fireplaces, light fixtures, stairs, floors, built-in features, woodwork).
- c. Locational Maps
- Provide two (2) locational maps that conform to the requirements described in **Bulletin 16A, pages 61-62**, and described in the *National Register Draft Electronic Map Policy Factsheet* (June 2012). All geographic coordinates must be in Latitude and Longitude decimal degree format to six decimal places. Do not submit Universal Transverse Mercator (UTM) references instead of or in addition to Latitude and Longitude coordinates. All maps must be submitted in digital form, PDF is preferable. SHPO will not accept paper maps and maps must also meet the following requirements:
- i. Identify the historic district boundaries;
 - ii. Enclose the district in a visible polygon. Each vertex of the polygon must be labeled by sequential number, beginning in the northwest corner and moving clockwise. Each vertex will constitute one geographic reference point. Polygons should be kept as simple as possible (often a rectangle); and
 - iii. The district boundaries and the visible polygon must be differentiated by color or marking.
- d. Sketch Maps and Floor Plan(s)
- Submit one or more sketch or line drawings of the floor plan(s). Significant common spaces must be identified. Submit one or more sketch maps of the Property that depicts any buildings on the Property.
- e. Photo Key
- Submit one or more maps that key all submitted and final photographs to floor plan(s) of the Property. The photo key must identify the number of the photograph from the Photo Log in the registration form and include a directional marker indicating from which direction the photograph was taken.
- f. Notification List
- Provide one (1) list to the SHPO that includes: the owner(s) of the Property, the chief elected official of the community in which the Property is located, the chief elected official of the county in which the Property is located.
- g. Research Resources
- Provide to the SHPO with one (1) copy of each source used in preparation of the Nomination, as available. Sources include, but are not limited to, books, book sections, newspapers, historical maps, historical photographs, journal articles, letters, interviews, etc. It is preferred that research notes be submitted as digital files, but paper copies will be accepted. Research notes must be grouped in a folder by source type (photographs, newspapers, maps, photographs, etc.). When interviews or oral histories are conducted and recorded, the Contractor must submit one (1) digital copy of each interview or oral history to the SHPO. For each source type, a naming convention should be developed

in consultation with SHPO at the Nomination Kick-off Meeting described below.

M) Conflict of Interest

Except as has been disclosed to the MSF, Contractor affirms that neither the Contractor nor its affiliates or their employees has, shall have, or shall acquire any contractual, financial

business or other interest, direct or indirect, that would conflict in any manner with Contractor's performance of its obligations under this Agreement or otherwise create the appearance of impropriety with respect to this Agreement. Generally speaking, this conflict of interest policy applies to any person who is paid in full or in part with Historic Preservation Fund ("HPF") or matching share ("state") monies, or who donates time or provides in-kind services to the HPF program. Contractor further affirms that neither Contractor nor any affiliates or their employees has accepted or shall accept anything of value based on an understanding that the actions of the Contractor or its affiliates or either's employees on behalf of the MSF would be influenced. Contractor shall not attempt to influence any or MSF employee by the direct or indirect offer of anything of value. Contractor also affirms that neither Contractor nor its affiliates or their employees has paid or agreed to pay any person, other than bona fide employees and consultants working solely for Contractor or its affiliate, any fee, commission, percentage, brokerage fee, gift or any other consideration contingent upon or resulting from the execution of this Agreement.

In the event of a change in either the interests or services under this Agreement, Contractor will inform the MSF regarding possible conflicts of interest that may arise as a result of such change. Contractor agrees that conflicts of interest shall be resolved to the MSF's satisfaction or the MSF may terminate this Agreement. As used in this subsection, "conflict of interest" shall include, but not be limited to, conflicts of interest that are defined under the laws of the State of Michigan.

O) **State of Michigan Competitors**

Any information or knowledge Contractor gains during the course of this Agreement concerning the economic development efforts of the State of Michigan, the MSF or the business conditions or business community in State of Michigan shall not be disclosed to any public or private party, sovereign authority or foreign government, during the Term and for a period of two (2) years after the later of the End Date, the effective date of termination of this Agreement or so long as any information remains confidential pursuant to any contract, law, treaty, resolution or other enforceable promise.

P) **Irreparable Injury**

Contractor acknowledges that if it breaches any of its obligations under subsections L or O, it will cause damages of an irreparable and continuing nature to the MSF, for which money damages alone will not provide adequate relief. Therefore, in addition to all appropriate monetary damages, the MSF is entitled to obtain injunctive relief, including, but not limited to, a temporary restraining order to prohibit the Contractor's continuing breach. The MSF shall have the right to obtain such relief without having to post any bond or other surety.

Q) **Indemnification and Contractor Liability Insurance**

Furthermore, Contractor shall reimburse MSF for payments which were expended for purposes other than those described in this Agreement, as well as any funds that were previously disbursed under this Agreement but not yet expended by Contractor.

AA) **Severability**

All of the clauses of this Agreement are distinct and severable and, if any clause shall be deemed illegal, void or unenforceable, it shall not affect the validity, legality or enforceability of any other clause or provision of this Agreement. To the extent possible, the illegal, void or unenforceable provision shall be revised to the extent required to render the Agreement enforceable and valid, and to the fullest extent possible, the rights and responsibilities of the Parties shall be interpreted and enforced to preserve the Agreement and the intent of the Parties. Provided, if application of this section should materially and adversely alter or affect a Party's rights or obligations under this Agreement, the Parties agree to negotiate in good faith to develop a structure that is as nearly the same structure as the original Agreement (as may be amended from time to time) without regard to such invalidity, illegality or unenforceability.

BB) **Publicity**

At the request and expense of the MSF, the Contractor will cooperate with the MSF to promote the Scope of Work through one or more of the placement of a sign, plaque, media coverage or other public presentation at the Site or other location acceptable to the Parties.
