

RFI-Case-357751 Talent Action Team Q&A

Question	Answer
Do you happen to know the estimated funding source or budget for this project? If so, has funding for an RFP been secured?	We will use several sources of funding to support training needs.
Is there a project manager or direct point of contact as this RFI/future bid moves forward?	Denise Graves will be the direct point of contact for the Talent Action Team training providers as the program moves forward.
I understand this is not a solicitation, however, hypothetically is there a timeline for an RFP to be released? If not, what steps are expected to make a decision on releasing an RFP?	We are planning to stand up the first cohorts of TAT training programs on an accelerated timeline, targeting this fall and early 2023. We are evaluating if an RFP will be required. If an RFP is required, we anticipate it will be released in the coming months to support our training timeline. As we plan to use several funding sources to support training needs, we encourage all interested parties to respond to this RFI.
