SECTION I STATEMENT OF WORK

A. PURPOSE

The MEDC is seeking proposals from one or more bidders to provide assistance in establishing regional International Landing Zone sites within Michigan, for the purpose of providing tenant-ready locations, programs, and resources for the purpose of attracting international defense and aerospace companies into the State of Michigan.

The MEDC reserves the right to award all or any part of this RFP and, based on what is in the best interest of the MEDC. The MEDC will select the successful Bidder after considering the price, value and quality of the bids.

B. BACKGROUND STATEMENT AND OBJECTIVES:

ODAI's mission is to catalyze growth across Michigan's defense and aerospace sectors by advancing industrial capacity, innovation, and research. Its strategy is organized around three core lines of effort (LOE):

- LOE 1: Foster Business Growth: Drive attraction and retention of high-impact companies and projects.
- LOE 2: Amplify Michigan's Unique Advantages: Integrate, activate and expand the state's unique capabilities, assets and resources.
- LOE 3: Set Conditions to Advance Innovation: Increase the state's capacity to accelerate applied R&D, innovation, and technology commercialization.

As a part of this mission, the International Landing Zone program is an initiative that aligns with LOE 1 as the goal of the International Landing Zone program is to drive business attraction of high-impact, international companies into the State of Michigan. An International Landing Zone site is a location where an internationally based defense and/or aerospace business may obtain a temporary, short-term (up to six (6) months) operating office for the purposes of exploring market fit within Michigan enabling connectivity with key defense and aerospace stakeholders and the broader ecosystem within Michigan. This arrangement supports a given internationally based company's ability to unlock business development support resources within the State and further supports a given company's ability to develop a more informed business plan, model, and decision regarding additional operations establishment and growth within Michigan.

It is the MEDC/ODAI's intent to identify and make one or more grant awards to LEDO(s) that will be able to develop and execute programming focused on establishing and operating International Landing Zone site(s) within Michigan.

- 1) Term of Work – It is estimated that the activities in the proposed Contract will cover the period of August 1, 2026, through August 1, 2027. The MEDC, in its sole discretion, may extend the Term and allocate additional resources, subject to available funding.

The MEDC may immediately terminate the Contract upon written notice to Contractor if Contractor materially breaches its obligations under the Contract or engages in any conduct which the MEDC, in its sole discretion, determines has or could have an adverse impact on the State of Michigan’s or the MEDC’s reputation or interests. In addition, the MEDC may immediately terminate the Contract upon written notice to Contractor, without further liability to the MEDC or the State, its departments, agencies, and employees, if Contractor, an officer of Contractor, or an owner of a 25% or greater share of Contractor is convicted of a criminal offense relating to a State, public, or private contract or subcontract; or convicted of a criminal offense including, but not limited to, any of the following: embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, attempting to influence a public employee to breach the ethical conduct standards for State employees; convicted under state or federal antitrust statutes; or convicted of any other criminal offense that, in the sole discretion of the MEDC, reflects on Bidder’s business integrity.

In the event of immediate termination of funding, the MEDC will make payment through the effective date of termination for any undisputed services rendered and expenses incurred.

The MEDC shall have no obligation to Contractor for any fees or other payments incurred in connection with the Contract after the effective date of termination. Upon termination, all work product prepared or produced by Contractor pursuant to the Contract shall be immediately delivered to the MEDC. Confidential Information does not include:

(i) information obtained by Contractor from third party sources;

8) State of Michigan Competitors – Any information or knowledge Contractor gains during the course of the Contract concerning the economic development efforts of the State of Michigan or the MEDC or the business conditions or business community in Michigan shall not be disclosed to any public or private party, sovereign authority or foreign government, during the Term and for a period of two (2) years after the later of the end of the Contract, the effective date of termination of the Contract or so long as any information remains confidential pursuant to any contract, law, treaty, resolution or other enforceable promise.

9) Indemnification and Liability Insurance – Contractor shall indemnify, defend, and hold

harmless the MEDC, its Executive Committee, its Corporate Board of Directors, and its employees (the "Indemnified Parties") from any and all liability arising out of or in any way related to Contractor's performance under the Contract, including any liability resulting from any acts of Contractor's employees or agents.

Contractor shall purchase and maintain such insurance to protect the Indemnified Parties from claims that might arise out of or as a result of Contractor's operations. Contractor will provide and maintain its own errors and omissions liability insurance for Contractor's indemnification obligation under the Contract. The insurance shall be written for not less than One Million Dollars (\$1,000,000) of coverage, but Contractor's indemnification obligation is not limited to this amount.

- 10) Assignment/Transfer/Subcontracting – Contractor shall not assign, transfer, convey, subcontract, or otherwise dispose of any duties or rights under the Contract without the prior specific written consent of the MEDC. Contractor agrees that any of Contractor's future successors or subcontractors will be bound by the provisions of the Contract, unless the MEDC otherwise agrees in a specific written consent. The MEDC reserves the right to approve any subcontractors for the Contract and to require the Contractor to replace subcontractors that the MEDC finds to be unacceptable.
- 11) Non-Discrimination and Unfair Labor Practices - In connection with the Contract, Contractor shall comply with the Elliott-Larsen Civil Rights Act, 1976 PA 453, MCL 37.2101 et seq., the Persons with Disabilities Civil Rights Act, 1976 PA 220, MCL 37.1101 et seq., and all other federal, state and local fair employment practices and equal opportunity laws and covenants that it shall not discriminate against any employee or applicant for employment with respect to his or her hire, tenure, terms, conditions, privileges of employment, or any matter directly or indirectly related to employment because of his or her race, religion, color, national origin, age, gender, height, weight, marital status, or physical or mental disability unrelated to the individual's ability to perform the duties of a particular job or position. Contractor further agrees that every subcontract entered into in connection with the Contract will contain a provision requiring nondiscrimination in employment, as required in the Contract, binding upon each subcontractor.

Pursuant to 1980 PA 278, State Contracts with Certain Employees Prohibited Act (the "Act"), MCL 423.321 et seq., the State shall not award a contract or subcontract to an employer whose name appears in the current register of employers failing to correct an unfair labor practice compiled by the United States National Labor Relations Board. Contractor, in relation to the Contract, shall not enter into a contract with a subcontractor, manufacturer, or supplier whose name appears on this register. Pursuant to section 4 of the Act, the MEDC may void this Agreement if, after the starting date of the Agreement, the name of the Contractor as an employer or the name of the subcontractor, manufacturer or supplier of Contractor appears on the register. A breach of this requirement constitutes a material breach of the Contract.

- 12) Jurisdiction - The laws of the State of Michigan shall govern the Contract. The Parties shall make a good faith effort to resolve any controversies that arise regarding the Agreement. If a controversy cannot be resolved, the Parties agree that any legal actions concerning the Contract shall be brought in the Ingham County Circuit Court in Ingham County, Michigan, USA. By signing the Contract, Contractor acknowledges that it is subject to the jurisdiction of this court and agrees to service by first class or express delivery wherever Contractor resides, in or outside of the United States.

B) CONTRACTOR RESPONSIBILITIES

The selected Bidder will be required to assume responsibility for all contractual activities offered in this RFP whether or not the Bidder performs them. Further, the MEDC will consider the selected Bidder to be the sole point of contact with regard to contractual matters, including payment of any and all charges resulting from the Contract.

C) ACCEPTANCE OF PROPOSAL CONTENT

If awarded a Contract, the contents of this RFP will become contractual obligations. The following constitute the complete and exclusive statement of the agreement between the parties as it relates to this transaction:

- 1) This RFP (including subsequent written clarification provided in response to questions raised by email) and any Addenda thereto; and
- 2) Final executed Contract.

In the event of any discrepancies between the above documents, the final executed Contract shall control. Failure of the successful Bidder to accept these obligations may result in cancellation of the award.

D) PROJECT CONTROL AND REPORTS

1) Project Control

- a) The selected Bidder (the "Contractor") will carry out this project under the direction and control of the Business Support Unit of the MEDC.
- b) The MEDC will appoint a Contract Manager for this project. Although there will be continuous liaison with the Contractor team, the Contract Manager will meet with the Contractor's project manager for the purpose of reviewing progress and providing necessary guidance to the Contractor in solving problems which arise.
- c) The Contractor will submit brief written monthly summaries of progress which outline the work accomplished during the reporting period; work to be accomplished during the subsequent reporting period; problems, real or anticipated which should be brought to the attention of the Contract Manager and notification of any significant deviation from previously agreed upon work plans.
