**FROM:** Mark Burton, President

**SUBJECT:** FY 2021 Michigan Enhancement Grants - First Quarter Report

Section 1048 of Public Act 166 of 2020, the FY 2021 Omnibus Budget, requires the Michigan Strategic Fund (MSF) to provide quarterly updates on the accounting and status of each Michigan Enhancement Grant project to the Senate and House Appropriations Committees, the Senate and House Fiscal Agencies, and the State Budget Office. Pursuant to this requirement, attached is the FY 2021 First Quarter Report.

The Michigan Economic Development Corporation (MEDC) serves as the grant administrator for all Michigan Enhancement Grants and does not determine which projects are considered. Instead, each project is specifically identified in appropriation bills.

Each grantee is required to submit a quarterly report to the MSF that provides the status of the project and an accounting of all funds expended by the recipient. Work to finalize grant agreements is in process. No progress reports were requested from the grantees for the period ending December 31, 2020, because most grantees had not yet entered into a formal agreement. The attached report summarizes the application status for each earmark. Project status updates, as self-reported by the grantees, will be included in future quarterly reports.
