

MICHIGAN STRATEGIC FUND

MEMORANDUM

DATE: September 12, 2025

FROM: Quentin L. Messer, Jr., President
Michigan Strategic Fund

SUBJECT: FY 2025 Single Recipient Grants Online Report – Section 222

Section 222 of Public Act 121 of 2024, the FY 2025 Omnibus Budget, requires the department to post in a publicly accessible location on its website a report of any grant program or project funded that is intended for a single recipient organization or unit of local government for a public purpose. The report must list the grant recipient, project purpose, location of the project, status of the funds allocated and disbursed under the grant agreement, and the legislative sponsor(s).

Pursuant to this requirement, please find attached a list of FY 2025 grants intended for a single recipient organization or unit of local government for a public purpose.

The Michigan Economic Development Corporation (MEDC) serves as the grant administrator for these grants and does not determine which projects are considered. If you have any questions, please contact the MEDC Office of Legislative Affairs at medcgovrelations@michigan.org.

Michigan Economic Development Corporation
Public Act 121 of 2024, Section 222
FY 2025 Single Recipient Grants

Agency	Boilerplate Section	Grant Title	Amount Allocated/Appropriated	Grant Recipient	Project Purpose	Location	Amount Disbursed as of 9/2/2025	Sponsor
MSF	1029	Michigan's High-Tech Talent Initiative	\$2,000,000.00	Detroit Regional Chamber Foundation	To enhance economic prosperity through key programming focused on increasing the talent pipeline through exposure and experiential learning; attracting and retaining talent on a regional level; and promoting careers in automotive and mobility related fields.	Wayne County	\$500,000.00	Rep. Morgan
MSF	1011	Downtown Development	\$150,000.00	Charter Township of Redford	This funding will enable the Redford DDA to: Enhance Aesthetics and Infrastructure: Focus on improving the visual appeal and functionality of the shopping environment within the DDA District through streetscape enhancements, lighting improvements, pedestrian-friendly walkways, landscaping, and public amenities. Support Local Businesses: Assist merchants by organizing events, offering business workshops, and providing resources to help local businesses thrive in a competitive market. Combat Blight: Undertake initiatives to eliminate blight in the district, which will attract new businesses, increase property values, and create a more inviting atmosphere for residents and visitors. Promote Economic Development: Invest in activities and projects that drive economic growth, including marketing efforts, real estate development, and strategic partnerships that encourage business retention and attraction. Advance the "Re-Envision Redford" Master Plan: Align with the vision established in the Township's recently adopted master plan, which seeks to create a vibrant, walkable downtown that serves as a hub for community engagement and economic activity. This includes a focus on mixed-use developments, active transportation options, and spaces that foster a sense of community. Through these efforts, the Redford Township DDA strives to create a thriving downtown district that enhances the quality of life for residents, attracts visitors, and positions the Township for long-term economic success.	Wayne County	-	Sen. Cavanagh, Rep. Young, and Rep. Pohutsky
MSF	1001	Agricultural Tourism Hub Redevelopment	\$2,000,000.00	Fife Lake Township	Fife Lake Township will acquire of the administration, building, water, and wastewater systems at the former Pugsley Correctional Facility and will address critical infrastructure needs of the community. This expansion will alleviate space constraints, improve service delivery, allow for better management of utilities, and secure compliant election infrastructure, laying the groundwork to create an agricultural tourism hub as an economic driver for the community. Through public-private partnerships, the township will ensure the long-term success and growth of the facility as an agricultural tourism hub. These partnerships will drive economic opportunities and job creation, create positive impact for the businesses affected by the closure of the prison, and ensure the long-term sustainability of the facility while promoting environmental stewardship.	Grand Traverse County	-	Rep. Roth
MSF	1002	Auto Show Public Safety	\$225,000.00	Detroit Auto Dealers Association	The grant will be used to help support and offset public safety, parking, facility rental, and other governmental related expenses and costs related to the auto show. The Auto show runs from January 10th through January 20th, 2025 and showcases Michigan's leadership in the automotive industry and highlights economic development and educational opportunities in the industry.	Wayne County	\$225,000.00	Rep. Snyder
MSF	1003	Brownstown Municipal Infrastructure	\$1,500,000.00	Charter Township of Brownstown	Funds will be utilized for the purpose of design, architectural services, engineering, construction management, construction, and other related goods and services to support the renovation of Brownstown Township Hall.	Wayne County	\$375,000.00	Sen. Camilleri
MSF	1004	Center for Social Enterprise Development	\$1,000,000.00	SBAM Foundation	The purpose of this project is to support the establishment and sustainable growth of social enterprises to provide marginalized Michigan residents employment opportunities, with an emphasis on people with disabilities. This will be done by creating innovative pathways to entrepreneurship and workforce integration. The establishment of the Center for Social Enterprise Development, convened collaboratively between the Small Business Association of Michigan and Incompass Michigan will be focused on employment-related social enterprises as a means to drive sustainable change in the employment landscape for people underrepresented in the workforce. The Center will 1) provide grants for technical assistance and professional development, 2) connect social enterprises with available resources and relevant networks and 3) research and disseminate best-practices for social enterprise establishment and growth. The execution of this work will create a community of social enterprise businesses that will feature peer to peer learning and connections, advancing the further development of Social Enterprises in Michigan.	Ingham County	\$250,000.00	Sen. Cavanagh
MSF	1005	Chinatown Development	\$1,000,000.00	Midtown Detroit Inc.	The project will be for street improvements, infrastructure, construction of Peterboro Street as part of the Historic Chinatown Detroit project. This initiative is an exciting and unique opportunity to revitalize a Signiant area, and we are eager to collaborate with the State of Michigan, the community, and other key stakeholders to bring this vision to life.	Wayne County	\$1,000,000.00	Sen. Chang
Total:		7	\$7,875,000.00		\$2,350,000.00			
1053(a) Infrastructure Grants								
MSF	1	Seawall Project (GP Shores)	\$1,000,000.00	City of Grosse Pointe Farms		Wayne County	-	Sen. Hertel
MSF	2	City of New Baltimore (Breakwall project)	\$2,000,000.00	The City of New Baltimore	The public purpose of this project is to create a safe harbor for park-goers and recreational boaters at Walter and Mary Burke Park in New Baltimore. The addition of break walls at Walter & Mary Burke Park will allow boaters to safely access downtown New Baltimore from Lake St. Clair by reducing the impacts of wave energy experienced at the site that currently makes docking properly difficult for boaters during adverse conditions. This effort will also reduce the impacts of erosion along the shoreline and at New Baltimore's public bean while simultaneously protecting the City's critical infrastructure at the water treatment plant. This would create the only safe harbor freely available for public use in Anchor Bay with other public amenities like a beak, park and provide walking access to the City's downtown hub.	Macomb County	\$500,000.00	Sen. Hertel
MSF	3	City of Ypsilanti (Community infrastructure projects)	\$3,000,000.00	City of Ypsilanti	Grant funds will be used to reconstruct the public parking lot abutting both a park and business district in the city, to address both functionality and safety issues. Budget constraints facing the City of Ypsilanti have led to the deterioration of both the Frog Island Parking Lot and the DPW Yard.	Washtenaw County	\$750,000.00	Sen. Irwin
MSF	4	Bay City (Bridge cost reimbursement)	\$1,600,000.00	City of Bay City	Grant will be used to reimburse the City of Bay City for much of the local match requirements of the Lafayette Bridge (a State-owned bridge) Replacement/Reconstruction Project. This will replace the local and Act 51 revenues the City would have otherwise had to dedicate to this project. This will enable the City to utilize these dollars for other City road projects.	Bay County	-	Sen. McDonald-Rivet
MSF	5	Clawson (Water infrastructure)	\$1,000,000.00		Per the State Budget Office, this grant will not be moving forward.		-	

Michigan Economic Development Corporation
Public Act 121 of 2024, Section 222
FY 2025 Single Recipient Grants

Agency	Boilerplate Section	Grant Title	Amount Allocated/Appropriated	Grant Recipient	Project Purpose	Location	Amount Disbursed as of 9/2/2025	Sponsor
MSF	6	Oak Park (Water and road infrastructure)	\$2,000,000.00	City of Oak Park	This project includes the full replacement of water main on Sussex Ave from Nine Mile to Rosemary and replacement of the water main crossings on Nine Mile Rd at Avon, Radclift, Wildwood, Marlow, Sussex, Church, Gardner, and Cloverlawn. The water mains will be installed according to AWWA standards, except where we may request variances due to existing conditions. According to our records, in the past fifteen years, we have experienced eight water main breaks on Sussex in this area and seven water main breaks on Nine Mile. Repairing these breaks required emergency water shut offs to several hundred people each time a break was repaired. Many water main breaks are also repaired outside of regular working hours, so the people repairing the water main were paid for overtime work. New, correctly installed and inspected water mains are not expected to break nearly as often as our sixty to seventy year old water mains that make up a large amount of Oak Park drinking water infrastructure. New water mains can be expected to have an estimated useful life of fifty years or more. This will have a direct impact on our residents, as the water shut-offs that coincide with water main breaks cause large disruptions and limited access to water to residents and businesses. Everyone needs access to safe drinking water in order to live well. New drinking water infrastructure benefits everyone in the immediate area as well as the people that they know outside the immediate area. Water main breaks are stressful for the workers who repair the mains as well as the people and businesses experiencing emergency water shut offs for an indeterminate amount of time. Water main breaks endanger the water quality throughout Oak Park, so replacing aging water infrastructure positively impacts the entire distribution system. The Nine Mile Road Rehabilitation project includes milling the existing asphalt overlay, completing some repairs on the underlying concrete, and replacing the overlay and restriping. If funds are available, improvements to non-motorized facilities may be considered as part of this project. We have a Nine Mile corridor improvement plan for non-motorized road users as part of a regional plan for Nine Mile. We don't have the funds to complete those improvements as part of this project. Nine Mile is a major commercial and residential corridor in Oak Park. Nine Mile should be safe and available for all road users. A new asphalt overlay will improve safety and drivability on Nine Mile. Furthermore, the non-motorized improvements will help us in carrying out the work we have already completed on the eastern portion of Nine Mile, and that are recommended in the Nine Mile Corridor Plan report that was created in partnership with the cities of Hazel Park, Ferndale, Southfield, Farmington and Farmington Hills, and Oakland County. This plan's goal is to provide 18miles of non-motorized facilities through South Oakland County, interconnecting six vibrant communities and transforming the corridor into a consistently accessible pathway for bicycles, scooters, foot travel and assistive mobility devices, fostering the area's wellbeing, environmental preservation, active transportation culture and overall economic development.	Oakland County	\$862,315.00	Sen. McMorrow and Rep. Weiss
MSF	7	Garden City (Sidewalk improvements)	\$2,500,000.00	City of Garden City	The goal is to have a fully walkable City with a complete grid of sidewalks to enhance the livability of the community. Additionally, these sidewalks will be designed to meet ADA requirements so that the all people will be safe on a sidewalk and not in the street. The Sidewalk GAP Program in the City of Garden City will be to provide public sidewalks in the City where there are gaps between properties; identify houses where here is not a sidewalk and install the "gap" to connect to the next property with a sidewalk; will conduct a study and prioritize the most important areas and begin in those areas; restore the private and public property disturbed by the sidewalk installation; will connect sidewalks with streets at intersections and make ADA upgrades to these access points; identify and install sidewalks to provide safe routes to schools for all children attending schools in the City; and create a safe surface without trip hazards.	Wayne County	\$625,000.00	Sen. Polehanki
MSF	8	Brooklyn (School routes)	\$450,000.00		Per the State Budget Office, this grant will not be moving forward.		-	
MSF	9	CATA (Facility improvements)	\$5,000,000.00	Capital Area Transportation Authority (CATA)	As a public authority, CATA will use these funds to address capacity issues for administrative staff at its existing South Lansing headquarters facility. As demand for public transportation and ridership has expanded in recent years, CATA's administrative staffing needs exceeds the facility's capacity. Additionally, CATA's Board of Directors and executive leadership are aware that the current headquarters location are inaccessible by the public, especially those who don't have other viable means of transportation, primarily comprising seniors, people with disabilities and the underemployed/unemployed. In alignment with its strategic goal to achieve regional mobility through public-private partnerships, CATA requires a development that provides its riders and the public with direct access to its primary transit hub, its Customer Experience team and public-facing executives and employees, and community resources that seamlessly integrate within the existing infrastructure — with an emphasis on support for our region's most marginalized and underserved populations. CATA's proposed facility would bring the following benefits to the region: <ul style="list-style-type: none">• Make community resources and social services more equitably accessible among target populations• Remove transportation barriers, thereby addressing staffing shortages among area employers• Create jobs and job access; attract skilled talent to downtown Lansing offices and businesses• Redevelop underutilized land by employing sustainable and urban design best practices• Co-locate complementary transit-oriented design land uses and services• Involve community partners to identify shared community goals• Create access to social, employment, job-training, and health care resources	Ingham County	\$1,321,179.00	Sen. Anthony and Rep. Witwer
MSF	10	Invest Detroit (Senior housing)	\$2,000,000.00	Invest Detroit Foundation	The Kamper and Stevens Buildings provide much needed housing for seniors in downtown Detroit, a district that has seen a considerable influx of market-rate housing over the last decade, which has in turn put affordable housing options at risk. Invest Detroit, in partnership with the Roxbury Group, undertook a \$20 million recapitalization and renovation of the properties in 2018, and in connection with that project committed to maintain the units as senior, affordable for fifty years (at 60% AMI). While the is renovation accomplished numerous much needed improvements to the properties, the overall financing left the project short of the necessary funds to undertake a complete overhaul of the elevators, and certain related electrical upgrades, all of which are well past their useful life.	Wayne County	\$1,959,658.02	Sen. Chang
MSF	11	Taylor/Wayne County (Community infrastructure)	\$5,000,000.00	City of Taylor	This award is for the City of Taylor's community infrastructure upgrades.	Wayne County	\$1,250,000.00	Sen. Geiss

Michigan Economic Development Corporation
Public Act 121 of 2024, Section 222
FY 2025 Single Recipient Grants

Agency	Boilerplate Section	Grant Title	Amount Allocated/Appropriated	Grant Recipient	Project Purpose	Location	Amount Disbursed as of 9/2/2025	Sponsor
MSF	12	Kalamazoo County (Tornado relief)	\$2,000,000.00	County of Kalamazoo	The May 7, 2024, tornado that struck the southern portion of Kalamazoo County caused significant destruction to public infrastructure, homes, businesses, and essential services. The proposed project aims to address critical recovery needs, including the restoration of essential public services, infrastructure repairs, housing recovery, and community resiliency measures. The primary purpose of this project is to ensure the safety, well-being, and economic recovery of Kalamazoo County residents and businesses affected by the disaster. This project will focus on: -Restoring and improving infrastructure critical to public health and safety (such as roads, water systems, and emergency response facilities). -Providing housing assistance to displaced residents. -Ensuring community resilience by reinforcing infrastructure to better withstand future disasters. -Supporting economic recovery by restoring damaged commercial areas and facilitating small business recovery. In addition to basic recovery efforts, this project includes a component of long-term mitigation planning. By rebuilding with more resilient materials and modern designs, the County aims to reduce the impact of future storms. This includes upgrades to stormwater systems, reinforced public facilities, and improved communication and coordination protocols among emergency responders. Furthermore, the project also involves community engagement and education efforts to help residents better prepare for and respond to future natural disasters, making this recovery effort a comprehensive solution to both immediate and future needs. This project will serve as a model of resilience and preparedness for the entire region, demonstrating how local government can respond quickly to disaster while also planning for future risk mitigation.	Kalamazoo County	\$1,594,350.00	Sen. McCann
MSF	13	Lathrup Village (Community infrastructure)	\$2,000,000.00	City of Lathrup Village	Southfield Road Water Main Replacement Project includes replacing ~6,000 linear feet of water main, which was originally installed between 1926 and 1928, to improve water flow and reliability throughout the city's northern half, which services approximately 1,200 residential homes and 50 businesses. The project will significantly increase fire protection and fire flow rates due to the increased pipe size and elimination of the undersized, tuberculation-filled cast iron water mains. Over 12 water main breaks have occurred, and the replacement will also reduce future maintenance costs for repair and loss of business operations.	Oakland County	\$500,000.00	Sen. Moss and Rep. Hoskins
MSF	14	Warrendale Business Association (Corridor improvements)	\$2,500,000.00	The Elle Foundation (D/B/A Warren Ave. Business Authority)	Improve business and business infrastructure development and upgrades for the Warrendale neighborhood and business corridor.	Wayne County	-	Sen. Santana
MSF	15	MI Association of Municipal Clerks	\$1,035,000.00	Michigan Association of Municipal Clerks (MAMC)	Infrastructure projects to provide precinct accessibility grants to local municipal clerks. The funding will support local municipal clerks in ensuring that voting precincts meet the requirements of the Americans with Disabilities Act (ADA). Although this funding won't fully cover all the needs, it serves as a strong starting point.	Ingham County	\$258,750.00	Sen. Anthony
MSF	16	BWL Steam Conversion Project	\$5,000,000.00	Lansing Board of Water & Light	The purpose of this project is to replace Lansing Board of Water & Light (BWL)'s aging steam system with a more efficient and reliable hot water system. This project will take place over many phases. It will provide customers who receive steam heat with hot water to heat their buildings in the winter. The first phase will focus on planning and design for some key downtown Lansing customers.	Ingham County	\$1,250,000.00	Sen. Anthony, Rep. Witwer, and Rep. Dievendorf
MSF	17	Eaton County Bank Intercounty Drain Project	\$5,000,000.00	Eaton County	Support the costs of the Bank Intercounty Drain project in Eaton County.	Eaton County	\$1,250,000.00	Sen. Anthony and Rep. Witwer
MSF	18	Frankenmuth Youth Sports Complex	\$10,000,000.00	Frankenmuth Downtown Development Authority (DDA)	The Frankenmuth DDA plans to disburse funds to the Frankenmuth Growth & Development Foundation (formerly Frankenmuth Chamber Foundation) for the purposes of developing a nonprofit facility that will host year-round sporting events and tournaments for a minimum of 3 sports, including basketball, volleyball, pickleball and more. A committee (Frankenmuth Area Sports & Tourism Alliance) of the Frankenmuth Growth & Development Foundation will be the governing body for this new tourism development project.	Saginaw County	\$2,500,000.00	Rep. O'Neal, Sen. McDonald-Rivet, and Sen. Daley
MSF	19	Detroit Zoo Infrastructure	\$7,000,000.00	Detroit Zoological Society	Detroit Zoological Society (DZS) requested State funding to continue urgent water infrastructure improvements at the Detroit Zoo's 95-year-old main campus. The DZS is a critical asset for our state, driving recreation and tourism with nearly 1.2 million visitors and \$168 million in economic impact expected this year alone. The DZS needs this investment to replace aging infrastructure for storm water, sanitary and municipal water supplies. The DZS has conducted extensive analysis exposing antiquated infrastructure that poses a significant risk to structures and animal habitats.	Wayne County	\$3,541,863.00	Rep. Steckloff, Sen. McMorrow, Rep. Price, Sen. Chang, Rep. Weiss, Sen. Cavanagh, Rep. Scott, Sen. Moss, Rep. McFall, Rep. Breen, Rep. B. Carter, Rep. MacDonell, and Rep. Hoskins
MSF	20	Bonstelle Theatre Detroit	\$5,000,000.00	Invest Detroit Foundation	The Bonstelle Playhouse will provide a much needed non-profit venue for the hosting of community gatherings and performances in the greater downtown. Its ability to host a sit-down event for up to 300 people as well as a performance for up to 1,200 spectators fills a particularly unmet demand within the city's core, with excellent proximity to the Detroit Medical Center, Wayne State University as well as the balance of Detroit's larger entertainment district In addition, the project will ensure the complete restoration of one of Detroit's oldest and most under-appreciated historic properties.	Wayne County	\$4,024,760.04	Sen. Chang
MSF	21	Wyoming Non-Motorized Trail	\$3,000,000.00	City of Wyoming	This award is for the City of Wyoming's non-motorized trail. The award will fund improvements to the trails on 52nd and 56th Streets.	Kent County	\$750,000.00	Rep. Fitzgerald and Sen. Brinks
MSF	22	Washtenaw Huron Waterloo Pathways Border-to-Border Trail	\$3,000,000.00	Huron Waterloo Pathways Initiative	This award is for the Washtenaw County-wide Border to Border Trail (B2B Trail) - which we work to develop with our primary public partner, the Washtenaw County Parks and Recreation Commission (WCPARC). When complete, the 45-mile B2B Trail will traverse the entire county, from the Washtenaw-Wayne border in the east to the Washtenaw-Jackson border in the west - crossing 4 cities, 2 major universities, 2 major hospital systems, multiple nature areas, 3 metroparks, and more, with over half of the trail running next to the Huron River. Beyond Washtenaw County, the B2B Trail connects directly into the Van Buren Township segment of the Iron Belle Trail in Wayne County to the east (which further connects to the Lower Huron Metropark series of trails) and through Jackson and Ingham Counties to the west, connecting to the Lakelands Trail. HWPI is actively funding much of the Van Buren Trail, as is heavily involved in the planning and eventual funding for the Lakelands connection. Just over 6 miles remain for the trail to be fully connected and complete across the county, but the final miles represent the most challenging and expensive segments of the whole project. This funding, and additional funding to come, will support our remaining major segments - 3 projects along the Huron River between Ann Arbor and Dexter (comprising about 3 miles of trail, 3 bridges over the Huron River, and boardwalk); 2 projects along the Dexter to Chelsea corridor (comprising about 2 miles, including a bridge over Mill Creek); and one project from where the trail currently ends at Boyce Rd along M-52 to the Washtenaw-Jackson County line (about 1.5 miles).	Washtenaw County	\$2,443,131.00	Rep. Conlin and Sen. Shink
MSF	23	Canton Township Summit Renovation	\$2,500,000.00	Canton Township	This project is for the improvement of a community recreation facility.	Wayne County	\$625,000.00	Rep. Puri

Michigan Economic Development Corporation
Public Act 121 of 2024, Section 222
FY 2025 Single Recipient Grants

Agency	Boilerplate Section	Grant Title	Amount Allocated/Appropriated	Grant Recipient	Project Purpose	Location	Amount Disbursed as of 9/2/2025	Sponsor
MSF	24	City of Hamtramck Public Works	\$2,000,000.00	City of Hamtramck	These funds will be used to develop a new facility for various services of the City of Hamtramck including public safety, public works, and parks and recreation. It will house office space, training space, storage, equipment and maintenance with the objective of centralizing and modernizing operations and maximizing efficiency.	Wayne County	\$500,000.00	Rep. Aiyash
MSF	25	Hamtramck Negro League Field/Veterans Park	\$2,000,000.00	City of Hamtramck	These funds will be used to reconstruct and improve the parking lots and infrastructure of the City of Hamtramck’s Historic Hamtramck Stadium – the Negro League baseball stadium.	Wayne County	\$500,000.00	Rep. Aiyash
Total: 23		(Note: 2 grants did not move forward)		\$76,135,000.00		\$27,006,006.06		
1053(b)		Infrastructure Grants						
MSF	1	Windsor Township Water Hookup to BWL	\$2,000,000.00	Windsor Charter Township	Installation of new water service lines to ensure clean, reliable, and affordable drinking water within a section of Windsor Charter Township.	Eaton County	-	Rep. Witwer and Sen. Anthony
MSF	2	Mount Clemens Riverfront Revitalization	\$2,000,000.00	City of Mount Clemens	In partnership with Macomb County and Oakland University, the City of Mount Clemens is poised to relocate City Hall to the Anton Frankel Center which would allow for the strategic redevelopment of the City owned property on the banks of the Clinton River. The current City Hall would be repurposed into a dynamic new riverfront development center that would better connect the downtown to a core residential area and allow for better access to the Clinton River.	Macomb County	\$500,000.00	Rep. Mentzer and Sen. Hertel
MSF	3	Wyandotte Downriver Arts Center Historic Rehab	\$2,000,000.00	City of Wyandotte	Supporting the renovation and rehabilitation of the historic Wyandotte Arts Center building located at 81 Chestnut Street, Wyandotte.	Wayne County	\$500,000.00	Rep. Churches and Sen. Camilleri
MSF	4	Saginaw Memorial Cup Upgrades	\$1,600,000.00	Saginaw County	The purpose of the funds is the design, construction/installation and signage for an elevator at the Dow Event Center in downtown Saginaw, Michigan. The facility is approaching half a century of usage, as not only the home of the Saginaw Spirit CHL hockey team, but also as the host to countless community events (graduations, school plays/concerts, community organization hosted displays & fundraisers), concerts, shows, artists showcases and many more. Due to its age the facility was not originally designed with an elevator or other ADA/accessibility options. The elevator makes all areas of the arena open and available to patrons with a wide range of mobilities, as well as making the facility more open to a wider range of shows/events to bring community members and visitors to historic downtown Saginaw.	Saginaw County	\$1,264,123.48	Rep. O'Neal and Sen. McDonald-Rivet
MSF	5	Mount Clemens Septic Station Project	\$1,500,000.00	City of Mount Clemens	Mount Clemens is the only place in Macomb County that accepts sewage from septic haulers, vactor trucks etc. All northern communities bring their waste to Mount Clemens. This will help construct a new septic receiving station.	Macomb County	\$1,500,000.00	Rep. Mentzer and Sen. Hertel
MSF	6	Oak Hill Cemetery - Battle Creek	\$1,200,000.00	Oak Hill Cemetery Company	Oak Hill Cemetery is an important landmark in Battle Creek, containing the rich history of the community since its inception in 1844. This grant will allow the Cemetery to do vital restoration work allowing the public better access, preserving this important history and allowing it to continue as an active cemetery for generations to come.	Calhoun County	\$1,167,760.75	Rep. Haadsma
MSF	7	Ironwood Ski Jump - Pine Mountain Ski Jump at Veterans Park	\$1,000,000.00	Kiwanis Ski Club	Supporting the construction and installation of an Americans with Disabilities Act compliant elevator to improve compliance and accessibility of a ski jump.	Dickinson County	\$250,000.00	Sen. McBroom
MSF	8	Oak Valley Park in Pittsfield Township	\$1,000,000.00	Pittsfield Charter Township	In 2018, Pittsfield Township acquired an approximately four -acre parcel at the corner of Oak Valley Road and Waters Road in Pittsfield Charter Township (Pittsfield), referred to as the "Waters/Oak Valley Park", through the Michigan Department of Natural Resources MDNR) Trust Fund Acquisition Grant. The proposed public park will include trails, recreational facilities (pickleball courts, sand volleyball, playscapes), and wildlife viewing of the woodland and wetland areas of the property. The proposed project will incorporate the desires of its residents, integrate environmentally friendly features into the design, minimize the impact of on-site natural features, and create an enjoyable experience for all park users, while providing direct linkages to nearby existing mixed used and residential developments.	Washtenaw County	\$834,589.02	Rep. Brabec
MSF	9	Oak Park Community/Recreation Center	\$1,000,000.00	City of Oak Park	This will support a new community center for the city of Oak Park	Oakland County	\$250,000.00	Sen. McMorrow and Rep. Weiss
MSF	10	Judson Center Royal Oak Campus Renovations	\$1,000,000.00	Judson Center	The Judson Center Royal Oak Renovation Project is a transformative initiative to renovate and modernize the Royal Oak Campus at 13 Mile and Greenfield, ensuring it meets the evolving needs of the community while expanding its capacity to provide critical services. This comprehensive renovation will enhance facilities for autism, behavioral health, adoption, and foster care services by creating larger, safer spaces designed for optimal care delivery. Unique entrances will be incorporated to ensure privacy for individuals and families, while flexible spaces will accommodate program growth and innovation. A key feature of the project will be the creation of an integrated health clinic, fostering holistic care and promoting improved outcomes for those we serve.	Oakland County	\$250,000.00	Rep. Price
MSF	11	Dickinson County Road Replacement: County 573 Road	\$1,000,000.00	Dickinson County Road Commission	This project will improve the driving, walking and bike riding conditions on County Road 573. The project will comprise of a 4.59 miles of a rubberized overlay that goes from US2 to the City of Norway city limits.	Dickinson County	\$1,000,000.00	Rep. Hill
MSF	12	Detroit Parks Coalition Infrastructure and Accessibility	\$1,000,000.00	Detroit Parks Coalition	Improve infrastructure and accessibility improvements to Detroit’s Parks.	Wayne County	\$250,000.00	Rep. Young and Rep. McKinney
MSF	13	City of Detroit Public Parks and Greenway Infrastructure	\$1,000,000.00	City of Detroit	The Joe Louis Greenway is a 29-mile cycling and pedestrian path that travels through 23 neighborhoods in the City of Detroit, as well as the neighboring communities of Dearborn, Hamtramck, and Highland Park. It consists of a combination of shared-use paths, bike lanes, landscaping, lighting, wayfinding and other amenities.	Wayne County	\$250,000.00	Rep. Scott
MSF	14	Wayne Port Authority	\$1,000,000.00	Detroit/Wayne County Port Authority	The funds will be used for the planning and development of a public port facility.	Wayne County	\$250,000.00	Rep. McKinney
MSF	15	Grand Rapids Ford Airport Control Tower Local Match	\$2,000,000.00	Gerald R. Ford International Airport Authority	The purpose of the project is to support construction of a new Air Traffic Control Tower (ATCT) at the Gerald R. Ford International Airport (GRR). The current ATCT is outdated, does not meet current code requirements, and is located so that it is inhibiting future airport development due to line-of-sight restrictions. A new ATCT located on the east side of the airfield will allow for continued development that will aid GRR in continuing to serve and meet the needs of the growing West Michigan community. This grant will fund enabling work for the construction of the new ATCT.	Kent County	\$500,000.00	Rep. Skaggs and Sen. Brinks
MSF	16	West Bloomfield Township Greer Road Bridge Replacement	\$800,000.00	Cass Lakeside Community Association	The Greer Road Bridge at Rosedale Drive is a bridge in West Bloomfield Township maintained by the Cass Lakeside Community Association that services 238 homes. The bridge is no longer safe for the public to use without concern. The bridge does not meet the 2015 fire code requirement for fire trucks, and West Bloomfield Township has indicated they may be forced to cease emergency services to the neighborhood because the bridge is no longer load rated to support even the smallest fire truck. Other bridges in the neighborhood need maintenance work, and the construction equipment necessary to carry out those repairs cannot enter the neighborhood over the poorly-rated bridge, delaying future infrastructure work. Repair of the bridge will improve the safety of residents, visitors, construction workers, and first responders entering and exiting the neighborhood in northern West Bloomfield, and extend the bridge's lifespan significantly.	Oakland County	\$400,000.00	Rep. Arbit and Sen. Bayer

Michigan Economic Development Corporation
Public Act 121 of 2024, Section 222
FY 2025 Single Recipient Grants

Agency	Boilerplate Section	Grant Title	Amount Allocated/Appropriated	Grant Recipient	Project Purpose	Location	Amount Disbursed as of 9/2/2025	Sponsor
MSF	17	Waterford Township Senior Center	\$500,000.00	Waterford Township	The Waterford School District provided senior services in an old elementary school for Waterford Township. All the costs were covered by the School District. The School District no longer wants to provide these services, because they want to focus on early childhood development. Over 25% of Waterford's population is 60 years old, and the seniors are vital in the community. Waterford Township wants to continue providing senior services, including Meals on Wheels, however, it will cost \$1,190,374.00 which the Township cannot afford without assistance. The grant of \$500,000 will help pay for five full-time and two part-time employees, building and maintenance costs, recreation costs, contracted services, and information technology costs that the Township will start paying in 2025.	Oakland County	\$265,627.00	Rep. Carter
MSF	18	Wayne County School Infrastructure	\$500,000.00	County of Wayne, Michigan	The public purpose for this project is to improve facility access protection to meet safety and security concerns and requirements by adding secured and controlled entrance access to the premises for the children, staff, and public utilizing the school.	Wayne County	\$125,000.00	Rep. Farhat and Rep. Byrnes
MSF	19	Public WiFi in Greektown Area Detroit	\$300,000.00	Greektown Neighborhood Partnership	The grant will directly support technology to enhance public safety and connectivity in the commercial and entertainment district of Greektown Detroit.	Wayne County	\$75,000.00	Rep. Snyder
MSF	20	Innovate Albion Elevator Installation	\$250,000.00	Innovate Albion	The public purpose of this project is to make this STEM Facility fully ADA accessible so that all families and children can attend events, classes, competitions, and programs on any floor throughout the building. This appropriation will fund the construction of an elevator so that all three floors are fully accessible, ensuring that INNOVATE Albion, which serves thousands of students and families each year is fully accessible.	Calhoun County	\$62,500.00	Rep. Haadsma
MSF	21	Buena Vista Township Administrative Offices	\$1,000,000.00	Buena Vista Charter Township	Due to the floorplan of the current Township building located at 1160 S. Outer Drive. Saginaw, MI, there was no way to sufficiently space the staff in a way that provided safe and fair working conditions. While many relied on the ability to work from home, unfortunately as a local municipal office that was not an option. Due to the space constraints and the current status of the aging location, the Township Trustees and Superintendent have decided that it is best to relocate the office. The selected site that was deemed the best site for the new location is the former Buena Vista High School.	Saginaw County	\$892,427.00	Sen. McDonald-Rivet and Rep. O'Neal
MSF	22	Bridgman City Hall Rehabilitation	\$150,000.00	City of Bridgman	The Bridgman City Hall Renovation Project will extend the serviceable life of Bridgman's local government offices, police department, and fire department by at least twenty years. The project includes a new roof, spot water damage repair and new siding.	Berrien County	\$37,500.00	Rep. Andrews
MSF	23	City of Benton Harbor DDA - State Street Theatre Study	\$30,000.00	Benton Harbor Downtown Development Authority (DDA)	This project consists an engineering assessment, feasibility, and pre-design work to plan for the reconstruction and restoration and renovation of the Benton Harbor State Theater. and Annex for the creation of a publicly owned not for profit performing arts and movie theater complex. The buildings comprising the theater complex are located in the heart of the Downtown District and they have been disused and blighted for nearly two decades. The lack of business activity and investment have added to the loss of revenue to the city by inhibiting the redevelopment of the nearby buildings and attracting the foot traffic needed to build a successful traditional downtown.	Berrien County	\$7,500.00	Rep. Andrews
MSF	24	Sumpter Township Park Improvements	\$25,000.00	Sumpter Township	The full Special Grant will be utilized for Banotai & Graham Parks improvements to features and grounds. This will include recreational feature enhancements, development and playscapes.	Wayne County	\$6,250.00	Rep. Miller
MSF	25	Hamburg Township Museum	\$20,000.00	Hamburg Township Historical Society	The Hamburg Township Historical Society and Museum will use this grant to modernize the infrastructure of the historic building housing the museum and expand exhibit options. A strategic step in successfully continuing our mission requires the following upgrades: 1)Modification of existing track lighting to energy-conscious and environmentally friendly technology, add electrical access for proposed interactive kiosk station, and ensure that these improvements allow for future, easy-access installations. 2)Creation and installation of acrylic display frames to reduce dead space and provide eye-catching, easily visible information 3) Purchase and installation of a kiosk for interactive displays.	Livingston County	\$10,000.00	Rep. Conlin
MSF	26	Scio Township Road Improvements	\$1,000,000.00				-	Rep. Rheingans
Total:	26	\$24,875,000.00						\$10,648,277.25
1030 Minority-Owned Business Support								
MSF	1030(5)b	Lansing Area Economic Partnership	\$500,000.00	Lansing Economic Area Partnership	LEAP's Department of Equitable Economic Planning (DEEP) consist of programs and initiatives that unlocks the full potential of the local economy by dismantling barriers and expanding opportunities for low-income people and communities of color.
