

6 REASONS TO EXPORT YOUR PRODUCTS TO CHINA

1

CHINA'S AUTO MARKET

Is projected to exceed that of Germany, Japan and the United States combined by 2015

2

AEROSPACE

CHINA IS ONE OF

the world's fastest growing civil aviation markets and is forecast to require 5,000 new aircraft valued at \$600 billion over the next 20 years.

3

AGRICULTURE PRODUCTS

CHINA IS THE

second-largest overseas market for U.S. agriculture, fish and forestry exports.

4

GREEN BUILDING

CHINA HAS THE

world's largest construction market and will build half of the world's new buildings.

5

MEDICAL DEVICE & HEALTHCARE

CHINA IS THE

world's second-largest market for medical equipment. Chinese consumers consider U.S. products to be of superior quality and the most technologically advanced.

6

MARINE INDUSTRIES

CHINA HAS SEEN

rapid development of its marine industry with more than 1,400 harbors and 210,000 cargo ships, boats and floating structures accounting for \$2.04 billion in 2011.
